**The Kennedy Half-Dollar**-Mahree Moyle 2013-05-21 After high school graduation, Seely is forced to move out on her own. She reluctantly decides to move to Hawaii and stay with her sister until she can find a place of her own. She is offered a job with a well-known nightclub in Waikiki serving cocktails. There, she is introduced to the dark side of life. One evening on her shift, she hears ominous words directed at Mark, the assistant manager. When she turns to see who said these words—no one is there. Then the next morning tragedy strikes. Mark is found in a cane field shot to death. Seely suspects the Hawaiian Mafia is involved, but has no solid proof. When the Mafia starts coming after her, believing Seely knows of the murder, she finds herself plunged into a nightmare. Why are they targeting her? Could she have seen or heard something that she was unaware of? Seely knows her life is in grave danger and decides to leave Hawaii, hoping to escape their clutches—except they are informed of her moves. After many years of trying to figure out her connection with Mark’s murder, Seely faces the truth. From the glistening sands of Hawaii to the white mountains of Alaska, The Kennedy Half-Dollar delivers an eclectic and unconventional true crime memoir of nonstop action and suspense—with background music to set the mood.

**Brazil, 1964-1985**-Herbert S. Klein 2017-01-01 "Detailed study of the political, economics, and social changes carried out by Brazil's twenty-year military regime, in the context of a South American era of military rule during the Cold War"--Jacket flap.

**The Numismatist**- 2002 Vols. 24-52 include the Proceedings of the American Numismatic Association Convention, 1911-39.

**Lincoln Cent 1909-1958 Collector's Folder**-Warman's 2009-11-28 To do its part in the war effort, the U.S. Mint changed from a copper cent to a zinc-coated steel version for one year, in 1943. Rumor quickly spread that anyone who found a 1943 copper cent would be rewarded with a car from Ford. Now you can display your collection of the legendary Lincoln cents of 1909 to 1958 in this beautiful four-panel coin folder. Larger in size than the average folder, this unit has room for 144 coins, the most of any similar folder.

**50 Cent Coin Collection**- 2013 Includes an extensive history of currency in Australia, with particular focus on the design and mintage details of the 50-cent coin since 1966. Comes with a coin-presentation wallet that allows the reader to store each 50 cent coin they collect, one for every year of production since 1966—a perfect start for a new hobby! S

**Trial by Friendship**-David R. Woodward 2003-07-18 "Before a friendship formed between the United States and Great Britain during World War I, Americans maintained a neutral stance toward European affairs. Although both British Prime Minister David Lloyd George and American General John J. Pershing were reluctant to join forces in WWI, their countries' mutual dependence on one another for military and political power created a lifetime alliance. While Wilson and Pershing sought to secure control over postwar negotiations, Lloyd George desired to limit the number of casualties without restricting imperialist action along the western front." "Anglo-American relations were on trial during the war as national leaders dealt with conflicting goals of maintaining security through alliance and emphasizing pride through independence. In Trial By Friendship, David R. Woodward analyzes American and European motivations, offering a detailed interpretation of military operations in Western Europe."--BOOK JACKET.

**Presidential Dollars Folder**-Whitman Publishing 2006-10-31

**Florynce "Flo" Kennedy**-Sherie M. Randolph 2018-02-01 Often photographed in a cowboy hat with her middle finger held defiantly in the air, Florynce "Flo" Kennedy (1916–2000) left a vibrant legacy as a leader of the Black Power and feminist movements. In the first biography of Kennedy, Sherie M. Randolph traces the life and political influence of this strikingly bold and controversial radical activist. Rather than simply reacting to the predominantly white feminist movement, Kennedy brought the lessons of Black Power to white feminism and built bridges in the struggles against racism and sexism. Randolph narrates Kennedy's progressive upbringing, her pathbreaking graduation from Columbia Law School, and her long career as a media-savvy activist, showing how Kennedy rose to founding roles in organizations such as the National Black Feminist Organization and the National Organization for Women, allying herself with both white and black activists such as Adam Clayton Powell, H. Rap Brown, Betty Friedan, and Shirley Chisholm. Making use of an extensive and previously uncollected archive, Randolph demonstrates profound connections within the histories of the new left, civil rights, Black Power, and feminism, showing that black feminism was pivotal in shaping postwar U.S. liberation movements.

