

Read Online Life And Death With Liberty And Justice: A Contribution To The Euthanasia Debate

Eventually, you will enormously discover a further experience and expertise by spending more cash. nevertheless when? accomplish you resign yourself to that you require to acquire those every needs subsequently having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to understand even more almost the globe, experience, some places, next history, amusement, and a lot more?

It is your certainly own epoch to feint reviewing habit. in the middle of guides you could enjoy now is **Life and Death With Liberty and Justice: A Contribution to the Euthanasia Debate** below.

Life and Death with Liberty and Justice-Germain Gabriel Grisez 1979 Examines issues and arguments in the euthanasia debate, looking at such topics as moral responsibilities toward human life, justice, and the definition of death.

At Liberty to Die-Howard Ball 2013-07-01 "Ball's arguments are concise, compelling, and backed with considerable case law. This volume is highly recommended for upper-level undergraduates and above in law, philosophy, and the medical humanities interested in the 'right to die' debates. Summing up: Highly recommended." —Choice Over the past hundred years, average life expectancy in America has nearly doubled, due largely to scientific and medical advances, but also as a consequence of safer working conditions, a heightened awareness of the importance of diet and health, and other factors. Yet while longevity is celebrated as an achievement in modern civilization, the longer people live, the more likely they are to succumb to chronic, terminal illnesses. In 1900, the average life expectancy was 47 years, with a majority of American deaths attributed to influenza, tuberculosis, pneumonia, or other diseases. In 2000, the average life expectancy was nearly 80 years, and for too many people, these long lifespans included cancer, heart failure, Lou Gehrig's disease, AIDS, or other fatal illnesses, and with them, came debilitating pain and the loss of a once-full and often independent lifestyle. In this compelling and provocative book, noted legal scholar Howard Ball poses the pressing question: is it appropriate, legally and ethically, for a competent individual to have the liberty to decide how and when to die when faced with a terminal illness? At Liberty to Die charts how, the right of a competent, terminally ill person to die on his or her own terms with the help of a doctor has come deeply embroiled in debates about the relationship between religion, civil liberties, politics, and law in American life. Exploring both the legal rulings and the media frenzies that accompanied the Terry Schiavo case and others like it, Howard Ball contends that despite raging battles in all the states where right to die legislation has been proposed, the opposition to the right to die is intractable in its stance. Combining constitutional analysis, legal history, and current events, Ball surveys the constitutional arguments that have driven the right to die debate.

The Death of Liberty-David Thomas Roberts 2019-05-21 In 1776, the colonists declared Independence from England in large part due to the many onerous Acts thrust upon them by Parliament including the Stamp Act in 1765 the Tea Act in 1773. The combination of these burdensome Acts on the colonies coupled with "Intolerable Acts" that severely limited the colonists Liberties, America rebelled. America won her liberty finally in 1783, only to see American's freedoms put in a permanent state of peril with the successful progressive class warfare argument that resulted in the 16th Amendment in 1913. Politicians and government bureaucrats discovered, is they can manipulate the 71,000+ page tax code to reward their cronies and punish their enemies. The legacy of IRS is one of scandals, malfeasance, criminality, incompetence and terror - yet Americans, for the most part tolerate it. Why? The history of IRS abuses of common citizens is legendary, and the stories you will read in this book are chilling. Why has the IRS become "weaponized", spending \$11 million on guns and ammo in the last 10 years? Surely Patrick Henry, Thomas Jefferson and Samuel Adams would have never let such an abusive form of government exist in the United States. Why do we?

Liberty or Death-Peter McPhee 2016-05-28 A strinking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution. "McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history.... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come."—Publishers Weekly (starred review)

Death or Liberty-Douglas R. Egerton 2009-01-13 In *Death or Liberty*, Douglas R. Egerton offers a sweeping chronicle of African American history stretching from Britain's 1763 victory in the Seven Years' War to the election of slaveholder Thomas Jefferson as president in 1800. While American slavery is usually identified with antebellum cotton plantations, Egerton shows that on the eve of the Revolution it encompassed everything from wading in the South Carolina rice fields to carting goods around Manhattan to serving the households of Boston's elite. More important, he recaptures the drama of slaves, freed blacks, and white reformers fighting to make the young nation fulfill its republican slogans. Although this struggle often unfolded in the corridors of power, Egerton pays special attention to what black Americans did for themselves in these decades, and his narrative brims with compelling portraits of forgotten African American activists and rebels, who battled huge odds and succeeded in finding liberty—if never equally—only in northern states. Egerton concludes that despite the real possibility of peaceful, if gradual, emancipation, the Founders ultimately lacked the courage to end slavery.

