The Nursing Assistant-JoLynn Pulliam 2011-08 The Nursing Assistant, Fifth Edition is a concise, practical, affordable, and up-to-date guide to the skills today's nursing assistants need to master. It is designed both to serve as the basis of any nursing assistant training program, and to prepare students for careers in acute, subacute, or long-term care. It addresses the needs of the whole patient or resident, while promoting independence and self-care. Carefully organized to follow nursing process models, state curricula, and OBRA mandates, it walks through 75 step-by-step procedures reflecting the most common nursing assistant tasks. This edition is fully updated for the newest CDC and OSHA guidance for hand cleaning and infection control, and to reflect other relevant federal laws, including HIPAA.

Lippincott's Textbook for Nursing Assistants-Pamela J. Carter 2005 This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role. The text offers a compelling art program, a direct, conversational writing style, and an emphasis on professionalism and humanism. A back-of-book CD-ROM includes an audio glossary.

The How-to Guide on Becoming a Certified Nursing Assistant-Sheilah Mara 2016-12-06 If you have ever thought about a career in healthcare, and specifically as a Certified Nursing Assistant, then this book is what you will need to set you on the path to realizing your career goals. The "How-to" Guide on Becoming a Certified Nursing Assistant gives detailed answers to a wide range of questions. It is ideal for those who - Are interested in a career as a certified nursing assistant - Are inexperienced in the field of healthcare - Want affordable training - Want to know about employment opportunities - Want an easy step-by-step process to follow Almost everyone who wants to enter this profession could use some assistance along the way to becoming a CNA, and The "How-to" Guide on Becoming a Certified Nursing Assistant will provide exactly that, along with: - Understanding what a CNA does - Appreciating how jobs for CNAs differ from similar occupations in the healthcare sector - Determining if your personality traits align with other CNAs - How to select the training program appropriate for your needs - What to expect from training - Eligibility requirements - Ways to pay for training (and even get it free) - An insight into the competency exam process and tips on how to prepare - Tips on getting a job and how to keep it. The "How-to" Guide on Becoming a Certified Nursing Assistant is the last word in the pursuit of a CNA certification, and with handy links to state resources, you can use it as a reference long after you have passed the exam and have landed your first job. Read the book and gain the confidence you need to jump start your CNA career today.

Mosby's Textbook for Nursing Assistants - Textbook and Workbook Package-Sheila A. Sorrentino 2007-12-01 This convenient, money-saving package is a must-have for nursing students! It includes Mosby's Textbook for Nursing Assistants, 7th edition and Workbook for Mosby's Textbook for Nursing Assistants.

Mosby's Textbook for Nursing Assistants-Sheila A. Sorrentino 2011-12 With step-by-step instructions for over 100 nursing assistant procedures, Mosby's Textbook for Nursing Assistants, 8th Edition makes it easy to master the skills you need to succeed as a nursing assistant. Known for its visual approach and comprehensive, easy-to-read coverage, this market-leading text emphasizes the importance of the patient or resident as a person, communication, safety, comfort, effective delegation, and teamwork and time management. This edition provides expanded content on the patient's rights and pressure ulcers. The updated companion CD includes three new procedures, an updated audio glossary, and more. Written by respected educator Sheila Sorrentino and expert co-author Leighann Remmert, Mosby's Textbook for Nursing Assistants makes nurse assisting easy to learn. Complete coverage includes the knowledge and skills needed by the nursing assistant. A clear, readable writing style is supplemented with hundreds of full-color photographs and illustrations. Over 100 procedures are divided into pre-procedure, procedure, and post-procedure sections for easier learning. Skills on the NNAAP® exam are highlighted throughout and have been updated to match the 2012 test plan. Delegation Guidelines identify your specific responsibilities in accepting commonly delegated tasks. Teamwork and Time Management boxes indicate ways you can efficiently work with and help nursing team members. Promoting Safety and Comfort boxes detail measures and cautions for providing safe, effective patient care. Caring About Culture boxes help you learn about the beliefs and customs of other cultures so you can provide appropriate care. Focus on Children and Older Persons boxes provide age-specific information about the special needs, considerations, and circumstances of children and older persons. Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in these settings. Focus on Communication boxes provide guidelines for what to say and ask when communicating with residents, visitors, and the nursing team. Key abbreviations are included at the beginning of each chapter, with a comprehensive glossary at the back of the book. Key terms introduce chapter content with the important words and phrases. Chapter Review Questions are useful in guiding your study, reviewing what you have learned, and studying for a test or the competency evaluation. CD icons indicate skills included on the companion CD. Video clip icons indicate skills for which video clips are included on the free Evolve companion website. Video icons indicate skills included in the Mosby's Nursing Assistant Video Skills 3.0 DVDs (sold separately). The Workbook and Competency Evaluation Review corresponds to chapters in the text and encourages learning with a wide variety of exercises and activities that challenge you to remember what you've learned. It also includes over 100 checklists, one for each procedure in the textbook. The Competency Evaluation Review includes content review, skills evaluation review, and two practice exams. Sold separately. NEW! The Person's Rights and Pressure Ulcers chapters provides expanded information on these key areas. NEW Focus on PRIDE boxes highlight personal and professional responsibility, rights and respect, independence and social interaction, delegation and teamwork, and ethics and laws to help you promote pride in the person, family, and yourself. Two laminated, pocket-sized cards include information on normal vital signs, common measurement conversions, positioning, the 24-hour clock, and abdominal and lateral regions. Updated companion CD contains interactive procedures, including three new procedures, learning exercises, an updated audio glossary, and a new Spanish audio glossary with phrases and terms. An updated A&P review, Body Spectrum, is available on the CD and on the Evolve companion website.

