# [EPUB] Churchill's Promised Land: Zionism And Statecraft

Thank you for reading **Churchill's Promised Land: Zionism and Statecraft**. Maybe you have knowledge that, people have search hundreds times for their favorite books like this Churchill's Promised Land: Zionism and Statecraft, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they are facing with some harmful bugs inside their desktop computer.

Churchill's Promised Land: Zionism and Statecraft is available in our book collection an online access to it is set as public so you can get it instantly.

Our book servers hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Kindly say, the Churchill's Promised Land: Zionism and Statecraft is universally compatible with any devices to read

## **Churchill's Promised Land-**

David Makovsky 2007-01-01 A comprehensive examination of Churchill s complex political, diplomatic, and intellectual response to Zionism"

## **Churchill's Promised Land-**

Michael Makovsky 2007-08-01 When Dr. E. Fuller Torrey was

diagnosed with prostate cancer, none of the books he could find was current enough or comprehensive enough to satisfy his need for information. This book is for the hundreds of thousands of other men who each year receive the same frightening diagnosis. It is the book Dr. Torrey wished he had when he was facing the countless questions that a man with prostate cancer, and his

family and friends, all confront. Complete, up-to-date, and readable, the book explains how to come to terms with the diagnosis of prostate cancer, evaluate the severity of the disease, and assess the variety of treatment options and their complications. Many chapters provide information other books barely consider, such as a full discussion of the causes of prostate cancer and an evaluation of other books on the subject. Also included is a summary of the most useful websites. The author mixes his personal experience with factual material, and he maintains a reassuring sense of humour. His advice is practical, with dozens of tips and lists including 'Ten Steps to Sanity for Men Recently Diagnosed with Prostate Cancer'. With Dr. Torrey's book in hand, readers can now tackle all the important decisions about prostate cancer, confident in having the most accurate and complete information available.

### **Churchill's Promised Land-**

Michael Makovsky 2008-09-01  
This book is the first to

explore fully the role that Zionism played in the political thought of Winston Churchill. Michael Makovsky traces the development of Churchill's positions toward Zionism from the period leading up to the First World War through his final years as prime minister in the 1950s. Setting Churchill's attitudes toward Zionism within the context of his overall worldview as well as within the context of twentieth-century British diplomacy, Makovsky offers a unique contribution to our understanding of Churchill. Moving chronologically, the book looks at Churchill's career within the context of several major themes: his own worldview and political strategies, his understanding of British imperial interests, the moral impact of the Holocaust, his commitment to ideals of civilization, and his historical sentimentalism. While Churchill was largely sympathetic to the Jews and to the Zionist impulse, he was not without inconsistencies in his views and policies over the years. Makovsky's book illuminates key aspects of Middle Eastern history; Zionist history; and British

political, imperial, and diplomatic history; and further helps us understand one of the pivotal figures of the twentieth century.

### **Churchill and the Jews-**

Martin Gilbert 2008-09-02 An insightful history of Churchill's lifelong commitment—both public and private—to the Jews and Zionism, and of his outspoken opposition to anti-Semitism Winston Churchill was a young man in 1894 when Captain Alfred Dreyfus, a Jewish officer in the French army, was convicted of treason and sent to Devil's Island. Despite the prevailing anti-Semitism in England as well as on the Continent, Churchill's position was clear: he supported Dreyfus, and condemned the prejudices that had led to his conviction. Churchill's commitment to Jewish rights, to Zionism—and ultimately to the State of Israel—never wavered. In 1922, he established on the bedrock of international law the right of Jews to emigrate to Palestine. During his meeting with David Ben-Gurion in 1960, Churchill

presented the Israeli prime minister with an article he had written about Moses, praising the father of the Jewish people. Drawing on a wide range of archives and private papers, speeches, newspaper coverage, and wartime correspondence, Churchill's official biographer, Sir Martin Gilbert, explores the origins, implications, and results of Churchill's determined commitment to Jewish rights, opening a window on an underappreciated and heroic aspect of the brilliant politician's life and career.

