The World of Federico Forquet-Hamish Bowles 2020-09-15 A sweeping survey of the work of celebrated bon vivant Federico Forquet--whose decades-long design career has embraced couture fashion, elegant interiors, and imaginative gardens, reflecting both the best of Italian style and the dolce vita era of Rome. Through his long and crowded life, polyglot designer Federico Forquet has been by turns a couturier who learned his craft at Balenciaga's side and whose creations for his eponymous house clothed the best-dressed women of the day; a decorator of interiors of singular style and charm; a discriminating collector of rare and beautiful objects, furnishings, and pictures; and a creator of magical gardens. For the first time, the many worlds of this creative visionary are brought together in a richly illustrated celebration of style: from imagery of his lavish haute-couture gowns featured in 1960s and '70s Vogue, Harper's Bazaar, and other fashionable publications and worn by trendsetters such as Marella Agnelli, Sophia Loren, and Diana Vreeland to picturesque scenes of verdant Tuscan gardens and opulent, old-world Roman villas and palazzos decorated by Forquet. Accompanied by insightful texts from the design world's authoritative voices, this inspiring and utterly enchanting tome will appeal to readers fascinated by fashion, social history, gardens, interior design, and Italian style.

Nature Inside-Penny Sparke 2021-02-02 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th-century British parlors to contemporary "living walls" in commercial spaces, plants and flowers have long been incorporated into the design of public and private spaces. Spanning two centuries, Nature Inside explores the history and popularity of indoor plants, revealing the close relationship between architecture, interior design, and nature. Studying the international modern interior through the lens of plants in the human environment, author Penny Sparke attributes a degree of the interest in indoor plants to urbanization, and, more recently, the climate crisis, which serve as ongoing reminders that people must maintain a connection to, and respect for, the natural world. While architectural and interior design styles have evolved alongside the popularity of various plant species, the human need to bring nature indoors has remained constant.

Cloth That Changed the World-Sarah Fee 2019-12-31 The story of India's exuberantly colored textiles that made their mark on design, technology, and trade around the world Chintz, a type of multicolored printed or painted cotton cloth, originated in India yet exerted influence far beyond its home shores: it became a driving force of the spice trade in the East Indies, and it attracted European merchants, who by the 17th century were importing millions of pieces. In the 18th century, Indian chintz became so coveted globally that Europeans attempted to imitate its uniquely vibrant dyes and design--a quest that eventually sparked the mechanical and business innovations that ushered in the Industrial Revolution, with its far-reaching societal impacts. This beautifully illustrated book tells the fascinating and multidisciplinary stories of the widespread desire for Indian chintz over 1,000 years to its latest resurgence in modern fashion and home design. Based on the renowned Indian chintz collections held at the Royal Ontario Museum, the book showcases the genius of Indian chintz makers and the dazzling variety of works they have created for specialized markets: religious and court banners for India, monumental gilded wall hangings for elite homes in Europe and Thailand, luxury women's dress for England, sacred hangings for ancestral ceremonies in Indonesia, and today's runways of Lakme Fashion Week in Mumbai.

The Lonely Hearts Hotel-Heather O'Neill 2017-02-07 NAMED A BEST BOOK OF 2017 BY THE BOSTON GLOBE AND THE SAN FRANCISCO CHRONICLE "So filled with vivid descriptions and complex characters that the reader's experience is virtually cinematic. . . Utterly compelling." - The Washington Post A spellbinding story about two gifted orphans - in love with each other since they can remember - whose childhood talents allow them to rewrite their future. The Lonely Hearts Hotel is a love story with the power of legend. An unparalleled tale of charismatic pianos, invisible dance partners, radicalized chorus girls, drug-addicted musicians, brooding clowns, and an underworld whose economy hinges on the price of a kiss. In a landscape like this, it takes great creative gifts to thwart one's origins. It might also take true love. Two babies are abandoned in a Montreal orphanage in the winter of 1914. Before long, their talents emerge: Pierrot is a piano prodigy; Rose lights up even the dreariest room with her dancing and comedy. As they travel around the city performing clown routines, the children fall in love with each other and dream up a plan for the most extraordinary and seductive circus show the world has ever seen. Separated as teenagers, sent off to work as servants during the Great Depression, both descend into the city's underworld, dabbling in sex, drugs and theft in order to survive. But when Rose and Pierrot finally reunite beneath the snowflakes - after years of searching and desperate poverty - the possibilities of their childhood dreams are renewed, and they'll go to extreme lengths to make them come true. Soon, Rose, Pierrot and their troupe of clowns and chorus girls have hit New York, commanding the stage as well as the alleys, and neither the theater nor the underworld will ever look the same. With her musical language and extravagantly realized world, Heather O'Neill enchants us with a novel so magical there is no escaping its spell.

