Bear-Robert Greenfield 2016-11-15
The creator of the dancing bear logo and designer of the Wall of Sound for the Grateful Dead, Augustus Owsley Stanley III, better known by his nickname, Bear, was one of the most iconic figures in the cultural revolution that changed both America and the world during the 1960s. Owsley's high octane rocket fuel enabled Ken Kesey and his Merry Pranksters to put on the Acid Tests. It also powered much of what happened on stage at Monterey Pop. Owsley turned on Pete Townshend of The Who and Jimi Hendrix. The shipment of LSD that Owsley sent John Lennon resulted in The Beatles' Magical Mystery Tour album and film. Convinced that the Grateful Dead were destined to become the world's greatest rock 'n' roll band, Owsley provided the money that kept them going during their early

days. As their longtime soundman, he then faithfully recorded many of the Dead's greatest live performances and designed the massive space age system that came to be known as the Wall of Sound. Award-winning author and biographer Robert Greenfield's definitive biography of this Grateful Dead legend masterfully takes us through Owsley's incredible life and times to bring us a full picture of this fascinating man for the first time.

Stones Touring Party-Robert Greenfield 2013-07-08
'A compelling account of the Stones trashing America during 1972... Greenfield was allowed the kind of access journalists can only dream of today' The Times The Stones' 1972 tour of the States was perhaps their best - and certainly most notorious - ever. Their previous visit in 1969 had ended in the nightmare of Altamont; now, three years later, they had just

recorded their two finest albums, *Sticky Fingers* and *Exile on Main Street*, and were musically in their prime - if also personally at their most dissolute and debauched. Robert Greenfield, one of America's finest writers, went along for the ride and came back with a riveting account of high living, excess and rock & roll fury, from the Playboy Mansion to the jail cells of Rhode Island. This was an extended tour Party, capital P, to which all America's hip, rich and glitzy were invited, from Truman Capote to Stevie Wonder, Annie Liebowitz to Hugh Hefner. The result has been acclaimed as one of the all-time classic music books. Published for some years by Helter Skelter under the title *A Journey Through America with the Rolling Stones*, it is now reissued by Aurum under its original title with a new introduction by the author. Robert Greenfield is also the author of *Exile on Main Street: A Season in Hell with the Rolling Stones* and biographies of Timothy Leary and Jerry Garcia. He lives in California.

The Last Sultan-Robert Greenfield 2012-11-06
As the founder and head of Atlantic Records, Ahmet Ertegun signed and/or recorded many of the greatest musical artists of all time, from Ray Charles to Kid Rock. Working alongside his older brother, Nesuhi, one of the preeminent jazz producers of all time, and the legendary Jerry Wexler, Ertegun transformed Atlantic Records from a small independent record label into a hugely profitable multinational corporation. In successive generations, he also served as a mentor to record-business tyros like Phil Spector, David Geffen, and Lyor Cohen. Brilliant, cultured, and irreverent, Ertegun was as renowned for his incredible sense of personal style and nonstop A-list social life as his work in the studio. Blessed with impeccable taste and brilliant business acumen, he brought rock 'n roll into the mainstream while creating the music that became the sound track for the lives of multiple generations.--From publisher description.

Live at the Fillmore East- 2000-10-10 From 1968 to 1971 Bill Graham's Fillmore East in New York City was the East coast Mecca for the music that shaped a generation. Not only that: thanks to a visionary technical staff and unsurpassed psychedelic light shows, the Fillmore East stage was the place where rock music became rock theater. Now available in paperback, the highly acclaimed *Live at the Fillmore East* tells the story

of its heyday with more than 200 black and white behind-the-scenes photographs and exclusive interviews. Included here are photos of the Who's premiere of *Tommy* in 1969; John and Yoko's surprise encore to a Frank Zappa concert; the jam between the Allman Brothers, the Grateful Dead, and Mick Fleetwood in 1970; Janis Joplin's first performance after singing with CBS records; Jimi Hendrix's New Year's Eve concerts; Van Morrison during the first-ever television taping of a rock concert in 1970; and many other defining moments of rock history "Amalie R. Rothschild's pictures bring back the entire Fillmore East experience in vivid detail. Rock and Roll was a baby back then and Bill Graham was it's midwife - he birthed the modern version of a rock and roll concert." -- Mickey Hart

Dark Star-Robert Greenfield 1997 A collection of reminiscences and anecdotes by family, fellow musicians, members of the Grateful Dead, and fans celebrates the life and career of the late Jerry Garcia

A Day in the Life-Robert Greenfield 2010-06-29
A Day in the Life is the story of how the ideal marriage between two young and extraordinarily beautiful members of the English upper class fell apart as the psychedelic dreams of the sixties gave way to the harsh, hard-rock reality of the seventies. A tender, moving, and often harrowing look at the moment in time when the counterculture collided with the international jet set, *A Day in the Life* captures the spirit of that era and the people who lived through it with unerring accuracy and heartfelt precision. When Tommy Weber and Susan "Puss" Coriat, London's most beautiful couple, were married in 1964, it was the fitting end to a storybook romance. But the fast cars Tommy loved to race, their celebrity friends, and the huge trust fund Puss had inherited masked a tortured truth - both had suffered through oppressive and neglectful childhoods and were now caught up in a wildly extravagant lifestyle that neither Puss' inheritance nor Tommy's increasingly desperate schemes could support. Six years later, Puss found herself wandering around India with her two sons while Tommy, who was now smuggling drugs to survive, lived in London with a stunning young actress. *A Day in the Life* is also the stirring account of how the couple's two sons - one of whom is the well-known actor Jake Weber - somehow managed to survive a childhood that

would have destroyed those of lesser spirit. An unbelievable true-life tale that often reads like a novel, *A Day in the Life* follows the fortunes and misfortunes of one remarkable family while also introducing us to an extensive cast of supporting characters that includes Keith Richards, Anita Pallenberg, Mick Jagger, Jimi Hendrix, Eric Clapton, George Harrison, John Lennon, and Charlotte Rampling, as well as many of the movers and shakers who helped create the "Swinging London" scene.