Liberty or Death-Betsy Maestro 2005-09-06 It began in Boston, with angry colonists objecting to the tyranny of a king who ruled from an ocean away. It was voiced by patriots such as Sam Adams and Patrick Henry and echoed by citizens from New England all the way to the Carolinas. It was fought by many -- colonists and patriots, Loyalists and slaves, Frontiersmen and Indians, British and French soldiers. Over more than ten years, sides were taken, guns drawn, lives lost. But through it all, one man -- a general from Virginia named George Washington -- held the young colonies together and led them to victory, beating almost impossible odds. History lovers Betsy and Giulio Maestro tell this true story of extraordinary times, incredible drama, and the birth of a new nation.

Lion of Liberty-Harlow Giles Unger 2010-10-26 In this action-packed history, award-winning author Harlow Giles Unger unfolds the epic story of Patrick Henry, who roused Americans to fight government tyranny—both British and American. Remembered largely for his cry for “liberty or death,” Henry was actually the first (and most colorful) of America’s Founding Fathers—first to call Americans to arms against Britain, first to demand a bill of rights, and first to fight the growth of big government after the Revolution. As quick with a rifle as he was with his tongue, Henry was America’s greatest orator and courtroom lawyer, who mixed histrionics and hilarity to provoke tears or laughter from judges and jurors alike. Henry’s passion for liberty (as well as his very large family), suggested to many Americans that he, not Washington, was the real father of his country. This biography is history at its best, telling a story both human and philosophical. As Unger points out, Henry’s words continue to echo across America and inspire millions to fight government intrusion in their daily lives.

Liberty Or Death-Margaret Whitman Blair 2010 Presentation of the little-known story of the American Revolution told from the perspectives of the African-American slaves who fought on the side of the British Royal Army in exchange for a promise of freedom.

Our Malady-Timothy Snyder 2020-09-08 NEW YORK TIMES BESTSELLER • From the author of the #1 New York Times bestseller On Tyranny comes an impassioned condemnation of America's pandemic response and an urgent call to rethink health and freedom. On December 29, 2019, historian Timothy Snyder fell gravely ill. Unable to stand, barely able to think, he waited for hours in an emergency room before being correctly diagnosed and rushed into surgery. Over the next few days, as he clung to life and the first light of a new year came through his window, he found himself reflecting on the fragility of health, not recognized in America as a human right but without which all rights and freedoms have no meaning. And that was before the pandemic. We have since watched American hospitals, long understaffed and undersupplied, buckling under waves of ill patients. The federal government made matters worse through willful ignorance, misinformation, and profiteering. Our system of commercial medicine failed the ultimate test, and thousands of Americans died. In this eye-opening cri de coeur, Snyder traces the societal forces that led us here and outlines the lessons we must learn to survive. In examining some of the darkest moments of recent history and of his own life, Snyder finds glimmers of hope and principles that could lead us out of our current malaise. Only by enshrining healthcare as a human right, elevating the authority of doctors and medical knowledge, and planning for our children's future can we create an America where everyone is truly free.

Life, Liberty and the Defense of Dignity-Leon Kass 2004-01-01 At the onset of "Life, Liberty and the Defense of Dignity," Leon Kass gives us a status report on where we stand today: "Human nature itself lies on the operating table, ready for alteration, for eugenic and psychic 'enhancement,' for wholesale redesign. In leading laboratories, academic and industrial, new creators are confidently amassing their powers and quietly honing their skills, while on the street their evangelists are zealously prophesying a posthuman future. For anyone who cares about preserving our humanity, the time has come for paying attention." Trained as a medical doctor and biochemist, Dr. Kass has become one of our most provocative thinkers on bioethical issues. Now, in this brave and searching book, he also establishes himself as a prophetic voice summoning us to think deeply about the new biomedical technologies threatening to take us back to the future envisioned by Aldous Huxley in "Brave New World." As in Huxley's dystopia, where life has been smoothed out by genetic manipulation, psychoactive drugs and high tech amusement, our own accelerating efforts to master reproduction and genetic endowment, to retard aging, and to conquer illness, imperfection, and death itself are animated by our most humane and progressive aspirations. But we are walking too quickly down the road to physical and psychological utopia, Kass believes, without pausing to assess the potential damage to our humanity from this brave new biology. In a series of meditations on cloning, embryo research, the human genome project, the sale of organs, and the assault on mortality itself, Kass evaluates the ongoing effort to break down the natural boundaries given us and to remake the human body into an instrument of our will. What does it mean to treat nascent human life as raw material to be exploited? What does it mean to blur the line between procreation and manufacture? What are the proper limits to this project for the remaking of human nature? These are the questions we should be asking to prevent runaway scientism with its utopian longings from reshaping humankind in the image of our own choosing. Kass believes that technology has done and will continue to do wonders for our health and longevity and that we have much to be thankful for. But there is more at stake in the biological revolution that saving life and avoiding death. We must also strive to protect the ideas and practices that give us dignity and keep us human. "Life, Liberty and the Defense of Dignity" challenges us to confront the posthuman future that may await us by thinking deeply about the life and death issues we face today.

