**Leading with Dignity**-Donna Hicks 2019-10-01

What every leader needs to know about dignity and how to create a culture in which everyone thrives This landmark book from an expert in dignity studies explores the essential but under-recognized role of dignity as part of good leadership. Extending the reach of her award-winning book *Dignity: Its Essential Role in Resolving Conflict*, Donna Hicks now contributes a specific, practical guide to achieving a culture of dignity. Most people know very little about dignity, the author has found, and when leaders fail to respect the dignity of others, conflict and distrust ensue. She highlights three components of leading with dignity: what one must know in order to honor dignity and avoid violating it; what one must do to lead with dignity; and how one can create a culture of dignity in any organization, whether corporate, religious, governmental, healthcare, or beyond. Brimming with key research findings, real-life case studies, and workable recommendations, this book fills an

important gap in our understanding of how best to be together in a conflict-ridden world.

**Dignity**-Donna Hicks 2011-09-06 Describes the elements of dignity, how to recognize violations of dignity, and ways to respond to restore broken relationships.

**Saving Face**-Maya Hu-Chan 2020-06-09 Organizations now need to attract, retain, and motivate teams and employees across distance, time zones, and cultural differences. Building authentic and lasting human relations may be the most important calling for leaders in this century. According to management and global leadership specialist Maya Hu-Chan, the concept

of “saving face” can help any leader preserve dignity and create more empathetic cross-cultural relationships. “Face” represents one's self-esteem, self-worth, identity, reputation, status, pride, and dignity. Saving face is often understood as saving someone from embarrassment, but it's also about developing an understanding of the background and motivations of others to discover the unique facets we all possess. Without that understanding, we risk causing others to lose face without even knowing it. Hu-Chan explains saving face through anecdotes and practical tools, such as her BUILD leadership model (Benevolence, Understanding, Interacting, Learning, and Delivery). This book illustrates how we can give face to create positive first impressions, avoid causing others to lose face, and, most importantly, build trust and lasting relationships inside and outside the workplace.

**Discipline with Dignity, 4th Edition**—Richard L. Curwin 2018-04-16 In this revised and updated

4th edition, *Discipline with Dignity* provides in-depth guidance for implementing a proven approach to classroom management that can help students make better choices and teachers be more effective. Emphasizing the importance of mutual respect and self-control, the authors offer specific strategies and techniques for building strong relationships with disruptive students and countering the toxic social circumstances that affect many of them, including dysfunctional families, gangs, and poverty. Educators at all levels can learn \* The difference between formal and informal discipline systems and when to use each. \* The role of values, rules, and consequences. \* How to address the underlying causes of discipline problems that occur both in and out of school. \* What teachers can do to defuse or prevent classroom disruptions and disrespectful behavior without removing students from the classroom. \* Why traditional approaches such as threats, punishments, and rewards are ineffective--and what to do instead. \* How to use relevance, teacher enthusiasm, choice, and other elements

of curriculum and instruction to motivate students. \* How to reduce both teacher and student stress that can trigger power struggles. With dozens of specific examples of student-teacher interactions, Discipline with Dignity illustrates what you can do--and not do--to make the classroom a place where students learn and teachers maintain control in a nonconfrontational way. The goal is success for all, in schools that thrive.

**Dignity at Work**-Randy Hodson 2001-09-10  
Dignity at Work describes workers' efforts to maintain and defend their dignity in the workplace.

**Death with Dignity**-Robert Orfali 2011 In this book the author makes a case for legalized physician-assisted dying. Using the latest data from Oregon and the Netherlands, he puts a new slant on perennial debate topics such as "slippery slopes," "the integrity of medicine," and "sanctity

of life." This book provides an in-depth look at how we die in America today. It examines the shortcomings of our end-of-life system. You will learn about terminal torture in hospital ICUs and about the alternatives: hospice and palliative care. The author scrutinizes the good, the bad, and the ugly. He provides a critique of the practice of palliative sedation. The book makes a strong case that assisted dying complements hospice. By providing both, Oregon now has the best palliative-care system in America. This book, above all, may help you or someone you care about navigate this strange landscape we call "end of life." It can be an informed guide to "a good death" in the age of hospice and high-tech medical intervention.