### **Churchill and the Jews,**

**1900-1948**-Michael J. Cohen 2013-09-13 Churchill's exalted position in the pantheon of Jewish and Zionist heroes has been almost taken for granted. This book looks beyond the myth and makes a sober reappraisal of the British statesman's attitudes and policies towards the Jews and to Zionism.

### **A Land of Two Peoples-**

Downloaded from  
[stewartbrown.com](http://stewartbrown.com) on May  
7, 2021 by guest

Martin Buber 2005-02-15  
Theologian, philosopher, and political radical, Martin Buber (1878-1965) was actively committed to a fundamental economic and political reconstruction of society as well as the pursuit of international peace. In his voluminous writings on Arab-Jewish relations in Palestine, Buber united his religious and philosophical teachings with his politics, which he felt were essential to a life of public dialogue and service to God. Collected in *A Land of Two Peoples* are the private and open letters, addresses, and essays in which Buber advocated binationalism as a solution to the conflict in the Middle East. A committed Zionist, Buber steadfastly articulated the moral necessity for reconciliation and accommodation between the Arabs and Jews. From the Balfour Declaration of November 1917 to his death in 1965, he campaigned passionately for a "one state solution. With the Middle East embroiled in religious and ethnic chaos, *A Land of Two Peoples* remains as relevant today as it was when it was first published more than

twenty years ago. This timely reprint, which includes a new preface by Paul Mendes-Flohr, offers context and depth to current affairs and will be welcomed by those interested in Middle Eastern studies and political theory.

**Legacy of Empire**-Gardner Thompson 2019-09-05 It is now more than seventy years since the creation of the state of Israel, yet its origins and the British Empire's historic responsibility for Palestine remain little known. Confusion persists too as to the distinction between anti-Zionism and anti-Semitism. In *Legacy of Empire*, Gardner Thompson offers a clear-eyed review of political Zionism and Britain's role in shaping the history of Palestine and Israel. Thompson explores why the British government adopted Zionism in the early twentieth century, issuing the Balfour Declaration in 1917 and then retaining it as the cornerstone of their rule in Palestine after the First World War. Despite evidence and warnings, over the next two decades Britain would facilitate the colonisation of

Arab Palestine by Jewish immigrants, ultimately leading to a conflict which it could not contain. Britain's response was to propose the partition of an ungovernable land: a 'two-state solution' which - though endorsed by the United Nations after the Second World War - has so far brought into being neither two states nor a solution. A highly readable and compelling account of Britain's rule in Palestine, *Legacy of Empire* is essential for those wishing to better understand the roots of this enduring conflict.

**Operation Exodus**-Gordon Thomas 2010-10-26 The riveting chronicle of Jewish war survivors and their flight on the dramatic voyage of Exodus 1947, the international incident that gained sympathy for the formation of Israel The underground Jewish group Haganah arranged for the purchase of a small American steamer as part of an ambitious and daring mission: to serve as lifeboat for more than four thousand survivors of Nazi rule and transport

them to Palestine. Renamed Exodus 1947, the ship and its young crew left France en route to the future state of Israel. The Holocaust survivors aboard Exodus endured even more hardships when the Royal Navy stopped the ship in international waters, used force in boarding (killing two passengers and one crewmember) and eventually deported its human cargo to internment camps in Germany. The death of the ship's captain in late 2009 generated headlines throughout the world. Enriched with new survivors' testimonies and previously unpublished documentation, *Operation Exodus* is the deeply moving saga of a people who risked all in search for a home.

**Churchill as Peacemaker**-James W. Muller 2003-11-13 This book examines Churchill's actions as a peacemaker and peacekeeper.

