Warman's Collector's Coin Folder Set-Warman's 2010-10-22

Lincoln Cent 1909-1958 Collector's Folder-Warman's 2009-11-28 To do its part in the war effort, the U.S. Mint changed from a copper cent to a zinc-coated steel version for one year, in 1943. Rumor quickly spread that anyone who found a 1943 copper cent would be rewarded with a car from Ford. Now you can display your collection of the legendary Lincoln cents of 1909 to 1958 in this beautiful four-panel coin folder. Larger in size than the average folder, this unit has room for 144 coins, the most of any similar folder.

The Old Farmer's Almanac 2020, Trade Edition-Old Farmer's Almanac 2019-09-03 It's another new year celebrating everything under the Sun, including the Moon, with The Old Farmer's Almanac, America's oldest continuously published periodical! Always timely, topical, and distinctively "useful, with a pleasant degree of humor," the Almanac has been beloved for centuries by people from all walks of life. As the nation's iconic calendar, the 2020 edition will forecast cultural, culinary, and other life-changing trends; preview notable astronomical events; provide time- and money-saving tips for gardeners of all varieties; set the hook for best fishing days; forecast traditionally 80 percent-accurate weather; and cover a range of related topics, including anniversaries, folklore, husbandry, home remedies, recipes, amusement, contests, and more--too much more to mention--all in the inimitable way it has done since 1792.

Coin Collector's Handbook-Scott Barman

United States Mint in Philadelphia, The-Joshua McMorrow-Hernandez 2018-11-12 As the ink was drying on the Declaration of Independence, the Constitution, and other documents that established the United States, millions of Americans hungered for new legal tender coinage from the young sovereign nation. Following calls by Alexander Hamilton and other Founding Fathers for the nation to issue its own money, Congress passed legislation to officially establish the United States Mint in 1792. Growing from its humble beginnings as a collection of small buildings in the nation's onetime capital city of Philadelphia, the United States Mint now stands along Independence National Historical Park as the largest coin factory in the world. While the Philadelphia Mint is one of several official United States coin manufacturing facilities, it remains the heart of coining operations in the nation and is also one of the most popular attractions in "The City of Brotherly Love."

Historical Common Names of Great Plains Plants, with Scientific Names Index: Volume II: Scientific Names Index-Elaine Nowick 2014-10-01 Containing thousands of entries of both vernacular and scientific names of Great Plains plants, the literature that informs this exhaustive listing spans nearly 300 years. Author Elaine Nowick has drawn from sources as diverse as Linnaeus, Lewis and Clark, and local university extension publications to compile the gamut of practical, and often fanciful, common plant names used over the years. Each common name is accompanied by a definitive scientific name with references and authority information. Interspersed with scientifically-correct botanical line drawings, the entries are written in standard ICBN format, making this a useful volume for scholars as well as lay enthusiasts alike. Volume 2 indexes the scientific names of those species, followed by listings of all the common names applied to them. Both volumes refer the common and scientific names back to a list of 190 pertinent authoritative sources.