Dior in Bloom-Alain Stella 2020-11-24 Celebrating Dior's floral inspirations in fashion and perfume, this unique volume features a portfolio of rose portraits by acclaimed fashion photographer Nick Knight. For Christian Dior, perfume was "a door opening into a hidden world." His first, Miss Dior, inspired by the lush gardens of his childhood home in Normandy, forged an inextricable link between his fashion and fragrance creations. Other scents were inspired by evenings in southern France, lit with fireflies and scented with jasmine. The rose bowers of his family home in Granville; his old mill country house; and the Château de la Colle Noire near Grasse--where jasmine, tuberose, and May roses reign supreme and are still cultivated--inspired Dior's most memorable creations. Flowers were also at the heart of Dior's fashion, from the women-flowers that inspired the late 1940s New Look to the swishing, blossom-like ball gowns embroidered with lavish floral motifs. They have inspired all of the designers who followed him at the House of Dior, from Yves Saint Laurent to John Galliano, and Raf Simons to Maria Grazia Chiuri. This extraordinary volume blooms with color and inspiration, and includes rose portraits by Nick Knight, previously unpublished archival documents, exquisite details of embroidery and fabrics, perfumes, fashion sketches, and sublime fashion photographs.

Empires of the Sky-Alexander Rose 2020 "Of all people who might have solved the problem of human flight, few would have suspected Count Ferdinand von Zeppelin, a fusty, old-school member of the Württemberg nobility, recently ousted from the German military and convinced that a flying machine will be his ticket back to military glory. Instead, by the dawn of the twentieth century, he creates something much bigger: a system of flight that embodies the cutting edge of multiple sciences and a business that would last for decades and make his name synonymous with airships. Not even the Wright brothers, who were creating their competing technology at nearly the same moment, managed such close association. Zeppelin, aging, leaves his company in the hands of Hugo Eckener, his partner and publicity expert, who has a vision of the airship connecting people all over the world. He guides the Zeppelin Company, always on the brink of collapse, through the first world war and some of Germany's most difficult years, as he tries to establish the first airline route across the Atlantic. But, just as Zeppelin had a rival for the best flight technology in the Wright Bros., Eckener meets his match in Pan American's Juan Trippe in the race to secure a financially sustainable and popular airline business. Both Eckener and Trippe dream of establishing service between London and New York, a valuable, but surprisingly difficult route that sends them both first around the globe to perfect their machines and solidify their businesses. Only with the Hindenburg disaster in Lakehurst, New Jersey, and the distant rumblings of another world war, does the race come to an end. *The Airplane Has Won. Twilight of the Gods* is an epic history of the founding of the aviation age. From invention to competition, the battle to dominate the skies is the story of how the modern world was made"--

On Love and Youth-Sa'di 2018-07-09 Many of the stories in *On Love and Youth*, the fifth chapter of Sa'di's *Gulistan*, involve love affairs between men and youths: masters with slaves, princes with youthful subjects, teachers with schoolboys, and other variations. In most cases, the context of the relationship suggests that the youth is an adolescent or young man. For quite some time, readers in the English-speaking world had no idea Sa'di's *Gulistan* contained such stories, for translators either changed references to boys to refer to girls instead or, just as frequently, deleted the stories entirely. These three translations do not make that mistake.

Legendary Artists and the Clothes They Wore-Terry Newman 2019-05-14 Whether it's Cecil Beaton's flamboyant, classically tailored suits, Frida Kahlo's love of bright color, or Cindy Sherman's penchant for minimalism, an artist's attire often reflects the creative and spiritual essence of his or her work. In *Legendary Artists and the Clothes They Wore*, fashion authority Terry Newman presents more than forty fully illustrated profiles of masters whose enduring art bears an idiosyncratic stamp—and whose unique way of dress does the same through a signature look, hairstyle, or accessory—and explores the relationship between the two in detail. In that context, this colorful volume also examines the nonlinear sensibility that has always been the name of the game in what is considered modern style. It examines the dialogue between art and fashion as well as noteworthy artist and designer relationships, such as Yves Saint Laurent's Mondrian Collection, primary-colored shift dresses inspired by the painter's work, and Louis Vuitton's numerous groundbreaking collaborations with major artists, a concept initiated by designer Marc Jacobs that not only has launched some of the fashion industry's most successful bags, made the art of contemporary masters available to the world at large, and been copied widely ever since. Numerous compelling features—aneecdotes about the artists and their work; portraits of the artists in their studios; archival photographs; select pairings of fine art and runway imagery; quotations by artists, art critics, and designers—make this a rich, engaging study for fashion and art lovers alike.