**Leading with Humility**-Rob Nielsen 2013-10-08  
The media is saturated with images of leaders as powerful, headstrong individuals, who are certain of their position and willing to do whatever it takes to achieve their organizational goals or personal ambitions. In reality, far too

often, a leader's ego gets in the way of sound decision making, adversely affecting the organization and the individuals involved. This insightful book, based on cutting edge research, advances a new model for understanding effective leadership. Nielsen, Marrone and Ferraro advocate the idea of leading with humility, a trait that is rarely discussed and frequently misunderstood. Humble leaders consider their own strengths, weaknesses and motives in making decisions, demonstrating concern for the common good, and exercising their influence for the benefit of all. Leading with Humility offers students and leaders clarity in understanding the connection between leadership and humility, and teaches them how to enhance their own abilities to become better leaders.

**Dignity for All**-Peter DeWitt 2012-03-06 All students deserve a safe, respectful school environment Students who identify as lesbian, gay, bi-sexual, or transgendered are susceptible

to dropping out of school. This book provides professional development ideas and real-life vignettes that will help educational leaders foster a more caring school culture not only for LGBT students, but for all students. Peter DeWitt provides specific strategies for school leaders that include: Implementing a student code of conduct and school board policies to safeguard students Helping staff members recognize and respond to overt and covert LGBT issues Ways to include appropriate LGBT topics in the curriculum Supporting Gay-Straight Alliances (GSA) in middle and high school settings

**At Liberty to Die**-Howard Ball 2013-07-01

"Ball's arguments are concise, compelling, and backed with considerable case law. This volume is highly recommended for upper-level undergraduates and above in law, philosophy, and the medical humanities interested in the 'right to die' debates. Summing up: Highly recommended." —Choice Over the past hundred years, average life expectancy in America has

nearly doubled, due largely to scientific and medical advances, but also as a consequence of safer working conditions, a heightened awareness of the importance of diet and health, and other factors. Yet while longevity is celebrated as an achievement in modern civilization, the longer people live, the more likely they are to succumb to chronic, terminal illnesses. In 1900, the average life expectancy was 47 years, with a majority of American deaths attributed to influenza, tuberculosis, pneumonia, or other diseases. In 2000, the average life expectancy was nearly 80 years, and for too many people, these long lifespans included cancer, heart failure, Lou Gehrig's disease, AIDS, or other fatal illnesses, and with them, came debilitating pain and the loss of a once-full and often independent lifestyle. In this compelling and provocative book, noted legal scholar Howard Ball poses the pressing question: is it appropriate, legally and ethically, for a competent individual to have the liberty to decide how and when to die when faced with a terminal illness? At Liberty to Die charts how, the right of

a competent, terminally ill person to die on his or her own terms with the help of a doctor has come deeply embroiled in debates about the relationship between religion, civil liberties, politics, and law in American life. Exploring both the legal rulings and the media frenzies that accompanied the Terry Schiavo case and others like it, Howard Ball contends that despite raging battles in all the states where right to die legislation has been proposed, the opposition to the right to die is intractable in its stance. Combining constitutional analysis, legal history, and current events, Ball surveys the constitutional arguments that have driven the right to die debate.

**Everybody Matters**-Bob Chapman 2015 "Bob Chapman, CEO of the \$1.7 billion manufacturing company Barry-Wehmiller, is on a mission to change the way businesses treat their employees." - Inc. Magazine Starting in 1997, Bob Chapman and Barry-Wehmiller have pioneered a dramatically different approach to

leadership that creates off-the-charts morale, loyalty, creativity, and business performance. The company utterly rejects the idea that employees are simply functions, to be moved around, "managed" with carrots and sticks, or discarded at will. Instead, Barry-Wehmiller manifests the reality that every single person matters, just like in a family. That's not a cliché on a mission statement; it's the bedrock of the company's success. During tough times a family pulls together, makes sacrifices together, and endures short-term pain together. If a parent loses his or her job, a family doesn't lay off one of the kids. That's the approach Barry-Wehmiller took when the Great Recession caused revenue to plunge for more than a year. Instead of mass layoffs, they found creative and caring ways to cut costs, such as asking team members to take a month of unpaid leave. As a result, Barry-Wehmiller emerged from the downturn with higher employee morale than ever before. It's natural to be skeptical when you first hear about this approach. Every time Barry-Wehmiller acquires a company that relied on traditional

management practices, the new team members are skeptical too. But they soon learn what it's like to work at an exceptional workplace where the goal is for everyone to feel trusted and cared for--and where it's expected that they will justify that trust by caring for each other and putting the common good first. Chapman and coauthor Raj Sisodia show how any organization can reject the traumatic consequences of rolling layoffs, dehumanizing rules, and hypercompetitive cultures. Once you stop treating people like functions or costs, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. Frustrated workers stop taking their bad days out on their spouses and kids. And everyone stops counting the minutes until it's time to go home. This book chronicles Chapman's journey to find his true calling, going behind the scenes as his team tackles real-world challenges with caring, empathy, and inspiration. It also provides clear steps to transform your own workplace, whether you lead two people or two hundred thousand. While the Barry-

Wehmler way isn't easy, it is simple. As the authors put it: "Everyone wants to do better. Trust them. Leaders are everywhere. Find them. People achieve good things, big and small, every day. Celebrate them. Some people wish things were different. Listen to them. Everybody matters. Show them."