Nursing Assistant-Pulliam 1997-07

Hartman's Nursing Assistant Care: Long-Term Care-Susan Alvare Hedman 2014-01-01 A comprehensive nursing assistant training textbook which includes information on long-term care, multiple chapters on home health care, and material on subacute and acute care. In addition it includes in-depth information on resident and client rights with sidebars that teach ways to promote independence and prevent abuse and neglect; a discussion of culture change; infection prevention; anatomy and physiology with an emphasis on normal changes of aging; updated nutrition information on MyPyramid, special diets, and feeding techniques; current information on legal issues, such as HIPAA and the Patient Self-Determination Act; 7 chapters on home health care, including information on medications, safety, infection prevention, mothers & newborns, and meal planning and preparation; a chapter containing subacute and acute care information, including pre- and post-operative care, as well as mechanical ventilation, chest tubes, and artificial airways.

Nursing Assisting-Barbara Acello 2004-10-21 This workbook provides numerous activities based on the chapter content to help learners review, recall, and reinforce essential concepts in the nursing-assisting practice. The use of this workbook to enhance understanding helps the learner become more confident in his or her knowledge and skills. A variety of exercise formats are used to challenge learners, including labeling exercises, word searches, and crosswords.

Workbook and Competency Evaluation Review for Mosby's Textbook for Nursing Assistants - E-Book-Sheila A. Sorrentino 2016-01-18 Get the most out of your nurse assisting textbook, and review for your certification exam! Corresponding to the chapters in Sorrentino and Remmert's Mosby's Textbook for Nursing Assistants, 9th Edition, this workbook reinforces your understanding with numerous exercises and review questions. Checklists help you study skills — with a checklist for each of the 100+ procedures in the text. The Competency Evaluation Review section helps you prepare for the CNA exam with a review of content, a skills evaluation review, and two practice exams. Answers are included for all review questions and practice exams! Comprehensive review corresponds chapter-by-chapter to the textbook. Competency Evaluation Review section includes a content review and review questions for all key topics, a skills evaluation review, and two practice exams that help to prepare you for the written certification exam. A wide variety of exercises enhances learning and keeps you interested in the material. Skills checklists help you review and practice the procedures required for certification. Independent learning activities in every chapter allow additional review and practice. Optional learning exercises are provided for longer programs and/or higher-level students. NEW review chapters are added to correspond to the five new chapters in the textbook.