**The Myths of Zionism**-John Rose 2004-09-20 Ancient, medieval and modern, this book is a critical account of

Downloaded from  
[stewartbrown.com](http://stewartbrown.com) on May  
7, 2021 by guest

the historical, political and cultural roots of Zionism. Scrutinising the roots of the myths of Zionism and mobilising recent scholarship, John Rose shows how many of these stories, as with other mythologies, have no basis in fact. However, because Zionism is a living political force and these myths have been used to justify very real and political ends - namely, the expulsion and continuing persecution of the Palestinians. John Rose separates fact from fiction presenting a detailed analysis of their origins and development. This includes a challenge to Zionism's biblical claims using very recent and very startling Israeli archaeological conclusions. This book shows clearly how Zionism makes many false claims on Jewish religion and history.

**Land and Nation in England**-Paul Readman 2011  
New examination of how land politics were closely entwined with the idea of Englishness.

**Winston and Clementine**-Mary Soames 2001-02 Letters offer an intimate portrait of a remarkable partnership

**Essential Papers on Zionism**-Jehuda Reinharz 1996 Zionism, more than any other social and political movement in the modern era, has completely and fundamentally altered the self-image of the Jewish people and its relations with the non-Jewish world. As the dominant expression of Jewish nationalism, Zionism revolutionized the very concept of Jewish peoplehood, taking upon itself the transformation of the Jewish people from a minority into a majority, and from a diaspora community into a territorial one. Bringing together for the first time the work of the most distinguished historians of Zionism and the Yishuv (pre-state Israeli society), many never before translated into English, this volume offers a comprehensive treatment of the history of Zionism. The contributions are diverse, examining such topics as the ideological development of

the Jewish nationalist movement, Zionist trends in the Land of Israel, and relations between Jews, Arabs, and the British in Palestine. Contributors include: Jacob Katz, Shmuel Almog, Yosef Salmon, David Vital, Steven J. Zipperstein, Michael Heymann, Jonathan Frankel, George L. Berlin, Israel Oppenheim, Gershon Shaked, Joseph Heller, Hagit Lavsky, and Bernard Wasserstein.

**My Promised Land**-Ari Shavit 2013-11-19 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the

beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young

man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present.

The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for *My Promised Land* "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, *Financial Times* "[A] must-read book."—Thomas L. Friedman, *The New York Times* "Important and powerful . . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, *The New York Times Book Review* "Spellbinding . . . Shavit's prophetic voice carries lessons that all sides need to hear."—*The Economist* "One of the most nuanced and challenging books written on Israel in years."—*The Wall Street Journal*

**Major Farran's Hat**-David Cesarani 2009 Documents the controversial trial of

decorated war officer Roy Farran for the 1947 murder of Jewish teen activist Alexander Rubowitz, describing related protests by the Zionist underground, the impact of Great Britain's conflict with Palestine, and the contributions of such figures as Bernard Montgomery, Menachem Begin, and Golda Meir.

### **Britain's Moment in**

**Palestine**-Michael J Cohen  
2014-02-24 In 1917, the British issued the Balfour Declaration for military and strategic reasons. This book analyses why and how the British took on the Palestine Mandate. It explores how their interests and policies changed during its course and why they evacuated the country in 1948. During the first decade of the Mandate the British enjoyed an influx of Jewish capital mobilized by the Zionists which enabled them not only to fund the administration of Palestine, but also her own regional imperial projects. But in the mid-1930s, as the clouds of World War Two gathered, Britain's commitment to

Zionism was superseded by the need to secure her strategic assets in the Middle East. In consequence she switched to a policy of appeasing the Arabs. In 1947, Britain abandoned her attempts to impose a settlement in Palestine that would be acceptable to the Arab States and referred Palestine to the United Nations, without recommendations, leaving the antagonists to settle their conflict on the battlefield. Based on archival sources, and the most up-to-date scholarly research, this comprehensive history offers new insights into Arab, British and Zionist policies. It is a must-read for anyone with an interest in Palestine, Israel, British Colonialism and the Middle East in general.