**Clientelism in Everyday Latin American Politics**-Tina Hilgers 2012-12-05 In Latin America and beyond, societies are deeply unequal, the poor are marginalized, and states face continuous fiscal shortages and real or potential political instability. In this context, democracy functions imperfectly. It intermeshes with clientelism, with the incongruous result that clientelism not only erodes but also accompanies and supplements democratic processes. Armed with evidence of these complex interactions, Clientelism in Everyday Latin American Politics improves understandings of how and why clientelism endures and why state policy is often ineffective. Political scientists and sociologists, the contributors employ ethnography, targeted interviews, case studies, within-case and regional comparison, thick descriptions, and process tracing. They write from political economy and institutionalist as well as principle-centered and agent-centered perspectives.

**Brazil and the United States during World War II and Its Aftermath**-Frank D. McCann 2018-08-24 The military alliance between the United States and Brazil played a critical role in the outcome of World War II, and yet it is largely overlooked in historiography of the war. In this definitive account, Frank McCann investigates Brazilian-American military relations from the 1930s through the years after the alliance ended in 1977. The two countries emerge as imbalanced giants with often divergent objectives and expectations. They nevertheless managed to form the Brazilian Expeditionary Force and a fighter squadron that fought in Italy under American command, making Brazil the only Latin American country to commit troops to the war. With the establishment of the US Air Force base in Natal, Northeast Brazil become a vital staging area for air traffic supplying Allied forces in the Middle East and Asian theaters. McCann deftly analyzes newly opened Brazilian archives and declassified American intelligence files to offer a more nuanced account of how this alliance changed the course of World War II, and how the relationship deteriorated in the aftermath of the war.

**National Park Quarter Map**-Warman's 2010-10-11 Are you ready to take your coin collecting to new places? How about taking your collecting on a scenic tour of America's most breathtaking and revered national parks courtesy of this new "America the Beautiful" National Parks coin map. This stylish and durable map provides the perfect place to store and showcase your collection of America the Beautiful Quarters, beginning with the first five quarters of 2010 that honor Hot Springs, Yellowstone, Yosemite, Grand Canyon and Mt. Hood National Parks.

**A Discontented Diaspora**-Jeffrey Lesser 2007-08-24 In A Discontented Diaspora, Jeffrey Lesser investigates broad questions of ethnicity, the nature of diasporic identity, and Brazilian culture. He does so by exploring particular experiences of young Japanese Brazilians who came of age in São Paulo during the 1960s and 1970s, an intensely authoritarian period of military rule. The most populous city in Brazil, São Paulo was also the world’s largest “Japanese” city outside of Japan by 1960. Believing that their own regional identity should be the national one, residents of São Paulo constantly discussed the relationship between Brazilianness and Japaneseness. As second-generation Nikkei (Brazilians of Japanese descent) moved from the agricultural countryside of their immigrant parents into various urban professions, they became the “best Brazilians” in terms of their ability to modernize the country and the “worst Brazilians” because they were believed to be the least likely to fulfill the cultural dream of whitening. Lesser analyzes how Nikkei both resisted and conformed to others’ perceptions of their identity as they struggled to define and claim their own ethnicity within São Paulo during the military dictatorship. Lesser draws on a wide range of sources, including films, oral histories, wanted posters, advertisements, newspapers, photographs, police reports, government records, and diplomatic correspondence. He focuses on two particular cultural arenas—erotic cinema and political militancy—which highlight the ways that Japanese Brazilians imagined themselves to be Brazilian. As he explains, young Nikkei were sure that their participation in these two realms would be recognized for its Brazilianness. They were mistaken. Whether joining banned political movements, training as guerrilla fighters, or acting in erotic films, the subjects of A Discontented Diaspora militantly asserted their Brazilianness only to find that doing so reinforced their minority status.