The Nursing Assistant-Sue Roe 2018-08-29 The Nursing Assistant: Essentials of Holistic Care teaches the knowledge and skills you need to become a nursing assistant. With a sharp focus on holistic care, this text will guide you in performing the procedures required of nursing assistants while integrating and considering patients' and residents' bodies, minds, and spirits. Through rich and visual, step-by-step procedures, you will learn the techniques necessary to work in a variety of healthcare settings, including long-term and acute care. Holistic care is at the center of this book's approach to nursing assisting. This innovative approach is illustrated in the Providing Holistic Care Framework, which embodies the meaning of holistic care and communicates the importance of meeting the needs of the whole person—body, mind, and spirit. Comprehensive procedures outline techniques for properly executing the responsibilities of a nursing assistant. With easy-to-follow instructions, professional photographs, and detailed illustrations, these procedures provide important information for the certification competency examination. Practice test questions, similar to those found on the certification competency examination, can be completed at the end of each chapter. These questions are accompanied by numerous reinforcement, critical thinking, and application activities and provide an opportunity to prepare for the certification competency examination. Practice questions are also available in the Study Guide and instructors presentations for PowerPoint. Each chapter is divided into sections, making it easy to review content in manageable chunks for maximum understanding. Review questions at the end of each section help reinforce the material to solidify your learning. Professional videos demonstrating procedures are available on EduHub. After viewing these videos, you will be better able to visualize the procedural steps you must master for the certification competency examination.

Restorative Care-Barbara Acello 1999 This comprehensive text provides the content necessary for training nursing assistants to provide restorative care in long-term care facilities, as required by OBRA law. The content includes measurable objectives and interventions to optimize resident care and to enable facilities to gain maximum reimbursement. This text provides all the information necessary to train nursing assistants in restorative care, as well as, the information required to implement a restorative care training program. It enables the necessary training to advance the certified nursing assistant to the restorative nursing assisting level. Thus, facilities to attain the goal of maintaining or improving residents' conditions. The text focuses on techniques to promote resident involvement, thereby improving resident independence and self-esteem. Workbook to Accompany CNA Accelerated-Candace Barth 2017-08

Lippincott Video Series for Nursing Assistants-Pamela Carter 2015-04-30 With more than 8 hours of engaging footage, the updated "Lippincott Video Series for Nursing Assistants" shows complete step-by-step demonstrations of the core skills performed daily by nursing assistants. The Second Edition includes brand new

footage to reflect best practices and equipment currently found in the health care setting. In addition to teaching technical skills, this dynamic video series promotes qualities such as compassion and empathy, and demonstrates non-technical skills such as respecting the individual, caring for people with dementia, death and dying, and entry into the workforce. Ideal as a stand-alone learning tool or as a companion to the Carter suite of textbooks, these videos parallel the skills in the textbooks and are organized into fifteen modules for easy reference. The new edition also provides the ability to view closed captioning in English or Spanish.

Hartman's Nursing Assistant Care-Hartman Publishing 2013-06-01

Mosby's Textbook for the Home Care Aide-Joan M. Birchenall 2003-01-01 Covering the essential content and procedures a home care aide needs to know, Mosby's Textbook for the Home Care Aide, 3rd Edition prepares you for success in this rapidly growing field. A clear approach makes the book easy to use and understand, featuring hundreds of full-color photographs and drawings along with step-by-step procedures for skills performed by home care aides. Updated and expanded in this edition are chapters on meeting the client's nutritional needs and on getting and keeping a job. Written by home care experts Joan Birchenall and Eileen Streight, this textbook prepares you for the many types of situations you may encounter as a home care aide. Hundreds of full-color photos and drawings depict key ideas and clearly demonstrate procedure steps. Procedures provide step-by-step, easy-to-understand instructions on performing important skills and tasks. UNIQUE! A cast of caregivers, including a supervisor and four home care aides, are highlighted in scenarios that provide realistic examples of the types of situations you are likely to encounter in the home care environment. Guidelines for Observing, Recording, and Reporting (ORR) are highlighted throughout the text, emphasizing the home care aide's responsibilities for observing and documenting the client's condition and care. Key considerations and reminders are presented in color font to emphasize the importance of performing these actions. Objectives and Key Terms in each chapter focus your attention on essential information. Chapter summaries and study questions review the key points in each chapter. Updated/Expanded Meeting the Client's Nutritional Needs chapter includes the new MyPlate food guide and new nutrition guidelines. Updated/Expanded Getting a Job and Keeping It chapter reflects the job prospects and challenges of today, including the realities of moving between states and differences in certification requirements. Updated equipment photos are included. Evolve companion website includes skills competency checklists and an audio glossary.