**A State at Any Cost**-Tom Segev 2019-09-24 2019 National Jewish Book Award Finalist "[A] fascinating biography . . . a masterly portrait of a titanic yet unfulfilled man . . . this is a gripping study of power, and the loneliness of power."  
—The Economist As the

founder of Israel, David Ben-Gurion long ago secured his reputation as a leading figure of the twentieth century. Determined from an early age to create a Jewish state, he thereupon took control of the Zionist movement, declared Israel's independence, and navigated his country through wars, controversies and remarkable achievements. And yet Ben-Gurion remains an enigma—he could be driven and imperious, or quizzical and confounding. In this definitive biography, Israel's leading journalist-historian Tom Segev uses large amounts of previously unreleased archival material to give an original, nuanced account, transcending the myths and legends that have accreted around the man. Segev's probing biography ranges from the villages of Poland to Manhattan libraries, London hotels, and the hills of Palestine, and shows us Ben-Gurion's relentless activity across six decades. Along the way, Segev reveals for the first time Ben-Gurion's secret negotiations with the British on the eve of Israel's independence, his willingness to countenance the forced

transfer of Arab neighbors, his relative indifference to Jerusalem, and his occasional “nutty moments”—from UFO sightings to plans for Israel to acquire territory in South America. Segev also reveals that Ben-Gurion first heard about the Holocaust from a Palestinian Arab acquaintance, and explores his tempestuous private life, including the testimony of four former lovers. The result is a full and startling portrait of a man who sought a state “at any cost”—at times through risk-taking, violence, and unpredictability, and at other times through compromise, moderation, and reason. Segev's Ben-Gurion is neither a saint nor a villain but rather a historical actor who belongs in the company of Lenin or Churchill—a twentieth-century leader whose iron will and complex temperament left a complex and contentious legacy that we still reckon with today.

**Anonymous Soldiers**-Bruce Hoffman 2016 Draws on newly available documents from the National Archives in Britain to chronicle the

7, 2021 by guest

historical events and key campaigns that led to the creation of Israel.

### **The Hundred Years' War on Palestine**-Rashid Khalidi

2020-01-28 A landmark history of one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East, told through pivotal events and family history In 1899, Yusuf Diya al-Khalidi, mayor of Jerusalem, alarmed by the Zionist call to create a Jewish national home in Palestine, wrote a letter aimed at Theodore Herzl: the country had an indigenous people who would not easily accept their own displacement. He warned of the perils ahead, ending his note, "in the name of God, let Palestine be left alone." Thus Rashid Khalidi, al-Khalidi's great-great-nephew, begins this sweeping history, the first general account of the conflict told from an explicitly Palestinian perspective. Drawing on a wealth of untapped archival materials and the reports of generations of family members—mayors, judges, scholars, diplomats,

and journalists—The Hundred Years' War on Palestine upends accepted interpretations of the conflict, which tend, at best, to describe a tragic clash between two peoples with claims to the same territory. Instead, Khalidi traces a hundred years of colonial war on the Palestinians, waged first by the Zionist movement and then Israel, but backed by Britain and the United States, the great powers of the age. He highlights the key episodes in this colonial campaign, from the 1917 Balfour Declaration to the destruction of Palestine in 1948, from Israel's 1982 invasion of Lebanon to the endless and futile peace process. Original, authoritative, and important, The Hundred Years' War on Palestine is not a chronicle of victimization, nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides. In reevaluating the forces arrayed against the Palestinians, it offers an illuminating new view of a conflict that continues to this day.

### **English Zionists and**

### **British Jews**-Stuart Cohen

2014-07-14 Demonstrating that the reaction of the Anglo-Jewish community to modern Jewish nationalism was far more complex than conventionally thought, Stuart A. Cohen argues that the conflict between Zionists and anti-Zionists, although often stated in strictly ideological terms, was also an aspect of a larger contest for community control. Originally published in 1982. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

### **Carnival in Tel Aviv**-Hizky

Shoham 2014-01-21 The Tel Aviv annual Purim celebrations were the largest public events in British Palestine, and they played a key role in the development of the urban Jewish experience in the Promised Land. Carnival in Tel-Aviv presents a historical-anthropological analysis of this mass public event and explores the ethnographic dimension of Zionism. This study sheds new light on the ideological world of urban Zionism, the capitalistic aspects of Zionist culture, and the urban nature of the Zionist project, which sought to create a nation of warriors and farmers, but in fact nationalized the urban space and constructed it as its main public sphere.

