Finding Author Success-

Deborah Riley-Magnus
2011-11-01 The news is full of stories about the state of the publishing industry. Change is everywhere. Debates abound as to who is responsible: big

publishing houses, online stores or the meteoric rise of ebooks. Publishers, large and small, are leaving the tasks of marketing and promotion up to the author. If you're not already a best selling author, what's a writer to do? They need to do it themselves. The problem is that while most authors are aware they need to promote and market their book, they have no clue how to go about it. There are hundreds of resources teaching a writer how to create character and develop plot, how to format book proposals and how to pitch to literary agents and publishers; but very few on how an author implements success after the book is finished. Can an author promote an ebook the same as a print book? Is a self-published book as easy to market as a traditionally published book? The questions can be overwhelming and locating the answers, even trickier. Welcome to Finding Author Success: Discovering and Uncovering the Marketing Power Within Your Manuscript.