Basic Skills for Nursing Assistants in Long-term Care-Sheila A. Sorrentino 2005 Follows the training requirements outlined in the US Omnibus Budget Reconciliation Act of 1987 Fosters learning and respect for the resident in nursing centres.

Mosby's Essentials for Nursing Assistants-Sheila A. Sorrentino, PhD, RN 2013-11-21 Designed for shorter programs of 85 hours or fewer, Mosby's Essentials for Nursing Assistants, 5th Edition provides coverage of the concepts and skills that are essential to becoming a nursing assistant. With focus on quality of life in the patient/person and self-pride in the nursing assistant this concise text emphasizes the importance of treating residents with respect while providing safe, competent, and efficient care. Delegation Guidelines identify the nursing assistant's specific responsibilities in accepting commonly delegated tasks. Promoting Safety and Comfort boxes highlight important considerations for providing safe and effective care while promoting patient comfort. Procedures boxes are divided into step-by-step format with instructions for performing each skill, including Quality of Life courtesies, Pre-procedure, Procedure, and Post-Procedure sections to make learning critical skills easier. Focus on PRIDE boxes highlight personal and professional responsibility, rights and respect, independence and social interaction, delegation and teamwork, and ethics and laws, encouraging you to promote pride in the person, family, and yourself. Quality of Life reminders in the procedure boxes reinforce the simple courtesies that should be afforded to all patients, demonstrating how to show respect for the patient as a person. NNAAP in the Procedure Title Bar alerts you to skills that are part of the National Nurse Aide Assessment Program. Concise coverage of nursing assistant content that's ideal and easy to use in classes with shorter hour requirements. Detailed illustrations offer step-by-step visual guidelines for performing key procedures. NEW! Focus on Surveys boxes with common survey questions emphasize the nursing assistant's role in providing safe and effective care. NEW! Focus on Practice boxes at the end of each chapter present short case scenarios with questions so you can consider practical applications for providing patient care. NEW! The Person's Rights chapter highlights the importance of understanding and protecting a patient's rights. NEW! Pressure Ulcers chapter familiarizes you with the risk factors of pressure ulcers and the information to identify individuals at risk. NEW! Laminated, pocket-sized reference cards include information on vital signs, measurement conversions, range-of-motion, abbreviations, positioning, and the 24-hour clock for easy access to information critical in providing safe and effective care. NEW! Updated Companion CD has 28 procedures, including 3 new procedures, containing interactive learning exercises, an updated audio glossary, a new Spanish audio glossary, and Body Spectrum (an anatomy and physiology program) providing you with additional tools for independent learning that reinforces textbook content.

English for Nursing Assistant-Made Hery Santosa 2020-06-21 The book entitled "English for Nursing Assistant: Supple-mentary E-Learning-based Materials" was developed based on primary needs of Nursing Department students of Vocational High Schools that will become a Nurse Assistant after they graduated from the institution. There are some steps that have been conducted by the authors to gather data which become main resources in developing this book. After the analysis of the students' needs, important themes were developed in each unit for the book. The themes include General Assessment, Handling Patients, Patient's Hygiene, Checking Vital Sign, and Dimen-sions of Symptom. This book contains examples of English ex-pressions which are very useful for the students to practice and master before they go for the real world job later. There are also some practical activities that will train students to develop their language skills of Reading, Writing, Speaking and Listening. The main feature of the book includes the utilization of e-learning features and strategies for learning more effectively. The e-learning platform consists of primarily listening materials to support the teaching and learning process. The students can go to the set up e-learning platform to listen to audio materials to complete exercises provided in the book. It is expected that they the use of ICT will provide the utmost benefits for the students learning a specific area, like Nursing using English as the medium of instruction.