**Love Works**-Joel Manby 2020-03-17 Harness the meaning of love, the verb, to improve your corporate culture and bottom line with the help of Joel Manby, former President and CEO of both SeaWorld Parks & Entertainment and Herschend Enterprises. Joel won the respect of America with his appearance on the CBS reality TV series Undercover Boss. A highly successful corporate executive, Joel Manby is unlike most other CEOs. As the 18 million viewers of Undercover Boss witnessed, Manby has a unique style of leadership--servant leadership--which has a profound impact on his employees. In this updated and expanded edition of Love Works, Manby demonstrates that leading with love is

effective even in extremely difficult business environments, which he experienced at SeaWorld. With an all-new introduction and two additional chapters, Manby shares more of his own leadership and personal stories, giving insight that will help you become a more effective leader by: Cultivating a culture that builds improved employee engagement and long-term success Outlining seven time-proven principles that break down the natural walls within the workplace Overcoming personal failures at work and home Empowering your managers and employees Disarming difficulties in the workplace Discover the truth of the power of love to change the course of your business and your life today!

**I'm Still Here**-Austin Channing Brown  
2018-05-15 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB X HELLO SUNSHINE BOOK PICK • From a leading voice on racial justice, an eye-opening account of growing up Black, Christian, and female that exposes how

white America's love affair with "diversity" so often falls short of its ideals. "Austin Channing Brown introduces herself as a master memoirist. This book will break open hearts and minds."—Glennon Doyle, #1 New York Times bestselling author of Untamed Austin Channing Brown's first encounter with a racialized America came at age seven, when she discovered her parents named her Austin to deceive future employers into thinking she was a white man. Growing up in majority-white schools and churches, Austin writes, "I had to learn what it means to love blackness," a journey that led to a lifetime spent navigating America's racial divide as a writer, speaker, and expert helping organizations practice genuine inclusion. In a time when nearly every institution (schools, churches, universities, businesses) claims to value diversity in its mission statement, Austin writes in breathtaking detail about her journey to self-worth and the pitfalls that kill our attempts at racial justice. Her stories bear witness to the complexity of America's social fabric—from Black Cleveland neighborhoods to private schools in

the middle-class suburbs, from prison walls to the boardrooms at majority-white organizations. For readers who have engaged with America's legacy on race through the writing of Ta-Nehisi Coates and Michael Eric Dyson, I'm Still Here is an illuminating look at how white, middle-class, Evangelicalism has participated in an era of rising racial hostility, inviting the reader to confront apathy, recognize God's ongoing work in the world, and discover how blackness—if we let it—can save us all.

### **Leadership by the Good Book**-David L.

Steward 2020-05-12 Leadership by the Good Book will inspire, empower, and equip men and women to lead their businesses, their teams, their ministries, and even their families to greater heights and to have an eternal impact. For David L. Steward, founder and chairman of World Wide Technology, his philosophy for building a successful business is simple and founded on a Biblical principle: "For even the Son of Man did not come to be served, but to

serve" (Mark 10:45 NIV). As a business leader, he says, the first priority is to serve employees. Together with Brandon K. Mann, these two leaders distill their wisdom in this field guide for leaders who want to bring respect, integrity, honesty, and trust to the workplace. Steward and Mann draw from personal experiences as well as share insights and examples of how God's Word has informed and influenced their leadership. Each chapter ends with a section titled Your Leadership Flywheel: Learn, Live, Lead, Legacy, which includes self-reflection questions, application of biblical principles, as well as a prayer.

**Brave Talk**-Melody Stanford Martin 2020-09-22  
When we disagree about fundamental issues, especially issues such as politics or religion, it can be incredibly difficult to maintain close interpersonal relationships. These differences have ended friendships and caused rifts in families. We need a tool to help us build more resilient relationships despite real and present

differences. In *Brave Talk*, communications expert Melody Stanford Martin offers just such a tool: impasse. By learning to treat every conflict as if it's an impasse and temporarily suspend our desire to resolve differences, we make space for deeper understanding and stronger ties. *Brave Talk* offers hands-on skill-building in critical thinking, power sharing, and rhetoric. Combining real-life storytelling, engaging illustrations, and rigorous academic sources, this book blends humor, creativity, and interactive learning to help everyday people develop better skills for navigating conflict in order to build stronger relationships and healthier communities.

