Grime Kids-DJ Target 2018-06-14 An explosive insider account of grime, from subculture to international phenomenon. ***** A group of kids in the 2000s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names.

Inflamed Invisible-David Toop 2019-12-17 A rich collection of essays tracing the relationship between art and sound. In the 1970s David Toop became preoccupied with the possibility that music was no longer bounded by formalities of audience: the clapping, the booing, the short attention span, the demand for instant gratification. Considering sound and listening as foundational practices in themselves leads music into a thrilling new territory: stretched time, wilderness, video monitors, singing sculptures, weather, meditations, vibration and the interior resonance of objects, interspecies communications, instructional texts, silent actions, and performance art. Toop sought to document the originality and unfamiliarity of this work from his perspective as a practitioner and writer. The challenge was to do so without being drawn back into the domain of music while still acknowledging the vitality and hybridity of twentieth-century musics as they moved toward art galleries, museums, and site-specificity. Toop focused on practitioners, whose stories are as compelling as the theoretical and abstract implications of their works. Inflamed Invisible collects more than four decades of David Toop's essays, reviews, interviews, and experimental texts, drawing us into the company of artists and their concerns, not forgetting the quieter, unsung voices. The volume is an offering, an exploration of strata of sound that are the crossing points of sensory, intellectual, and philosophical preoccupations, layers through which objects, thoughts and air itself come alive as the inflamed invisible.

Bass, Mids, Tops-Joe Muggs 2020-10-07 An oral history of the UK's soundsystem culture, featuring interviews with Dubmaster Dennis Bovell, Skream, Youth, Norman Jay MBE, Adrian Sherwood, Mala, and others. In the years following the arrival of the Windrush generation, the UK's soundsystem culture would become the most important influence on contemporary pop music since rock and roll. Pumped through towering, home-built speakers, often directly onto the thronged streets of events like the Notting Hill Carnival, the pulsating bass lines of reggae, dub, rave, jungle, trip hop, dubstep, and grime have shaped the worlds of several generations of British youth culture but have often been overlooked by historians obsessed with swinging London, punk, and Britpop. This oral history, consisting of new interviews conducted by respected dance music writer Joe Muggs, and accompanied by dramatic portraits by Brian David Stevens, presents the story of the bassline of Britain, in the words of those who lived and shaped it. Features interviews with Dubmaster Dennis Bovell, Norman Jay MPE, Youth, Adrian Sherwood, Skream, Rinse FM's Sarah Lockhart and many others.

More Brilliant Than the Sun-Kodwo Eshun 2018-10-09 The classic work on the music of Afrofuturism, from jazz to jungle More Brilliant than the Sun: Adventures in Sonic Fiction is one of the most extraordinary books on music ever written. Part manifesto for a militant posthumanism, part journey through the unacknowledged traditions of diasporic science fiction, this book finds the future shock in Afrofuturist sounds from jazz, dub and techno to funk, hip hop and jungle. By exploring the music of such musical luminaries as Sun Ra, Alice Coltrane, Lee Perry, Dr Octagon, Parliament and Underground Resistance, theorist and artist Kodwo Eshun mobilises their concepts in order to open the possibilities of sonic fiction: the hitherto unexplored intersections between science fiction and organised sound. Situated between electronic music history, media theory, science fiction and Afrodiasporic studies, More Brilliant than the Sun is one of the key works to stake a claim for the generative possibilities of Afrofuturism. Much referenced since its original publication in 1998, but long unavailable, this new edition includes an introduction by Kodwo Eshun as well as texts by filmmaker John Akomfrah and producer Steve Goodman aka kode9.

Harlem of the West-Elizabeth Pepin 2006 Examines the San Francisco jazz scene of the 1940s and 1950s, focusing on the Fillmore District, including its restaurants, shops, and nightclubs, and the musical legacy of such performers as Dizzy Gillespie and Lionel Hampton.

Play Bridge with Reese-Terence Reese 2003 "Reese introduced the 'over the shoulder' approach to describing bridge hands in this classic book, and it was an immediate success. In this book, the reader can follow the thought processes of an expert through the bidding and play of many fascinating hands. First published in 1960, it is now back in print after being unavailable for a number of years."--Amazon.com.

Let's Go to Hell-James Burns 2015-08-21 The Butthole Surfers remain one of the most enigmatic bands in the history of rock music. Most of their records have no information of any kind, and often with the suggestion that you play them at 69 rpm.... They lived like nomads through much of the 1980s, and built their reputation upon tours that never ended, and shows that resembled hedonistic acid tests. They left a heap of former band members in their wake, and have often alienated as many fans as they've attracted. Here for the first time is the complete story of one of the most controversial and dangerous bands to have emerged from the ashes of the punk rock movement. 'Let's Go to Hell' compiles the scattered memories into the first comprehensive overview of the band. Featuring exclusive interviews, tons of rare and unpublished photographs, and analysis of the band's vast recorded (and unrecorded) efforts, 'Let's Go to Hell' finally tells the story that was thought (and often hoped) would never be told...

