Barber Quarters, 1892-1916-Whitman Publishing LLC 1988-02-01

A History of Modern South Asia-Ian Talbot 2016-01-28 Noted historian Ian Talbot has written a new history of modern South Asia that

considers the Indian Subcontinent in regional rather than in solely national terms. A leading expert on the Partition of 1947, Talbot focuses here on the combined history of India, Pakistan, and Bangladesh since 1757 and specifically on the impact of external influences on the local peoples and cultures. This text explores the region's colonial and postcolonial past, and the cultural and economic Indian reaction to the years of British authority, thus viewing the transformation of modern South Asia through the lens of a wider world.

America the Beautiful Quarters Collector's Folder 2010-2021-United States Mint
2010-05-04 Beginning in 2010, the United States Mint will issue newly designed quarters featuring a national park or other site approximately every ten weeks—and this compact folder is the perfect place for collectors to store each new coin. Complete with historical information and details of the Congressional Act that initiated this special program, the folder will keep this commemorative series organized, accessible, and easy to show off. The noteworthy sites will come from all 50 states, as well as Washington, D.C., and five U.S. territories: Puerto Rico, Guam, American Samoa, the U.S. Virgin Islands, and the Northern Mariana Islands.

How Newark Became Newark-Brad R. Tuttle
2009 .

Birth of an Industry-Nicholas Sammond
2015-08-27 In *Birth of an Industry*, Nicholas Sammond describes how popular early American cartoon characters were derived from blackface minstrelsy. He charts the industrialization of animation in the early twentieth century, its representation in the cartoons themselves, and how important blackface minstrels were to that performance, standing in for the frustrations of animation workers. Cherished cartoon characters, such as Mickey Mouse and Felix the Cat, were conceived and developed using blackface minstrelsy's visual and performative conventions: these characters are not like minstrels; they are minstrels. They play out the social, cultural, political, and racial anxieties and desires that link race to the laboring body, just as live minstrel show performers did. Carefully examining how early animation helped to naturalize virulent racial formations, Sammond explores how cartoons used laughter and sentimentality to make those stereotypes seem not only less cruel, but actually pleasurable. Although the visible links between cartoon

characters and the minstrel stage faded long ago, Sammond shows how important those links are to thinking about animation then and now, and about how cartoons continue to help to illuminate the central place of race in American cultural and social life.

Lincoln Cent 1909-1958 Collector's Folder-Warman's
2009-11-28 To do its part in the war effort, the U.S. Mint changed from a copper cent to a zinc-coated steel version for one year, in 1943. Rumor quickly spread that anyone who found a 1943 copper cent would be rewarded with a car from Ford. Now you can display your collection of the legendary Lincoln cents of 1909 to 1958 in this beautiful four-panel coin folder. Larger in size than the average folder, this unit has room for 144 coins, the most of any similar folder.

National Parks Quarters-Warman's
2010-08-09 Coin folders have a long, distinguished legacy as being most people's first exposure to coin collecting hobby. Everyone either has or knows someone who has been given a coin folder as a child and gone on to fill it with cents, nickels, dimes, or quarters. The state quarter program has been one of the most successful in the U.S. Mint's history. It has brought collecting to the mainstream. Riding on the coat tails of the state quarter program, the America the Beautiful series comes at a time when the public is familiar with searching and saving quarters from circulation. A total of 56 quarters honoring a national site from each U.S. state and territory will be issued from 2010 to 2021.

The Numismatist- 2002 Vols. 24-52 include the proceedings of the A.N.A. convention. 1911-39.

Eating People Is Wrong, and Other Essays on Famine, Its Past, and Its Future-Cormac Ó Gráda 2020-09-08 New perspectives on the history of famine—and the possibility of a famine-free world Famines are becoming smaller and rarer, but optimism about the possibility of a famine-free future must be tempered by the threat of global warming. That is just one of the arguments that Cormac Ó Gráda, one of the world's leading authorities on the history and economics of famine, develops in this wide-ranging book, which provides crucial new perspectives on key questions raised by famines around the globe between the seventeenth and twenty-first centuries. The book begins with a taboo topic. Ó Gráda argues that cannibalism, while by no means a universal feature of famines and never responsible for more than a tiny proportion of famine deaths, has probably been more common during very severe famines than previously thought. The book goes on to offer new interpretations of two of the twentieth century's most notorious and controversial famines, the Great Bengal Famine and the Chinese Great Leap Forward Famine. Ó Gráda questions the standard view of the Bengal Famine as a perfect example of market failure, arguing instead that the primary cause was the unwillingness of colonial rulers to divert food from their war effort. The book also addresses the role played by traders and speculators during famines more generally, invoking evidence from famines in France, Ireland, Finland, Malawi, Niger, and Somalia since the 1600s, and overturning Adam Smith's claim that government attempts to solve food shortages always cause famines. Thought-provoking and important, this is essential reading for historians, economists, demographers, and anyone else who is interested in the history and possible future of famine.

Mennonite Girls Can Cook-Lovella Schellenberg 2011 You will join the ten authors on a delightful journey linking food and faith--a journey that's about hospitality more than entertaining and blessing rather than impressing. Gather with family and friends around the table to share God's bounty. Cook with the Mennonite

girls.

World War II Map by Map-DK 2019-09-03 Trace the epic history of World War 2 across the globe with more than 100 detailed maps. In this stunning visual history book, custom maps tell the story of the Second World War from the rise of the Axis powers to the dropping of the atom bomb on Hiroshima and Nagasaki. Each map is rich with detail and graphics, helping you to chart the progress of key events of World War II on land, sea, and air, such as the Dunkirk evacuation, the attack on Pearl Harbor, the D-Day landings, and the siege of Stalingrad. Historical maps from both Allied and Axis countries also offer unique insights into the events. There are timelines to help you follow the story as it unfolds, while narrative overviews explain the social, economic, political, and technical developments at the time. Fascinating, large-scale pictures introduce topics such as the Holocaust, blitzkrieg, kamikaze warfare, and code-breaking. Written by a team of historians in consultation with Richard Overy, *World War II Map by Map* examines how the deadliest conflict in history changed the face of our world. It is perfect for students, general readers, and military history enthusiasts.