**Human Dignity, Human Rights, and Responsibility**-Yechiel Michael Barilan 2012-09-14  
A novel and multidisciplinary exposition and theorization of human dignity and rights, brought to bear on current issues in bioethics and biolaw. "Human dignity" has been enshrined in international agreements and national constitutions as a fundamental human

right. The World Medical Association calls on physicians to respect human dignity and to discharge their duties with dignity. And yet human dignity is a term—like love, hope, and justice—that is intuitively grasped but never clearly defined. Some ethicists and bioethicists dismiss it; other thinkers point to its use in the service of particular ideologies. In this book, Michael Barilan offers an urgently needed, nonideological, and thorough conceptual clarification of human dignity and human rights, relating these ideas to current issues in ethics, law, and bioethics. Combining social history, history of ideas, moral theology, applied ethics, and political theory, Barilan tells the story of human dignity as a background moral ethos to human rights. After setting the problem in its scholarly context, he offers a hermeneutics of the formative texts on Imago Dei; provides a philosophical explication of the value of human dignity and of vulnerability; presents a comprehensive theory of human rights from a natural, humanist perspective; explores issues of moral status; and examines the value of

responsibility as a link between virtue ethics and human dignity and rights. Barilan accompanies his theoretical claim with numerous practical illustrations, linking his theory to such issues in bioethics as end-of-life care, cloning, abortion, torture, treatment of the mentally incapacitated, the right to health care, the human organ market, disability and notions of difference, and privacy, highlighting many relevant legal aspects in constitutional and humanitarian law.

**Leading with Honor**-Lee Ellis 2012-05-14 Make Every Step Count on Your Leadership Journey How did American Military leaders in the brutal POW camps of North Vietnam inspire their followers for six, seven, or eight years to remain committed to the mission, resist a cruel enemy, and return home with honor? What leadership principles engendered such extreme devotion, perseverance, and teamwork? In this powerful and practical book, Lee Ellis, a former Air Force pilot, candidly talks about his five and a half years of captivity and the fourteen key leadership

principles behind this amazing story. As a successful executive coach and corporate consultant, he helps leaders of Fortune 500 companies, healthcare executives, small business owners, and entrepreneurs utilize these same pressure-tested principles to increase their personal and organizational success. In *Leading with Honor: Leadership Lessons from the Hanoi Hilton*, you will learn: - an approximately 250-word description of the book as you'd like to see posted online, keeping in mind that this should be enticing to consumers ? ? ? Courageous lessons from POW leaders facing torture in the crucible of captivity. How successful teams are applying these same lessons and principles. How to implement these lessons using the Coaching sessions provided in each chapter. In the book's Foreword, Senator John McCain states, "In *Leading with Honor*, Lee draws from the POW experience, including some of his own personal story, to illustrate the crucial impact of leadership on the success of any organization. He highlights lessons and principles that can be applied to every leadership situation." This book

is ideal for individual or group study as a personal development, coaching, human resource development, or executive training resource.

**Dignity as a Human Right?**-George P. Smith  
2018-11-27 This book examines the place of human dignity as a normative standard, principle, or right in domestic and global health care decision-making. The contentious issue of end-of-life care serves the foundation of the analysis of human dignity as a human right.

**Culture, Class, and Race**-Brenda CampbellJones  
2020 Advancing equity in our schools and society requires deep thought and honest conversations about tough topics. These conversations about emotionally charged subjects, including race, class, and culture, can be daunting. Authors Brenda CampbellJones, Shannon Keeny, and Franklin CampbellJones, experts in research and equitable practices, guide you through a meaningful framework for

thinking about, preparing for, and having such critical conversations. They invite you to ponder your own cultural identity and assumptions, reflect and deeply consider values and beliefs, and then understand how these factors affect your conversations and interactions with others. They provide essential information about the types of conversations and behaviors we all consciously and subconsciously exhibit and witness, with authentic stories and experiences from people who have used the authors' framework to enrich their communities. As you explore the information and activities in this book that are specifically designed to help you scaffold new ideas into practice, you and your colleagues will examine biases and begin to build equitable experiences for all students. The book's field-tested approach enables every educator to grow professionally by using the power of conversation to develop trust, ask powerful questions, really hear the answers--and learn together in ways that strengthen and invigorate the school and community.