Nearing Home-Billy Graham 2013-05-06 But I do not account my life of any value nor as precious to myself, if only I may finish my course and the ministry that I received from the Lord Jesus, to testify to the gospel of the grace of God. —Acts 20:24 (ESV) Growing old has been the greatest surprise of my life," says Billy Graham, known by many as God's Ambassador. "I would have never guessed what God had in store for me, and I know that as I am nearing home, He will not forsake me the last mile of the way." In *Nearing Home* this man of faith—now in his nineties—explores the challenges of aging while gleaning foundational truths from Scripture. Billy Graham invites us to journey with him as he considers the golden years while anticipating the hope of being reunited with his wife, Ruth, in his heavenly home that eclipses this world. "When granted many years of life, growing old in age is natural, but growing old with grace is a choice," says the author. "Growing older with grace is possible for all who will set their hearts and minds on the Giver of grace, the Lord Jesus Christ." Join Billy Graham as he shares the challenges of fading strength but still standing strong in his commitment to finishing life well. "Explore with me not only the realities of life as we grow older but also the hope and fulfillment and even joy that can be ours once we learn to look at these years from God's point of view and discover His strength to sustain us every day." —BILLY GRAHAM

The Reason for My Hope-Billy Graham 2013-10-22 What is the most hopeful word in History? For Billy Graham, that word is SALVATION. Salvation from what? From our selfish and self-destructive selves. From the messes we get ourselves into. From the sin that has haunted humanity from the beginning of time and the evil that pulls us down every day. From the cultural deceptions that blind us to God's saving

message. From the Hell so many don't believe in. If we don't think we need salvation, we're fooling ourselves. If we think we are beyond salvation, we're underestimating God. If we just don't want to think about salvation, we're putting ourselves in eternal peril. At the age of ninety-five Billy Graham proclaims God's Gospel with resolve and deep compassion. It is a message he has been preaching for more than seventy years. And in this book you will sense its urgency, filled with hope for the future. "Believe on the Lord Jesus Christ, and you will be saved" (Acts 16:31) From America's evangelistic elder statesman: Salvation is what we all long for, when we are lost or in danger or have made a mess of our lives. And salvation belongs to us, when we reach out for the only One who can rescue us, Jesus. The saving message of the Gospel is the heartbeat of this preacher and evangelist. Millions around the world have heard Billy Graham proclaim this unchanging truth. He has never forgotten the transformation of his own life, when he first said yes to God's gift of salvation, and he has witnessed multitudes turn their hearts to the God of Hope. *The Reason for My Hope: Salvation* presents the essence of that transformative message. It is biblical and timeless, and though simple and direct, it is far from easy. There are hard words, prophetic words, directed toward a culture that denies the reality of sin and distracts us from the veracity of Hell. But through its ominous warnings shines a light that cannot be extinguished, a beacon of hope that Jesus came to seek and to save that which was lost. (Luke 19:10).

Fever-Peter Richmond 2007-04-17 The first major biography of the legendary singer—an enthralling account of a charismatic artist moving through the greatest, most glamorous era of American music "I learned courage from Buddha, Jesus, Lincoln, and Mr. Cary Grant." So said Peggy Lee, the North Dakota girl who sang like she'd just stepped out of Harlem. Einstein adored her; Duke Ellington dubbed her "the Queen." With her platinum cool and inimitable whisper she sold twenty million records, made more money than Mickey Mantle, and along with pals Frank Sinatra and Bing Crosby presided over music's greatest generation. Yet beneath the diamonds she was still Norma Delores Egstrom, insecure and always looking for acceptance. Drawing on exclusive interviews and new information, Peter Richmond delivers a complex, compelling portrait of an artist and an era that begins with a girl plagued by loss, her father's alcoholism, and her stepmother's abuse. One day she gets on a train hoping her music will lead her someplace better. It does—to a new town and a new name; to cities and clubs where a gallery of brilliant innovators are ushering in a brand-new beat; to four marriages, a daughter, Broadway, Vegas, and finally Hollywood. Richmond traces how Peggy rose, right along with jazz itself, becoming an unstoppable hit-maker ("Fever," "Mañana," "Is That All There Is?"). We see not only how this unforgettable star changed the rhythms of music, but also how—with her drive to create, compose, and perform—she became an artist whose style influenced k.d. lang, Nora Jones, and Diana Krall. *Fever* brings the lady alive again—and makes her swing.

It is amazing how Stan Lake has taken the lessons of life expressed in and through animals, insects, and nature to show with scripture the truth of God's creation. I met Stan when he was a student with us at the Vision for Evangelism for the Next Generation weekend at the Billy Graham Library. His heart is truly that others might know the One who created all. Stan uses nature and the Creator 's words to share creative devotions to build His Kingdom."