Alchemy-Diana Fernando 1998 From Alchimistiches Medaillon to Zuccari, delve into the mysteries of alchemy -- the ancient mystical art considered to be one of the four esoteric paths to enlightenment. Closely related to witchcraft, alchemy is neither a science nor a philosophy, but rather a striving for perfection on a physical and metaphysical level. Alchemy is about transforming materials -- metals as well as people. This generously illustrated dictionary features entries on laboratory operations and well-known alchemists as well as information on the framework that made alchemy possible -- the brotherhoods, the sacred places, the transmitters, collectors and patrons, the texts and publishers, and something of the language, including cabalistic and glyphic. A great deal of emphasis is laid on pictures and emblems, which are keys to understanding the path of alchemy. Anyone interested in exploring the marvels of this elusive pursuit will find this unique volume to be an invaluable resource.

Side by Side-Robert Wyatt 2020-09-17 Selected and arranged by the authors themselves, and featuring an introduction by Jarvis Cocker, Side by Side presents the lyrics, poems, writings and drawings of innovative musician Robert Wyatt and his creative partner, English painter and songwriter Alfie Bengé. As a founding member of influential English rock bands Soft Machine and Matching Mole, and with a solo career which has lasted for over forty years and seen him collaborate with a diverse range of artists including Bjork, Brian Eno, Carla Bley, Paul Weller and David Gilmour, his own music remains unclassifiably personal. Alfie Bengé is a visual artist, songwriter and pioneering music manager, having managed Robert's career for fifty years. She is also married to Robert. Since 1982 they have collaborated on many of Robert's most well-known songs. This unique volume celebrates one of the most enduring creative partnerships of the last half-century. 'Taken together Alfie & Robert's lyrics combine to create a humanist world-view that is at once global & particular. Take it from me: that's no mean feat.' Jarvis Cocker 'English music has produced some fascinating personalities, but few are as unusual as Robert Wyatt.' Brian Eno 'A highly idiosyncratic and intuitively melodic maverick' BBC Music

The Reality Revolution-Brian Scott 2020-03-12 Our world is undergoing a reality revolution. More and more people are discovering the power of their minds to shape the world around them faster than ever before. The question is: how do you create the reality of your design? Brian Scott wants to help you find the answer. After walking away unscathed from a near-fatal shooting in his home, Brian began a fanatical search for answers. He deepened his research into parallel realities, quantum mechanics, and consciousness to uncover what happened in his close call with death. Along the way, he developed a series of techniques capable of creating profound transformations. In The Reality Revolution: The Mind-Blowing Movement to Hack Your Reality, Brian introduces you to the techniques that have helped his clients find lasting love, create wealth, and revitalize health. You'll learn how to surf through parallel realities and unlock the power of your mind through a mix of researched and science-backed techniques like qi gong, meditation, quantum jumping, energy work, and reality transurfing. If you're ready to create an incredible reality for yourself, this book shows you the way.

Monolithic Undertow-Harry Sword 2021-02-04 'An inspired and intuitive navigation of the drone continuum . . . with a compass firmly set to new and enlightening psychedelic truths' BECK Monolithic Undertow alights a crooked path across musical, religious and subcultural frontiers. It traces the line from ancient traditions to the modern underground, navigating archaeoacoustics, ringing feedback, chest plate sub-bass, avant-garde eccentricity, sound weaponry and fervent spiritualism. From Neolithic beginnings to bawdy medieval troubadours, Sufi mystics to Indian raga masters, cone shattering dubwise bass, Hawkwind's Ladbroke Grove to the outer reaches of Faust and Ash Ra Temple; the hash-fueled fug of The Theatre of Eternal Music to the cough syrup reverse hardcore of Melvins, seedy VHS hinterland of Electric Wizard, ritual amp worship of Earth and Sunn O))) and the many touch points in between, Monolithic Undertow explores the power of the drone - an audio carrier vessel capable of evoking womb like warmth or cavernous dread alike. In 1977 Sniffin' Glue verbalised the musical zeitgeist with their infamous 'this is a chord; this is another; now form a band' illustration. The drone requires neither chord nor band, representing - via its infinite pliability and accessibility - the ultimate folk music: a potent audio tool of personal liberation. Immersion in hypnotic and repetitive sounds allows us to step outside of ourselves, be it chant, a 120dB beasting from Sunn O))), standing front of the system as Jah Shaka drops a fresh dub or going full headphone immersion with Hawkwind. These experiences are akin to an audio portal - a sound Tardis to silence the hum and fizz of the unceasing inner voice. The drone exists outside of us, but also - paradoxically - within us all; an aural expression of a universal hum we can only hope to fleetingly channel...