**Dignity**-Remy Debes 2017 In everything from philosophical ethics to legal argument to public activism, it has become commonplace to appeal to the idea of human dignity. In such contexts, the concept of dignity typically signifies something like the fundamental moral status belonging to all humans. Remarkably, however, it is only in the last century that this meaning of the term has become standardized. Before this, dignity was instead a concept associated with social status. Unfortunately, this transformation remains something of a mystery in existing scholarship. Exactly when and why did "dignity" change its meaning? And before this change, was it truly the case that we lacked a conception of human worth akin to the one that "dignity" now represents? In this volume, leading scholars across a range of disciplines attempt to answer such questions by clarifying the presently murky history of "dignity," from classical Greek thought through the Middle Ages and Enlightenment to the present day.

**Doing Poorly on Purpose**-James R. Delisle  
2018-01-16 With *Doing Poorly on Purpose*, veteran educator James R. Delisle dispels the negative associations and stereotypes connected to underachievement. By focusing on smart kids who get poor grades—not because they’re unable to do better in school but because they don’t want to—Delisle presents a snapshot of underachievement that may look far different from what you envision it to be. There is no such thing as a “classic underachiever.” Students (and their reasons for underachieving) are influenced by a wide range of factors, including self-image, self-concept, social-emotional relationships, and the amount of dignity teachers afford their students. Helping “smart” students achieve when they don’t want to is not an easy task, but you can reengage and inspire students using Delisle’s insights and practical advice on these topics: \* Autonomy \* Access \* Advocacy \* Alternatives \* Aspirations \* Approachable Educators Smart, underachieving students need the reassurance that they are capable, valuable, and worth

listening to despite their low academic performance. If these students—who are otherwise academically capable—don’t feel they are getting respect from those in charge of their learning, then the desire to conform and achieve is minimized. In a word, they want dignity. Don’t we all?

**Human Dignity and the Adjudication of Environmental Rights**-Dina L. Townsend  
2020-06-26 Focusing on contemporary debates in philosophy and legal theory, this groundbreaking book provides a compelling enquiry into the nature of human dignity. The author not only illustrates that dignity is a concept that can extend our understanding of our environmental impacts and duties, but also highlights how our reliance on and relatedness to the environment further extends and enhances our understanding of dignity itself.

**Heroic Leadership**-Chris Lowney 2009-04-30

Leadership Principles for Lasting Success  
Leadership makes great companies, but few of us truly understand how to turn ourselves and others into great leaders. One company—the Jesuits—pioneered a unique formula for molding leaders and in the process built one of history’s most successful companies. In this groundbreaking book, Chris Lowney reveals the leadership principles that have guided the Jesuits for more than 450 years: self-awareness, ingenuity, love, and heroism. Lowney shows how these same principles can make each of us a dynamic leader in the twenty-first century.

**Leading with Values**-Edward D. Hess  
2006-08-03 Values-based leadership is based upon honesty, respect, trust and dignity, and it regards every employee within a company as a valued human being. This book describes the characteristics of leaders who focus on positivity and virtues to create and sustain highly successful organizations such as Synovus Financial Corporation, HomeBanc Mortgage

Company, and the United States Marine Corps. It also addresses leader mistakes and forgiveness, and how difficulties and challenges can be overcome to achieve spectacular results. This inspiring book offers practical advice that can be applied to individual leadership styles and roles. As society tries to rebound from the recent scandals involving fraud, financial improprieties, and unethical behavior among its leadership, the fundamental message of *Leading with Values* is clear: acting ethically and virtuously, and treating all stakeholders with respect and dignity, can create extraordinary outcomes without sacrificing performance and profits.

**Ego Free Leadership**-Brandon Black  
2017-03-14 2017 Silver Nautilus Winner 2018 Indie Book Award Finalist Take your ego out of the equation, and watch your company thrive! “I’ve got a solution,” Encore’s CFO tells Brandon, “but it’s unorthodox.” It’s 2005 and Brandon Black has just been promoted to CEO of Encore Capital, a company struggling to navigate an

increasingly difficult business environment. Faced with a rapidly declining stock price and low workplace morale, Brandon knows he needs change—and fast. Following his CFO's advice, he and his executive team start working with Learning as Leadership (LaL) and its president, Shayne Hughes. Through their partnership, Encore's executive team learns to root out the unproductive ego habits that undermine collaboration and performance. As they instill these more effective behaviors throughout the organization, Encore begins to solve problems collectively, prioritize resources without infighting, and focus on the initiatives with the greatest strategic value. When the financial crisis of 2008–09 forces 90 percent of its competitors out of business, Encore thrives, with its profits increasing by 300 percent and its stock price by 1200 percent. Told from two lively first-person perspectives, Ego Free Leadership brings readers along for Encore's incredible success story. They'll see a CEO overcome his unconscious resistance to modeling the change he wants in his team and discover a time-tested

roadmap for eliminating the destructive effects of the ego in teams and organizations.