Liberty or Death-Patrick French 2011-09-08 At midnight on 14 August 1947, Britain's 350-year-old Indian Empire was broken into three pieces. The greatest mass migration in history began, as Muslims fled north and Hindus fled south, and Britain's role as an imperial power came to an end. Patrick French's vivid and surprising account of the chaotic final years of colonial rule in India has been acclaimed as the definitive book on this subject. Journeying across India, Bangladesh and Pakistan, he brings to life a cast of characters including spies, idealists, freedom fighters and politicians from Churchill to Gandhi.

An Elegant and Lively Description of Spiritual Life and Death. Delivered in divers sermons in Lincolnes Inne, November the 9th, MDCXXIII., upon John 5. 25. By J. P., then Bachellor of Divinitie, and Chaplaine in Ordinarie to the Prince his Highnesse [i.e. John Preston, Master of Emmanuel College, Cambridge].-John Preston 1632

Life, Liberty, and the Pursuit of Dao- 2013-08-08 This highly original work introduces the ideas and arguments of the ancient Chinese philosophies of Confucianism and Daoism to some of the most intractable social issues of modern American life, including abortion, gay marriage, and assisted suicide. Introduces the precepts of ancient Chinese philosophers to issues they could not have anticipated Relates Daoist and Confucian ideas to problems across the arc of modern human life, from birth to death Provides general readers with a fascinating introduction to Chinese philosophy, and its continued relevance Offers a fresh perspective on highly controversial American debates, including abortion, stem cell research, and assisted suicide

Death Or Liberty-Barbara Hall 2006-01-01

Death and Taxes-Alexander Lagos 2011 Teenage runaway slaves with superhuman powers, a Hessian giant, the most evil slave owners imaginable, and Benjamin Franklin: this story of the Revolution blends fact and fantasy in an imaginative reinterpretation of a critical time in American history.

Gospel Doctrine-Joseph F. Smith 2015-08-25 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Death Or Liberty-Tony Moore 2011-05-23 Death or Liberty reveals how the British Government of the eighteenth and nineteenth centuries banished to the end of the earth Australia political enemies viewed by authorities with the same alarm as today's terrorists : Jacobins, democrats and republicans; machine breakers, food rioters, trade unionists, and Chartists; Irish, Scots, Canadian and even American rebels. While criminals in the eyes of the law, many of these prisoners were heroes and martyrs to their own communities, and are still revered in their homelands as freedom fighters and patriots, progressive thinkers, democrats and reformers. Yet in Australia, the land of their exile, memory of these rebels and their causes has dimmed. This is the first narrative history that brings together the stories of the political prisoners sent as convicts to Australia from all parts of the British Empire, spanning the early days of the penal settlement at Sydney Cove until transportation ended in 1868. Author Tony Moore asks who were these prisoners, and what led them to take the radical actions they did? Why did the authorities so fear these dissenters and

rebels, and was transportation effective in halting dissent? What became of the political convicts in Australia and who escaped or returned home?

Give Me Liberty Or Give Me Death (Annotated)-Patrick Henry 2020-12-22 "Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..

Active Liberty-Stephen Breyer 2007-12-18 A brilliant new approach to the Constitution and courts of the United States by Supreme Court Justice Stephen Breyer. For Justice Breyer, the Constitution's primary role is to preserve and encourage what he calls "active liberty": citizen participation in shaping government and its laws. As this book argues, promoting active liberty requires judicial modesty and deference to Congress; it also means recognizing the changing needs and demands of the populace. Indeed, the Constitution's lasting brilliance is that its principles may be adapted to cope with unanticipated situations, and Breyer makes a powerful case against treating it as a static guide intended for a world that is dead and gone. Using contemporary examples from federalism to privacy to affirmative action, this is a vital contribution to the ongoing debate over the role and power of our courts.