**Statehood Quarters 2**-Whitman Coin Products 2001-09-01

**The Lucifer Effect**-Philip Zimbardo 2007-03-27 The definitive firsthand account of the groundbreaking research of Philip Zimbardo—the basis for the award-winning film The Stanford Prison Experiment Renowned social psychologist and creator of the Stanford Prison Experiment Philip Zimbardo explores the mechanisms that make good people do bad things, how moral people can be seduced into acting immorally, and what this says about the line separating good from evil. The Lucifer Effect explains how—and the myriad reasons why—we are all susceptible to the lure of “the dark side.” Drawing on examples from history as well as his own trailblazing research, Zimbardo details how situational forces and group dynamics can work in concert to make monsters out of decent men and women. Here, for the first time and in detail, Zimbardo tells the full story of the Stanford Prison Experiment, the landmark study in which a group of college-student volunteers was randomly divided into “guards” and “inmates” and then placed in a mock prison environment. Within a week the study was abandoned, as ordinary college students were transformed into either brutal, sadistic guards or emotionally broken prisoners. By illuminating the psychological causes behind such disturbing metamorphoses, Zimbardo enables us to better understand a variety of harrowing phenomena, from corporate malfeasance to organized genocide to how once upstanding American soldiers came to abuse and torture Iraqi detainees in Abu Ghraib. He replaces the long-held notion of the “bad apple” with that of the “bad barrel”—the idea that the social setting and the system contaminate the individual, rather than the other way around. This is a book that dares to hold a mirror up to mankind, showing us that we might not be who we think we are. While forcing us to reexamine what we are capable of doing when caught up in the crucible of behavioral dynamics, though, Zimbardo also offers hope. We are capable of resisting evil, he argues, and can even teach ourselves to act heroically. Like Hannah Arendt’s Eichmann in Jerusalem and Steven Pinker’s The Blank Slate, The Lucifer Effect is a shocking, engrossing study that will change the way we view human behavior. Praise for The Lucifer Effect “The Lucifer Effect will change forever the way you think about why we behave the way we do—and, in particular, about the human potential for evil. This is a disturbing book, but one that has never been more necessary.”—Malcolm Gladwell “An important book . . . All politicians and social commentators . . . should read this.”—The Times (London) “Powerful . . . an extraordinarily valuable addition to the literature of the psychology of violence or ‘evil.’”—The American Prospect “Penetrating . . . Combining a dense but readable and often engrossing exposition of social psychology research with an impassioned moral seriousness, Zimbardo challenges readers to look beyond glib denunciations of evil-doers and ponder our collective responsibility for the world’s ills.”—Publishers Weekly “A sprawling discussion . . . Zimbardo couples a thorough narrative of the Stanford Prison Experiment with an analysis of the social dynamics of the Abu Ghraib prison in Iraq.”—Booklist “Zimbardo bottled evil in a laboratory. The lessons he learned show us our dark nature but also fill us with hope if we heed their counsel. The Lucifer Effect reads like a novel.”—Anthony Pratkanis, Ph.D., professor emeritus of psychology, University of California

**Whitman Quarter Coin Folder**-Whitman Publishing 2010-08-24

**Lincoln Cents**-Whitman Staff 1987-07-01 Thanks to the Statehood Quarter Program, coin collecting has never been more popular. And to take advantage of this new interest in the hobby, we're giving our complete line of Whitman Classic Coin Folders a beautiful new look. -- Multi-million dollar cover updates for the entire Whitman line! -- True-to-life foil colors reflect and beautifully represent the coins each folder holds -- e.g. Copper foil for Lincoln Cents, Silver foil for Jefferson Nickels. -- Traditional Whitman blue vinyl matches past Whitman products.

**The Argentinian Dictatorship and its Legacy**-Juan Grigera 2019-06-01 This edited volume provides a comprehensive overview of the renewal of academic engagement in the Argentinian dictatorship in the context of the post-2001 crisis. Significant social and judicial changes and the opening of archives have led to major revisions of the research dedicated to this period. As such, the contributors offer a unique presentation to an English-speaking audience, mapping and critiquing these developments and widening the recent debates in Argentina about the legacy of the dictatorship in this long-term perspective.

**National Parks Quarters**-Warman's 2010-08-09 Coin folders have a long, distinguished legacy as being most people's first exposure to coin collecting hobby. Everyone either has or knows someone who has been given a coin folder as a child and gone on to fill it with cents, nickels, dimes, or quarters. The state quarter program has been one of the most successful in the U.S. Mint's history. It has brought collecting to the mainstream. Riding on the coat tails of the state quarter program, the America the Beautiful series comes at a time when the public is familiar with searching and saving quarters from circulation. A total of 56 quarters honoring a national site from each U.S. state and territory will be issued from 2010 to 2021.

**Revolution in the Terra Do Sol**-Sarah Sarzynski 2018 This book examines how entrenched beliefs about Brazil's Northeast region as backwards, barbaric, and violent influenced the trajectory of projects intended to solve the problem of rural poverty during the Cold War and set the stage for the Brazilian Armed Forces' 1964 coup.

