Holes-Louis Sachar 2011-06-01 Winner of the Newbery Medal and the National Book Award! This #1 New York Times bestselling, modern classic in which boys are forced to dig holes day in and day out is now available with a splashy new look. Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from Louis Sachar's new middle-grade novel, Fuzzy Mud. "A smart jigsaw puzzle of a novel." -- The New York Times WINNER OF THE BOSTON GLOBE-HORN BOOK AWARD A NEW YORK TIMES BOOK REVIEW NOTABLE CHILDREN'S BOOK SELECTED FOR NUMEROUS BEST BOOK OF THE YEAR AND ALA HONORS

The Day You Begin-Jacqueline Woodson 2018-08-28 A #1 NEW YORK TIMES BESTSELLER! Featured in its own episode in the Netflix original show Bookmarks: Celebrating Black Voices! National Book Award winner Jacqueline Woodson and two-time Pura Belpré Illustrator Award winner Rafael López have teamed up to create a

poignant, yet heartening book about finding courage to connect, even when you feel scared and alone. There will be times when you walk into a room and no one there is quite like you. There are many reasons to feel different. Maybe it's how you look or talk, or where you're from; maybe it's what you eat, or something just as random. It's not easy to take those first steps into a place where nobody really knows you yet, but somehow you do it. Jacqueline Woodson's lyrical text and Rafael López's dazzling art reminds us that we all feel like outsiders sometimes-and how brave it is that we go forth anyway. And that sometimes, when we reach out and begin to share our stories, others will be happy to meet us halfway. (This book is also available in Spanish, as *El Día En Que Descubres Quién Eres!*)

Thinking Like a Historian-Nikki Mandell 2013-06-19 Thinking Like a Historian: Rethinking History Instruction by Nikki Mandell and Bobbie Malone is a teaching and learning framework that explains the essential elements of history and provides "how to" examples for building historical literacy in classrooms at all grade levels. With practical examples, engaging and effective lessons, and classroom activities that tie to essential questions, Thinking Like a Historian provides a framework to enhance and improve teaching and learning history. We invite you to use Thinking Like a Historian to bring history into your classroom or to re-energize your teaching of this crucial discipline in new ways. The contributors to Thinking Like a Historian are experienced historians and educators from elementary through university levels. This philosophical and pedagogical guide to history as a discipline uses published standards of the American Historical Association, the Organization of American Historians, the National Council for History Education, the National History Standards and state standards for Wisconsin and California.

Sorry, I Forgot to Ask!-Julia Cook 2012-02 Make social skills learning fun for your K-6 students! Activities and games in this book help students learn and use steps to the SORRY, I Forgot to Ask! skills of asking for permission and making an apology. These skills are promoted in Well-Managed Schools as part of the Boys Town Education Model. Author Julia Cook gives teachers creative ideas using paper snowball fights, school litter hunts, role plays, and poster making so students work and think hard while having fun. Students are asked to brainstorm answers to "what if" questions, create "apology triangles," use objects such as stew ingredients and balloons to visualize the skills, write reports of interviews with parents or relatives, and act out scenes that help them practice asking for permission and saying they're sorry. Reproducible activity sheets and praise coupons (in full colour) are included on a CD-ROM.

The Leader in Me-Stephen R. Covey 2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

StrengthsQuest-Donald O. Clifton 2016-01-01 Students who use their natural talents achieve the most --- but they need to know what those talents are. StrengthsQuest includes the Clifton StrengthsFinder, an online assessment that reveals students' top five themes of talent. And StrengthsQuest also helps students make the most of those talents. Students and learners of all ages continually face the challenges of gaining direction, making decisions, and building self-confidence. Fortunately, the keys to successfully meeting these challenges — your own natural talents — already exist within you. Through these talents, you will produce your greatest achievements. Over the course of 30 years, Gallup conducted millions of psychological interviews and identified 34 themes of talent that are indicative of success. In the StrengthsQuest program, Gallup offers you the opportunity to discover talents from your top five themes and build on them to achieve academic, career, and personal excellence. More than 100,000 students have benefited from the program. Your quest starts with the Clifton StrengthsFinder, a 30-minute assessment that reveals your top five themes of talent. This online assessment is your entryway to a variety of experiences that will help you discover your greatest talents and develop strengths. You'll gain access to action items specific to your top themes, covering general academic life, study habits, relationships, and career. You'll also be challenged to think about applying your talents for success in other settings, such as on projects and teams and in leadership. StrengthsQuest was written by the late Donald O. Clifton, who was the former chairman of Gallup; coauthor of the bestseller Now, Discover Your Strengths; and recognized as the Father of Strengths-Based Psychology and the late Edward "Chip" Anderson, who taught education, psychology, and leadership at UCLA and Azusa Pacific University. Revised portions of the text were written by Laurie A. Schreiner, who has taught psychology and higher education at Azusa Pacific University and Eastern University.