Quick & Lively Urban Sketching-Klaus Meier-Pauken 2017-01-24 Packed with creative exercises and practical tips, this book will help you breathe life and expression into your urban sketches. In a time when most people have a camera or smartphone to hand at all times, the question of why we sketch is ever more relevant. A sketch cannot capture a scene with perfect accuracy instead, it is about something more. We sketch to capture an impression, record a feeling, create a personal interpretation; sketching is an act of personal expression. Whether you want to sketch to capture fleeting moments, experiences or locations in time, or to record impressions that you can return to and build on later, this book will show you how. The aim of the book is to encourage you to create quick, animated drawings that are full of life and expression. Whether you are looking to discover your own sketching style, or to build on your existing knowledge, this book is packed with quick exercises to get you thinking, theory to build up your knowledge base, and beautiful artworks to inspire you. The book is divided into seven lessons: tools, colour, composition, bringing a sketch to life, urban life, landscapes and human subjects - each contains learning objectives and tips to hone your technique. Decide how strong or detailed to make your linework; when to use pencil or ink; how much colour to use, and where; how to successfully compose an image and use perspective to bring it to life; how to use contrast; how to incorporate detail; how to sketch landscapes, urban features and human subjects. It is when we bring together all these different elements of an urban scene that our sketches come to life.

Organic Music Societies-Lawrence Kumpf 2020-10-27 Archival documents and new writings on the intermedia collaborations of avant-garde jazz trumpeter Don Cherry and textile artist Moki Cherry Don Cherry and Moki Karlsson met in Sweden in the late '60s. They married and began to perform together, dubbing their mix of communal art, social and environmental activism, children's education and pan-ethnic expression "Organic Music." Their home in Tågarp became a locus of artistic production, attracting free-spirited musicians, poets, actors and artists with the promise of collective life. There, Keith Knox assembled Tågarp Publication Number One to document the collectivistic practices blooming under the Cherrys' guidance. Reproduced here, the text includes interviews with Terry Riley and Cherry, a piece on Pandit Pran Nath, a report on the Bombay Free School and a survey of the esoteric Forest University by Bengt af Kintberg. This book explores Don Cherry's work of the period through additional interviews by Knox, a piece on his Relativity Suite and an essay by Fumi Okiji. Moki's writings on her workshops are featured alongside full-color reproductions of her tapestries, used as performance environments by Don's ensembles. Cherry collaborators Bengt Berger and Christer Bothén contribute travelogues from the era.

Secrets of the I Ching-Joseph Murphy 1999-12-01 The classic guide to tapping the practical benefits of an age-old book of wisdom--revised to captivate today's spiritual seekersBased on the revered Chinese philosophy with a 5,000-year-old tradition, the I Ching, or Book of Changes, is rich in revelations. An eminent expert on the powers of the subconscious, Dr. Joseph Murphy opens the guiding force of this ancient text to anyone with an appreciation of the possibilities. With the help of three coins--ordinary pennies will do-- readers will learn to apply

their intuitive abilities to receive the I Ching's answers. With a practical outlook, this hands-on guide presents simple techniques for enlisting the I Ching's aid in everyday problem-solving and decision-making. Murphy explains the I Ching hexagram system, revealing its roots in human psychology and the principle of constant change. Demystifying obscure terms and symbols, the author leads the way to consulting the I Ching for clarity and guidance in times of confusion and crisis. By combining basic mathematical formulas with spiritual awareness, readers will realize the miracle-working potential of their own mind and connect with the I Ching's truths. As a result, they'll gain vital insights into questions about career, family, romance, financial security, and life goals. And they'll discover the wonder of genuine peace of mind. SECRETS OF THE I CHING, does not claim to predict the future. But it does provide the tools to mark any future with the promise of greater personal and spiritual fulfillment.

Read & Burn-Wilson Neate 2013-06-01 Read & Burn is the first serious, in-depth appraisal of Wire, one of the most influential British bands to emerge during the punk era. If Wire were briefly a punk band, however, it was largely by historical accident. Despite the fact that they had complicated and transformed that category almost before they'd begun, they seem never to have quite escaped the label. Be it punk, post-punk, or art-punk, critics have clung onto the p-word in an attempt to capture the essence of Wire's innovative uniqueness. But their story - which honours punk's original yet quickly forgotten commitment to the new - is one of constant remaking and remodelling, one that stubbornly resists reduction to a single identity. As a result, the group's projects have always balanced uneasily between artistic endeavour and the need for commercial sustainability, played out against the backdrop of the musicians' perennially complex creative relationships. Tracing Wire's diverse output from 1977 up until the present, Read & Burn seeks to do justice to their highly influential and restlessly inventive body of work.

Hypergraphia-David Sylvian 2015-06 Spanning a duration of over thirty years, Hypergraphia includes previously unpublished material, as well as conversations with the influential improvisational guitarist and founding member of the group AMM, Keith Rowe and the ever-insightful writer and musicologist Marcus Boon. The volume includes aspects of Sylvian's own photographic work as well as selections by some of the most reputable and innovative artists working today and its design celebrates the longstanding collaboration between Sylvian and acclaimed designer Chris Bigg.