Anthem-Ayn Rand 2020-12-01 Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, Anthem takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

The life and death of mr. Badman-John Bunyan 1808

Jeanne D'Arc-Mrs. Oliphant (Margaret) 1896

The Life and Death of John of Barneveld-John Lothrop Motley 1874

On Liberty-John Stuart Mill 2016-08-05 In his much quoted, seminal work, On Liberty, John Stuart Mill attempts to establish standards for the relationship between authority and liberty. He emphasizes the importance of individuality which he conceived as a prerequisite to the higher pleasures-the summum bonum of Utilitarianism. Published in 1859, On Liberty presents one of the most eloquent defenses of individual freedom and is perhaps the most widely-read liberal argument in support of the value of liberty.

Vampire Liberty-George Palmer 2016-09-01 When Midshipman Samantha Wilson stepped out of the taxicab and took her first steps at Annapolis she had butterflies in her tummy and goosebumps on her arms. This was the culmination of her hard work and preparation. She was about to embark on the adventure of her life and she just hoped that she could handle it all. She worried that the men who had sent here would be let down if she didn't give the Naval Academy her best performance. She had come from the Fleet and her performance there had been what had got her ticket punched to come here. She'd caught some breaks along the way of course, and she knew a thing or two about the navy and how it worked. But this was Annapolis! This was the BIG Time! She turned and headed in to meet the Academy officials, hopefully she'd be able to create some more breaks for herself along the way. She couldn't just stand here all day; she'd freeze to death! She picked up her seabag and put on her best let-me-at-it smile, "Gangway Annapolis. Regular Navy comin' through!"

In Defence of the Terror-Sophie Wahnich 2012-08-07 For two hundred years after the French Revolution, the Republican tradition celebrated the execution of princes and aristocrats, defending the Terror that the Revolution inflicted upon on its enemies. But recent decades have brought a marked change in sensibility. The Revolution is no longer judged in terms of historical necessity but rather by "timeless" standards of morality. In this succinct essay, Sophie Wahnich explains how, contrary to prevailing interpretations, the institution of Terror sought to put a brake on legitimate popular violence—in Danton's words, to "be terrible so as to spare the people the need to be so"—and was subsequently subsumed in a logic of war. The Terror was "a process welded to a regime of popular sovereignty, the only alternatives being to defeat tyranny or die for liberty."

The Life and Death of Lizzie Morris-Robert Hays 2014-01 Life is good for Bradley Morris, an aging but vital World War II veteran, except for the nightmares and horrible memories of long-past days in combat. With his beloved wife Lizzie at his side, he travels back to the battlefield in Sicily where he was mortally wounded and his best friend died, and finds that facing his demons head-on helps bring peace of mind. But now he suddenly faces a far more painful situation: the potential loss of Lizzie, who appears to be in good health one minute and suffers a massive heart attack the next. As Lizzie lies in a coma and death seems near, others in the family accept what has to come. But Bradley refuses to give up. He relives in memory his and Lizzie's years together-their time as high school sweethearts, the ordeal of his going off to war, the trials of raising children, his alcoholism, and their learning and growing together through the racial strife surrounding the assassination of Dr. Martin Luther King Jr. in their home town of Memphis. Bradley gradually allows himself to acknowledge the inevitable and devotes himself to keeping promises made to Lizzie-particularly reconciliation with their son after a decades-old quarrel over the Vietnam war. And he must also find a way to overcome the guilt he feels for surviving his own war when his best friend did not. In the end, it is renewal of the faith he lost in battle that sees Bradley through.

The Sons of Liberty #1-Alexander Lagos 2012-06-27 Forget everything you thought you knew about America's early days-history packs a punch in this full-color, two-fisted, edge-of-your-seat adventure! Graphic novels are a revolution in literature, and The Sons of Liberty is a graphic novel like no other. Visual and visceral, fusing historical fiction and superhero action, this is a tale with broad appeal for younger readers who enjoy an exciting war story, for teenagers asking hard questions about American history, for adult fans of comic books, for anyone seeking stories of African American interest, and for reluctant readers young and old. In Colonial America, Graham and Brody are slaves on the run-until they gain extraordinary powers. At first they keep a low profile. But their mentor has another idea-one that involves the African martial art dambe . . . and masks. With its vile villains, electrifying action, and riveting suspense, The Sons of Liberty casts new light on the faces and events of pre-Revolution America, including Ben Franklin and the French and Indian War. American history has rarely been this compelling-and it's never looked this good. For more information and exclusive content, visit www.thesonsoflibertybook.com