Mosby's Textbook for Nursing Assistants - E-Book-Sheila A. Sorrentino 2020-03-16 Known for its comprehensive coverage, readability, and visual presentation, Mosby's Textbook for Nursing Assistants, 10th Edition helps prepare you to work in long-term care, acute care, and subacute care settings — and includes a practice scenario in each chapter to enhance clinical judgment skills. It is the most comprehensive text for CNA programs, packed with step-by-step instructions for over 100 procedures and perfect for programs that are 80 hours or longer. The lifespan coverage includes skills not only for adults and older residents, but also for maternity and pediatric patients, so you are comfortable in a variety of care settings. New chapter organization allows you to learn in manageable portions and a revitalized art program clarifies important concepts and procedural steps. A clear writing style at a 7th grade reading level ensures accessibility for low-level learners. Over 100 skills outlined in pre- procedure, procedure, and post-procedure sections ensure you learn all the necessary steps to pass the skills portion of the certification exam. Complete coverage of the knowledge and skills needed to pass the state certification exam and engage in safe practice. Focus on Practice: Problem Solving provides scenarios that stimulate critical thinking about common situations encountered during practice. Focus on Math feature reviews mathematical calculations needed in various care measures and procedures. Focus on Surveys feature highlights the nursing assistant's role during state inspections. Getting a Job chapter covers the soft skills needed to seek and obtain employment. Focus on PRIDE: The Person, Family, and Yourself boxes build on chapter concepts to help promote pride in the nursing assistant, the resident, and the resident's family. Promoting Safety and Comfort boxes emphasize the importance of the patient's or resident's safety and comfort. Delegation Guidelines detail the specifics of accepting delegated tasks. Focus on Children and Older Person boxes provide age-specific information about special needs, considerations, and circumstances of children and older persons. Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in the long-term and home care settings. Focus on Communication boxes provide guidelines for how to clearly communicate with residents and avoid comments that might make them uncomfortable. Caring About Culture boxes contain information to help you learn about the various practices of other cultures. Teamwork and Time Management boxes provide specific guidelines to help nursing assistants work most efficiently whether independently or as part of the nursing team. Chapter review questions are a useful study guide at the end of each chapter.

Nursing Assistant Vocabulary Workbook-Lewis Morris Learn the Secret to Success on the Nurse's Aide Course and Exams! Ever wonder why learning comes so easily to some people? This remarkable workbook reveals a system that shows you how to learn faster, easier and without frustration. By mastering the hidden language of the subject and exams, you will be poised to tackle the toughest of questions with ease. We've discovered that the key to success on the Nurse's Aide Course and Exams lies with mastering the Insider's Language of the subject. People who score high on their exams have a strong working vocabulary in the subject tested. They know how to decode the vocabulary of the subject and use this as a model for test success. People with a strong Insider's Language consistently Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The Nurse's Aide Vocabulary Workbook is different from traditional review books because it focuses on the exam's Insider's Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The Nurse's Aide Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students around the world.

Focus on PRIDE: The Person, Family, and Yourself boxes build on chapter concepts to help promote pride in the nursing assistant, the resident, and the resident's family. Promoting Safety and Comfort boxes emphasize the importance of the patient's or resident's safety and comfort. Delegation Guidelines detail the specifics of accepting delegated tasks. Focus on Children and Older Person boxes provide age-specific information about special needs, considerations, and circumstances of children and older persons. Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in the long-term and home care settings. Focus on Communication boxes provide guidelines for how to clearly communicate with residents and avoid

comments that might make them uncomfortable. Caring About Culture boxes contain information to help you learn about the various practices of other cultures. Teamwork and Time Management boxes provide specific guidelines to help nursing assistants work most efficiently whether independently or as part of the nursing team. Chapter review questions are a useful study guide found at the end of each chapter. UPDATED! Shorter, more focused chapters help you retain important concepts and skills covered in the NATCEP certification exam. NEW and UPDATED! New chapter organization breaks material into manageable portions, improving your ability to retain important information. UPDATED! Enhanced art program illustrates important content and procedures.

LPN Notes-Ehren Myers 2016-03-03 The 4th Edition of this popular, easy-to-use guide delivers the practical, clinically oriented content you need to deliver safe and effective health care in hospital and home settings. Thoroughly revised and updated, you'll have access to even more of the commonly-used by rarely memorized clinical information that nurses and students need.