**She Said**-Jodi Kantor 2019-09-10 The instant New York Times bestseller. "An instant classic of investigative journalism... 'All the President's Men' for the Me Too era." — Carlos Lozada, The Washington Post From the Pulitzer Prize-winning reporters who broke the news of Harvey Weinstein's sexual harassment and abuse for the New York Times, Jodi Kantor and Megan Twohey, the thrilling untold story of their investigation and its consequences for the #MeToo movement For many years, reporters had tried to get to the truth about Harvey Weinstein's treatment of women. Rumors of wrongdoing had long circulated. But in 2017, when Jodi Kantor and Megan Twohey began their investigation into the prominent Hollywood producer for the New York Times, his name was still synonymous with power. During months of confidential interviews with top actresses, former Weinstein employees, and other sources, many disturbing and long-

buried allegations were unearthed, and a web of onerous secret payouts and nondisclosure agreements was revealed. These shadowy settlements had long been used to hide sexual harassment and abuse, but with a breakthrough reporting technique Kantor and Twohey helped to expose it. But Weinstein had evaded scrutiny in the past, and he was not going down without a fight; he employed a team of high-profile lawyers, private investigators, and other allies to thwart the investigation. When Kantor and Twohey were finally able to convince some sources to go on the record, a dramatic final showdown between Weinstein and the New York Times was set in motion. Nothing could have prepared Kantor and Twohey for what followed the publication of their initial Weinstein story on October 5, 2017. Within days, a veritable Pandora's box of sexual harassment and abuse was opened. Women all over the world came forward with their own traumatic stories. Over the next twelve months, hundreds of men from every walk of life and industry were outed following allegations of wrongdoing. But did too much change—or not

enough? Those questions hung in the air months later as Brett Kavanaugh was nominated to the Supreme Court, and Christine Blasey Ford came forward to testify that he had assaulted her decades earlier. Kantor and Twohey, who had unique access to Ford and her team, bring to light the odyssey that led her to come forward, the overwhelming forces that came to bear on her, and what happened after she shared her allegation with the world. In the tradition of great investigative journalism, *She Said* tells a thrilling story about the power of truth, with shocking new information from hidden sources. Kantor and Twohey describe not only the consequences of their reporting for the #MeToo movement, but the inspiring and affecting journeys of the women who spoke up—for the sake of other women, for future generations, and for themselves.

**Leadership Reformed**-Sen Sendjaya 2019-12-18  
This book presents the gospel as a sensemaking tool to critically examine five areas of personal

leadership effectiveness, namely desire, identity, dignity, motive, and ambition. Every tipping point in changing the world for the better always involves leadership. Yet history also illustrates that even formidable leaders are prone to derailment and failures. Contrary to the popular idea that leaders need to enhance their self-efficacy to be effective, the focus of self is misguided because the self is the epicenter of the leadership problem. The author posits that the preoccupation with the self (and consequently, unbelief in the gospel) is the fundamental reason why leaders are blinded by power and control, create their own performance treadmill, live for the approval of others, and have myopic ambitions for things of this world. Drawing on biblical insights and scholarly research, the leadership principles outlined in the book and their street-level applications will equip both novice and seasoned leaders to begin and end well.

**Life, Liberty and the Defense of Dignity**-Leon

Kass 2004-01-01 At the onset of "Life, Liberty and the Defense of Dignity," Leon Kass gives us a status report on where we stand today: "Human nature itself lies on the operating table, ready for alteration, for eugenic and psychic 'enhancement,' for wholesale redesign. In leading laboratories, academic and industrial, new creators are confidently amassing their powers and quietly honing their skills, while on the street their evangelists are zealously prophesying a posthuman future. For anyone who cares about preserving our humanity, the time has come for paying attention." Trained as a medical doctor and biochemist, Dr. Kass has become one of our most provocative thinkers on bioethical issues. Now, in this brave and searching book, he also establishes himself as a prophetic voice summoning us to think deeply about the new biomedical technologies threatening to take us back to the future envisioned by Aldous Huxley in "Brave New World." As in Huxley's dystopia, where life has been smoothed out by genetic manipulation, psychoactive drugs and high tech amusement,