### **Mongrels or Marvels-**

Deborah A. Starr 2011-05-17 The writings of Jacqueline Shohet Kahanoff (1917-1979) offer a refreshing reassessment of Arab-Jewish relations in the Middle East. A member of the bourgeois Jewish community in Cairo, Kahanoff grew up in a time of

coexistence. She spent the years of World War II in New York City, where she launched her writing career with publications in prominent American journals. Kahanoff later settled in Israel, where she became a noted cultural and literary critic. Mongrels or Marvels offers Kahanoff's most influential and engaging writings, selected from essays and works of fiction that anticipate contemporary concerns about cultural integration in immigrant societies. Confronted with the breakdown of cosmopolitan Egyptian society, and the stereotypes she encountered as a Jew from the Arab world, she developed a social model, Levantinism, that embraces the idea of a pluralist, multicultural society and counters the prevailing attitudes and identity politics in the Middle East with the possibility of mutual respect and acceptance.

**The Memory Chalet**-Tony Judt 2010-11-11 A New York Times Book Review Notable Book of the Year "It might be thought the height of poor taste to ascribe good fortune

to a healthy man with a young family struck down at the age of sixty by an incurable degenerative disorder from which he must shortly die. But there is more than one sort of luck. To fall prey to a motor neuron disease is surely to have offended the Gods at some point, and there is nothing more to be said. But if you must suffer thus, better to have a well-stocked head." - Tony Judt The Memory Chalet is a memoir unlike any you have ever read before. Each essay charts some experience or remembrance of the past through the sieve of Tony Judt's prodigious mind. His youthful love of a particular London bus route evolves into a reflection on public civility and interwar urban planning. Memories of the 1968 student riots of Paris meander through the divergent sex politics of Europe, before concluding that his generation "was a revolutionary generation, but missed the revolution." A series of road trips across America lead not just to an appreciation of American history, but to an eventual acquisition of citizenship. Foods and trains and long-lost smells all

compete for Judt's attention; but for us, he has forged his reflections into an elegant arc of analysis. All as simply and beautifully arranged as a Swiss chalet—a reassuring refuge deep in the mountains of memory.

### **Troublesome Young Men-**

Lynne Olson 2008-04-29 Describes how, in 1940, a group of rebellious Tory members of Parliament defied the appeasement policies of British Prime Minister Neville Chamberlain to force his resignation and bring to power Winston Churchill.

### **The Zionist Masquerade-J.**

Renton 2007-10-17 This book offers a new interpretation of a critical chapter in the history of the Zionist-Palestine conflict and the British Empire in the Middle East. It contends that the Balfour Declaration was one of many British propaganda policies during the World War I that were underpinned by misconceived notions of ethnicity, ethnic power and nationalism.

### **Racing Against History-Rick**

Richman 2018-01-30 Racing Against History is the stunning story of three powerful personalities who sought in 1940 to turn the tide of history. David Ben-Gurion, Vladimir Jabotinsky, and Chaim Weizmann—the leaders of the left, right, and center of Zionism—undertook separate missions that year to America, then frozen in isolationism, to seek support for a Jewish army to fight Hitler. Their efforts were at once heroic and tragic. The book presents a portrait of three historic figures and the American Jewish community—at the beginning of the most consequential decade in modern Jewish history—and a cautionary tale about divisions within the Jewish community at a time of American isolationism. Based on previously unpublished materials, the book sheds new light on Zionism in America and the history of World War II, and it aims to stimulate discussion about the evolving relationship between Israel and American Jews, as the Jewish State approaches its 70th anniversary under the

Downloaded from  
[stewartbrown.com](http://stewartbrown.com) on May  
7, 2021 by guest

continuing threat of annihilation. A book for general readers, history buffs and academics alike, it includes 75 pages of End Notes that enable readers to pursue the stunning story in further depth.

