Visualizing Technology-Debra Geoghan 2021 "Visualizing Technology is always current and always engaging! With the highly visual design, students won't find pages of long paragraphs. Instead, they'll find a text written the way they are hardwired to think, with smaller sections of text that use images creatively for easier understanding and chapters that are organized as web articles with catchy headlines. deeper. Each chapter has two How-To projects, focused on Digital Literacy and Essential Job Skills, so that students are gaining the skills needed for professional and personal success. Within the etext, students are engaged through interactive surveys, currency updates, videos, IT Simulations, interactives, fun study tools, and flashcards with immediate feedback. With the new Technology in the News feature, you can keep your class current every week. And with the new Think About IT videos, students are encouraged to think critically about the impact of technology, beyond the convenience factors! The optimal way to experience Visualizing Technology is with MyLab IT. Baking with Whole Grains-Valerie Baer 2015-10-20 Valerie Baer has developed recipes that turn into unforgettable baked wonders. But just as amazing as her recipes is her ability to explain how any one of us can make these delicious breads and desserts ourselves. Valerie is a genius baker. She is equally a genius teacher. Valerie and her husband grow the soft-grain wheat she uses in her baking on the 6½-acre homestead where they've raised their five children. She grinds the wheat by hand when she's ready to use it. She began inviting friends into her own kitchen when they kept begging her to show them how she turned out such featherweight dinner rolls, tender pizza crusts, and tangy-sweet crisps and cobblers—always using whole grains. Recipes include: German Raw Apple Cake Chocolate Peanut Butter Sandwich Cookies Oatmeal Date Bars Buckwheat Pancakes Pumpkin Spice Waffles Cranberry Apple Crumb Pie Lemon Sponge Pie And many more! Baking with Whole Grains includes more than 110 recipes and full-color photos of Valerie in her wheat field, grinding grain, and baking in her home kitchen, as well as photos of her irresistible breads and sweets.