our own accelerating efforts to master reproduction and genetic endowment, to retard aging, and to conquer illness, imperfection, and death itself are animated by our most humane and progressive aspirations. But we are walking too quickly down the road to physical and psychological utopia, Kass believes, without pausing to assess the potential damage to our humanity from this brave new biology. In a series of meditations on cloning, embryo research, the human genome project, the sale of organs, and the assault on mortality itself, Kass evaluates the ongoing effort to break down the natural boundaries given us and to remake the human body into an instrument of our will. What does it mean to treat nascent human life as raw material to be exploited? What does it mean to blur the line between procreation and manufacture? What are the proper limits to this project for the remaking of human nature? These are the questions we should be asking to prevent runaway scientism with its utopian longings from reshaping humankind in the image of our own choosing. Kass believes that technology has done

and will continue to do wonders for our health and longevity and that we have much to be thankful for. But there is more at stake in the biological revolution that saving life and avoiding death. We must also strive to protect the ideas and practices that give us dignity and keep us human. "Life, Liberty and the Defense of Dignity" challenges us to confront the posthuman future that may await us by thinking deeply about the life and death issues we face today.

**Virtuous Leadership**-Alexandre Havard  
2017-03-31 Drawing on the lives of some of the greatest political, intellectual and religious leaders of modern times, and the author's personal experience, *Virtuous Leadership* demonstrates that leadership and virtue are not only compatible, they are actually synonymous. *Virtuous Leadership* defines each of the classical human virtues most essential to leadership - magnanimity, humility, prudence, courage, self-control and justice. It demonstrates how these virtues promote personal transformation and the

attainment of self-fulfillment. It also considers the Christian supernatural virtues of faith, hope and charity without which no study of leadership can be complete. The book's final section, Towards Victory, offers a methodology for the achievement of interior growth tailored to the needs of busy, professional people intent on imbuing their lives with a transcendent purpose. Thus, the aim of Virtuous Leadership is ultimately practical. It is meant to be your guidebook in the quest for excellence.

**WOLFPACK**-Abby Wambach 2019-04-09 Based on her inspiring, viral 2018 commencement speech to Barnard College's graduates in New York City, New York Times bestselling author, two-time Olympic gold medalist and FIFA World Cup champion Abby Wambach delivers her empowering rally cry for women to unleash their individual power, unite with their pack, and emerge victorious together. Abby Wambach became a champion because of her incredible talent as a soccer player. She became an icon

because of her remarkable wisdom as a leader. As the co-captain of the 2015 Women's World Cup Champion Team, she created a culture not just of excellence, but of honor, commitment, resilience, and sisterhood. She helped transform a group of individual women into one of the most successful, powerful and united Wolfpacks of all time. In her retirement, Abby's ready to do the same for her new team: All Women Everywhere. In Wolfpack, Abby's message to women is: We have never been Little Red Riding Hood. We Are the Wolves. We must wander off the path and blaze a new one: together. She insists that women must let go of old rules of leadership that neither include or serve them. She's created a new set of Wolfpack rules to help women unleash their individual power, unite with their Wolfpack, and change the landscape of their lives and world: from the family room to the board room to the White House. · Make failure your fuel: Transform failure to wisdom and power. · Lead from the bench: Lead from wherever you are. · Champion each other: Claim each woman's victory as your own. · Demand the effing ball:

Don't ask permission: take what you've earned. In Abby's vision, we are not Little Red Riding Hoods, staying on the path because we're told to. We are the wolves, fighting for a better tomorrow for ourselves, our pack, and all the future wolves who will come after us.

### **How To Win Friends and Influence People-**

### **Leading from the Ice-**Kevin Hartzell

2014-10-12 "We need to refocus on leadership as a value important to our American republic. The book is a small effort in restarting the dialogue to stimulate the effort to produce more and better leadership on the ice and off.

### **Mrs. Kennedy and Me-**Clint Hill 2012-11-20 A

former Secret Service agent recounts his shared experiences with the former First Lady before and after her husband's death, discussing the birth of John, Jr., and Jackie's first encounters with Aristotle Onassis.