### **Writing Mathematically-**

Candia Morgan 2002-01-04

School mathematics curricula internationally tend to emphasise problem-solving and have led to the development of opportunities for children to do maths in a more open, creative way. This has led to increased interest in 'performance-based' assessment, which involves children in substantial production of written language to serve as 'evidence' of their mathematical activity and achievement. However, this raises two important questions. Firstly, does this writing accurately present children's mathematical activity and ability? Secondly, do maths teachers have sufficient linguistic awareness to support their students in developing skills and knowledge necessary for

writing effectively in their subject area? The author of this book takes a critical perspective on these questions and, through an investigation of teachers' readings and evaluations of coursework texts, identifies the crucial issues affecting the accurate assessment of school mathematics.

### **A History of the English-Speaking Peoples since 1900-**

Andrew Roberts

2010-12-16 Prize-winning

British historian tells the story of the English-speaking peoples in the 20th century  
Winston Churchill's History of the English-Speaking Peoples ended in 1900. Andrew Roberts, Wolfson History prizewinner has been inspired by Churchill's example to write the story of the 20th century. Churchill wrote: 'Every nation or group of nations has its own tale to tell. Knowledge of the trials and struggles is necessary to all who would comprehend the problems, perils, challenges, and opportunities which confront us today' It is in the hope that

contemplation of the trials and tribulations of our forefathers may not only fortify the English-speaking peoples of today, but also play some small part in uniting the whole world, that I present this account.' As the greatest of all the trials and tribulations of the English-speaking peoples took place in the twentieth century, Roberts' book covers the four world-historical struggles in which the English-speaking peoples have been engaged - the wars against German Nationalism, Axis Fascism, Soviet Communism and now the War against Terror. But just as Churchill did in his four volumes, Roberts also deals with the cultural, social and political history of the English global diaspora.

### **How to Fight Anti-Semitism**-Bari Weiss 2019

"No longer the exclusive province of the far right and far left, anti-semitism finds a home in identity politics and the reaction against identity politics, in the renewal of "America first" isolationism and the rise of one-world socialism. An ancient hatred

increasingly allowed into modern political discussion, anti-semitism has been migrating toward the mainstream in dangerous ways, amplified by social media and a culture of conspiracy that threatens us all. This timely book is Weiss's *cri de couer*: an unnerving reminder that Jews must never lose their hard-won instinct for danger, and a powerful case for renewing Jewish and liberal values to guide us through this uncertain moment. Not just for the sake of America's Jews, but for the sake of America"--

**When Soldiers Quit**-Bruce Watson 1997 A study of the disintegration of military groups under the strain of combat.

### **A Line in the Sand: The Anglo-French Struggle for the Middle East, 1914-1948**

-James Barr 2012-01-09 Uses recently declassified French and British government documents to describe how

the two countries secretly divided the Middle East during World War I and the effect these mandates had on local Arabs and Jews.

### **Hitler, the Germans, and the Final Solution-**

Ian Kershaw 2008-05-28 This volume presents a comprehensive, multifaceted picture both of the destructive dynamic of the Nazi leadership and of the attitudes and behavior of ordinary Germans as the persecution of the Jews spiraled into total genocide.

### **Not the Israel My Parents Promised Me-**

Harvey Pekar 2014-07-01 In Not the Israel My Parents Promised Me, one of the final graphic memoirs from the man who defined the genre, Harvey Pekar explores what it means to be Jewish and what Israel means to the Jews. Pekar's mother was a Zionist by way of politics, his father by way of faith, and he inevitably grew up a staunch supporter of Israel. But as he became attuned to the wider world, Pekar began to

question his parents' most fundamental beliefs. This book is the full account of that questioning. Over the course of a single day in his hometown of Cleveland, Ohio, Pekar and the illustrator JT Waldman wrestle with the mythologies passed down to them, weaving a personal and historical odyssey of uncommon wit and power. With an epilogue written by Joyce Brabner, Not the Israel My Parents Promised Me is an essential book for fans of Harvey Pekar and anyone interested in the past and future of the Jewish state.