Liberty's Apostle - Richard Price, His Life and Times-Paul Frame 2015-03-20 Born in the village of Llangeinor, near Bridgend in south Wales, Richard Price (1723-91) was, to his contemporaries, an apostle of liberty, an enemy to tyranny and a great benefactor of the human race. His friend Benjamin Franklin described aspects of his work as 'the foremost production of human understanding that this century has afforded us'. A supporter of the American and French Revolutions, Price corresponded with the likes of Jefferson, Adams, Washington, Mirabeau and Condorcet. In November 1789 he publicly welcomed the start of the French Revolution and thus inspired not only Edmund Burke to write his rebuttal in Reflections on the Revolution in France, but also the Revolution Controversy, 'the most crucial ideological debate ever carried on in English'. Price also brought to world attention the Bayes-Price Theorem on probability, which is the invisible background to so much in modern life, and wrote a fundamental text on moral philosophy. Yet, despite all this and more, he remains little-known beyond academia, a situation that this biography helps to rectify. Liberty's Apostle tells his life story through his published works and, fully for the first time, his now published correspondence with a host of eighteenth century celebrities. The life revealed is of a truly remarkable Welshman and, as Condorcet remarked, of 'one of the formative minds' of the eighteenth century Enlightenment.

Authority, Liberty and Function in the Light of the War-Ramiro de Maeztu 1916 "The contents of this book have appeared between March 1915 and June 1916 in the New age."--Pref. Also published in Spanish with title: La crisis del Lumanismo.

Choice- 1979

Lessons from a Son's Life... and Death-Merrit H. Hearing 2016-04-17 Have you lost a child to death? What becomes of your life? Well-meaning friends or church leaders sharing trite phrases or even Bible verses by rote rarely help. Keeping your grief to yourself and telling everyone you're fine won't cut it either. Is there any chance for a life of victory and hope after this devastation? Merrit Hearing brings you into his journey after his 16-year-old son drowned in the Pacific Ocean. Come find out that joy and sorrow can indeed walk hand-in-hand and discover a fresh intimacy with our Savior.

Herald of Gospel Liberty-Elias Smith 1904

The Secret History of the Court of France under Louis XV-Challice 1861

Death in Adam; but Life in Christ; shewing, the curse of God on mortal men to be the end of their being, or death; and that the gift of God in Christ is length of days for ever and ever, or life. Being a reply to W. Felton-Charles Skinner 1853

The Ghost of Mavis-Mary Lynn Plaisance 2017-04-11 Mavis dies at the age of 88. She's waiting at the Pearly Gates again, but this time she's in a wedding dress. She doesn't know why she's young. "Am I a ghost, again?" she asked her angel, and Danson replied to her, "Yes, Mavis, you're a ghost again, until you find the person you were destined to marry after Charlie died. You missed your lick. You didn't fulfill your destiny as Mavis in this life. You need to go back as a ghost until you find James Windsor. Your earth angel Anna will help you. There's a little girl who is waiting for you here in Heaven. Follow Mavis on her journey to find her second soul mate.

A Bargain Bride-Rebecca De Medeiros 2013-03-15 In a time when the west was wild...and the men were wilder... There came a challenge in the small town of Liberty, Texas. The objective in mind: Marriage. Bets are placed, and a race to the altar begins. Rough and tough rancher Gabriel O'Malley had never met a challenge he could not handle... until now. Fed up with his grandson's brooding ways, "Pops" O'Malley takes matters into his own hands, and orders a mail order bride for him. Besides wanting the best for Gabriel, there was a little matter of a bet going around that the old man was determined to win. The only problem was, his stubborn grandson was digging his heels "spurs deep" in and holding onto his bachelorhood ruining all of his grandfather's well laid plans. Gabriel, furious at his grandfather's conniving ways, was determined to rid himself of his unwanted "bride". He was going to live his life on his own terms come hell or high water, and settling down was not something he planned to do. Even if he did just after the woman who shows up on his doorstep. After the death of her parents, Melody Williams was left with nothing but her baby sister to raise and an eviction notice on her door. She thought that finding the advertisement for a mail order bride was her lucky break. That is, until she meets her groom. Statues are friendlier than this hombre. But Melody is also stubborn. No one is going to stop her from making a home for her sister, least of all the sexy, grumbling rancher she has come to marry. Sparks will fly, tempers will flare, kisses will be had and shoes will be thrown...As the battle of the sexes begins. Can love blossom? With the help of a bunch of wily old men, the town of Liberty is counting on it. But not everyone is hoping for a happily- ever -after for the couple. From the shadows, evil lurks waiting to strike the ranch. Will it all be destroyed before their new life together can even begin?

The Dance of Death-Mark Jones 1979

Memorial Services Held in the House of Representatives and Senate of the United States Together with Tributes Presented in Eulogy of George M. O'Brien, Late a Representative from Illinois, Ninety-ninth Congress, Second Session- 1987