### **Becoming Ms. Burton-**Susan Burton

2019-02-12 Winner of the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards Winner of the 2017 Goddard Riverside Stephan Russo Book Prize for Social

Justice “Valuable . . . [like Michelle] Alexander’s The New Jim Crow.” —Los Angeles Review of Books “Susan Burton is a national treasure . . . her life story is testimony to the human capacity for resilience and recovery . . . [Becoming Ms. Burton is] a stunning memoir.” —Nicholas Kristof, in The New York Times Winner of the prestigious NAACP Image Award, a uniquely American story of trauma, incarceration, and “the breathtaking resilience of the human spirit” (Michelle Alexander) Widely hailed as a stunning memoir, *Becoming Ms. Burton* is the remarkable life story of the renowned activist Susan Burton. In this “stirring and moving tour-de-force” (John Legend), Susan Burton movingly recounts her own journey through the criminal justice system and her transformation into a life of advocacy. After a childhood of immense pain, poverty, and abuse in Los Angeles, the tragic loss of her son led her into addiction, which in turn led to arrests and incarceration. During the War on Drugs, Burton was arrested and would cycle in and out of prison for more than fifteen years. When, by chance, she finally received treatment,

her political awakening began and she became a powerful advocate for “a more humane justice system guided by compassion and dignity” (Booklist, starred review). Her award-winning organization, *A New Way of Life*, has transformed the lives of more than one thousand formerly incarcerated women and is an international model for a less punitive and more effective approach to rehabilitation and reentry. Winner of an NAACP Image Award and named a “Best Book of 2017” by the Chicago Public Library, here is an unforgettable book about “the breathtaking resilience of the human spirit” (Michelle Alexander).

**The 4 Stages of Psychological Safety**-Timothy R. Clark 2020-03-03 This book is the first practical, hands-on guide that shows how leaders can build psychological safety in their organizations, creating an environment where employees feel included, fully engaged, and encouraged to contribute their best efforts and ideas. Perhaps the leader's most challenging task

is to increase intellectual friction while decreasing social friction. When this doesn't happen and it becomes emotionally expensive to say what you truly think and feel, that lack of psychological safety triggers the self-censoring instinct, shuts down learning, and blocks collaboration and creativity. Timothy R. Clark, a former CEO, Oxford-trained social scientist, and organizational consultant, provides a research-based framework to help leaders transform their organizations into sanctuaries of inclusion and incubators of innovation. When leaders cultivate psychological safety, teams and organizations progress through four successive stages. First, people feel included and accepted; then they feel safe to learn, contribute, and finally, challenge the status quo. Clark draws deeply on psychology, philosophy, social science, literature, and his own experiences to show how leaders can, and must, set the tone and model the ideal behaviors—as he says, “you either show the way or get in the way.” This thoughtful and pragmatic guide demonstrates that if you banish fear, install true performance-based accountability,

and create a nurturing environment that allows people to be vulnerable as they learn and grow, they will perform beyond your expectations.

**Black Silent Majority**-Michael Javen Fortner 2015-09-07 Aggressive policing and draconian sentencing have disproportionately imprisoned millions of African Americans for drug-related offenses. Michael Javen Fortner shows that in the 1970s these punitive policies toward addicts and pushers enjoyed the support of many working-class and middle-class blacks, angry about the chaos in their own neighborhoods.

**The Handbook for Teaching Leadership**-Scott Snook 2011-09-21 The last twenty-five years have witnessed an explosion in the field of leadership education. This volume brings together leading international scholars across disciplines to chronicle the current state of leadership education and establish a solid foundation on which to grow the field. It encourages leadership

educators to explore and communicate more clearly the theoretical underpinnings and conceptual assumptions on which their approaches are based. It provides a forum for the discussion of current issues and challenges in the field and examines the above objectives within the broader perspective of rapid changes in technology, organizational structure, and diversity.

**The Dignity Revolution**-Daniel Darling

2018-09-01 Inspiring Christians to see people as God sees them and make a difference As Christians, we want to make a difference in this world. We want to have an impact not only on our immediate family and community, but on wider social issues. We want to protect the vulnerable and engage with the issues that really matter. But how? This book shows us how wonderful, liberating and empowering it is to be made in God's image. It will change how we see ourselves and other people. Some will feel the call to run for office... others will roll up their

sleeves and join the good work of non-profit ministry... and others might simply find little ways to incorporate this vision of human dignity into their everyday lives, and change their community one word, one action, one person at a time. Dan Darling shows us that each one of us can be, and are called to be, part of this new movement-a human dignity revolution that our societies desperately need, and how we-you-are uniquely placed to join. This compelling book shows you how to join the dignity revolution.

**All Labor Has Dignity**-Martin Luther King (Jr.)

2011 Presents a collection of speeches by the civil rights leader on the need for economic equality and justice, detailing his support of unions, labor reform, and call for an end to discrimination against African American workers.