### **History of Zionism, 1600-1918-**

Nahum Sokolow 1919

### **Jewish Book World- 2008**

### **Palestine +100-**

Basma Ghalayini 2019 "Poses a question to twelve Palestinian writers: what might your country look like in the year 2048 - a century after the tragedies and trauma of what has come to be called the

Nakba? How might this event - which, in 1948, saw the expulsion of over 700,000 Palestinian Arabs from their homes - reach across a century of occupation, oppression, and political isolation, to shape the country and its people? Will a lasting peace finally have been reached, or will future technology only amplify the suffering and mistreatment of Palestinians? Covering a range of approaches - from SF noir, to nightmarish dystopia, to high-tech farce - these stories use the blank canvas of the future to reimagine the Palestinian experience today. Along the way, we encounter drone swarms, digital uprisings, time-bending VR, peace treaties that span parallel universes, and even a Palestinian superhero, in probably the first anthology of science fiction from Palestine ever."--Publisher.

**Their Finest Hour**-Winston Churchill 1978

**Israeli Exceptionalism**-M. Alam 2009-11-09 This book discusses the small band of

European Zionists, who entered the world stage in late 19th century, determined to create a Jewish state and considers how, at that time in Europe, Jewish-Gentile frictions were local problems, whilst today in Israel they have come to form the pivot of global conflict.

**God's Country**-Samuel Goldman 2018-02-02 The United States is Israel's closest ally in the world. The fact is undeniable, and undeniably controversial, not least because it so often inspires conspiracy theorizing among those who refuse to believe that the special relationship serves America's strategic interests or places the United States on the right side of Israel's enduring conflict with the Palestinians. Some point to the nefarious influence of a powerful "Israel lobby" within the halls of Congress. Others detect the hand of evangelical Protestants who fervently support Israel for their own theological reasons. The underlying assumption of all such accounts is that America's support for Israel

must flow from a mixture of collusion, manipulation, and ideologically driven foolishness. Samuel Goldman proposes another explanation. The political culture of the United States, he argues, has been marked from the very beginning by a Christian theology that views the American nation as deeply implicated in the historical fate of biblical Israel. God's Country is the first book to tell the complete story of Christian Zionism in American political and religious thought from the Puritans to 9/11. It identifies three sources of American Christian support for a Jewish state: covenant, or the idea of an ongoing relationship between God and the Jewish people; prophecy, or biblical predictions of return to The Promised Land; and cultural affinity, based on shared values and similar institutions. Combining original research with insights from the work of historians of American religion, Goldman crafts a provocative narrative that chronicles Americans' attachment to the State of Israel.

**I Am Cyrus**-Craig von Buseck  
2019-04-22 Improbable, if not impossible. How could a people who'd been scattered for two millennia reestablish a homeland on their ancient soil? Against all odds, an irresistible desire to return grew in courageous Jewish men and women who set out to rebuild their decimated homeland. Help came first through Great Britain's pledge to restore Palestine to the Jews. Britain, however, nearly reneged on that promise just as the Jews faced the Nazi Holocaust. Near the end of WWII, an unlikely man rose to the presidency of the United States. Harry S. Truman, a farmer and failed business owner, would decide not only the fate of Jewish survivors but also the future of their homeland. As a vote approached in the fledgling United Nations, pressure mounted. Truman slammed the White House doors shut to all who wanted to discuss Jewish statehood. Could anyone persuade the most powerful man in the world to reconsider? I Am Cyrus tells the epic story of Israel's rebirth--promises made, promises broken, and
