**The Human Planet**-George Steinmetz 2020-04-07 A dynamic aerial exploration of our changing planet, published on the 50th anniversary of Earth Day The Human Planet is a sweeping visual chronicle of the Earth today from a photographer who has circled the globe to report on such urgent issues as climate change, sustainable agriculture, and the ever-expanding human footprint. George Steinmetz is at home on every continent, documenting both untrammelled nature and the human project that relentlessly redesigns the planet in its quest to build shelter, grow food, generate energy, and create beauty through art and architecture. In his images, accompanied by authoritative text by renowned science writer Andrew Revkin, we are encountering the dramatic and perplexing new face of our ancient home.

**Home Lands**-Larry Tye 2002-09-01 The idea for this book came to Larry Tye as he traveled overseas as a reporter for the Boston Globe. In each city he visited he was intrigued by a reawakening of practice and spirit of the long repressed Jewish community. And the more communities he saw close-up, the clearer it became to him that the Jewish world was being reshaped

and revitalized in ways that were not reflected in what he was reading about the disappearing diaspora and the vanishing Jews of America. The result is *Home Lands*, an narrative that tells the story of the new Jewish diaspora. Tye picked seven Jewish communities from Boston to Buenos Aires and Dusseldorf to Dnepropetrovsk deep in the Ukraine, and in each he zeroes in on a single family or congregation whose tale reflects the wider community's history and current situation. He met each community's leaders, talked with their scores of young people and old, and went with them to High Holiday services and Sabbath celebrations. The first impression that emerges from his travels is each city's uniqueness. Far more striking than the differences, however, is the unity. Jews all over the world still have enough customs and rituals in common for outsiders to see them as part of the same people, and for them to define themselves that way. It is that new comfort level, that sense of finally feel comfortable in the lands where they are living, that is at the heart of this engrossing book. Readers' eyes will be opened to how Germany, just a generation after the genocide, has the world's fastest-growing Jewish population; how the Jews of Buenos Aires have carved a place for themselves in a land that also gave refuge to Nazi henchmen like Adolph Eichman, and how Ireland is home to a tight-knit Jewish community that, remarkably, has produced Jewish Lord Mayors in Belfast, Cork and, twice from the same family, in Dublin. In Boston, Tye tells the story of his own family, whose roots run deep in the city's Jewish community. *Home Lands* is a book that is deeply personal even as it sheds light on the larger Jewish experience.