**Kissinger and Latin America**-Stephen G. Rabe 2020-06-15 In Kissinger and Latin America, Stephen G. Rabe analyzes U.S. policies toward Latin America during a critical period of the Cold War. Except for the issue of Chile under Salvador Allende, historians have largely ignored inter-American relations during the presidencies of Richard M. Nixon and Gerald R. Ford. Rabe also offers a way of adding to and challenging the prevailing historiography on one of the most preeminent policymakers in the history of U.S. foreign relations. Scholarly studies on Henry Kissinger and his policies between 1969 and 1977 have tended to survey Kissinger's approach to the world, with an emphasis on initiatives toward the Soviet Union and the People's Republic of China and the struggle to extricate the United States from the Vietnam conflict. Kissinger and Latin America offers something new—analyzing U.S. policies toward a distinct region of the world during Kissinger's career as national security adviser and secretary of state. Rabe further challenges the notion that Henry Kissinger dismissed relations with the southern neighbors. The energetic Kissinger devoted more time and effort to Latin America than any of his predecessors—or successors—who served as the national security adviser or secretary of state during the Cold War era. He waged war against Salvador Allende and successfully destabilized a government in Bolivia. He resolved nettlesome issues with Mexico, Peru, Ecuador, and Venezuela. He launched critical initiatives with Panama and Cuba. Kissinger also bolstered and coddled murderous military dictators who trampled on basic human rights. South American military dictators whom Kissinger favored committed international terrorism in Europe and the Western Hemisphere.

**National Park Quarter Album 2010-2021**-Whitman Publishing 2009-12-08 National Park Quarters Album - Single Mint 2010 - 2021, 6 Pages, 60 Openings. The National Park Quarters Coin Act of 2008 - Requires quarters, beginning in 2010, to have designs on the reverse depicting one national site in each state, the District of Columbia and territory of the United States. 56 Different designs will complete the program from 2010 through 2021. Whitman Albums are built from the safest archival safe materials known.

**The Feathers of Condor**-Fernando López 2016-08-17 On 25 November 1975, representatives of five South American intelligence services held a secret meeting in the city of Santiago, Chile. At the end of the gathering, the participating delegations agreed to launch Operation Condor under the pretext of coordinating counterinsurgency activities, sharing information to combat leftist guerrillas and stopping an alleged advance of Marxism in the region. Condor, however, went much further than mere exchanges of information between neighbours. It was a plan to transnationalize state terrorism beyond South America. This book identifies the reasons why the South American military regimes chose this strategic path at a time when most revolutionary movements in the region were defeated, in the process of leaving behind armed struggle and resuming the political path. One of Condor's most intriguing features was the level of cooperation achieved by these governments considering the distrust, animosity and historical rivalries between these countries' armed forces. This book explores these differences and goes further than previous lines of inquiry, which have focused predominantly on the conflict between Latin American leftist guerrillas and the armed forces, to study the contribution made by other actors such as civilian anticommunist figures and organizations, and the activities conducted by politically active exiles and their supporters in numerous countries. This broader approach confirms that the South American dictatorships launched the Condor Plan to systematically eliminate any kind of opposition, especially key figures and groups involved in the denunciation of the regimes' human rights violations.

**Canadian Small Cents Folder Number 2**-Whitman Publishing 2013-08-20

**Statehood Quarters Collector's Map: Plus the District of Columbia and United States Territories**-Whitman Publishing 2008-12-01 New Compact Size! Display your quarter collection in this educational Collector

**Presidential Dollars 2007-2016 Collector's Folder**-Warman's 2009-11-28 Each year four past presidents are honored with the U.S. Mint's release of their Presidential dollar. These beautiful \$1 gold coins glisten brightly against the rich blue background of this glossy coin folder, which features 45 die-cut slots on three panels—more than the average coin folder. In addition, the folder features details about each president, including the date of his birth and death, political party, and unique political facts about each.

**Washington Quarter 1932-1958 Collector's Folder**-Warman's 2009-11-28 The Washington quarter issued between 1932 and 1964 was the sixth and final type of circulating quarter to contain 90% silver. This three-panel folder is larger than most coin folders, featuring 75 slots for proudly displaying all the quarters of this series in one folder, instead of two. In addition, the folder features details about the design of the quarter and historical highlights about the president the coin honors. It's a great gift for helping someone discover the joy of U.S. coins.

**The Official Blue Book**-R. S. Yeoman 2010-05-12 Shows and lists current prices for antique American coins.

**Lincoln Cent Folder #4**-Whitman Publishing 2013-07-16

**Jefferson Nickels**-Whitman 1990-02-01 Thanks to the Statehood Quarter Program, coin collecting has never been more popular. And to take advantage of this new interest in the hobby, we're giving our complete line of Whitman Classic Coin Folders a beautiful new look. -- Multi-million dollar cover updates for the entire Whitman line! -- True-to-life foil colors reflect and beautifully represent the coins each folder holds -- e.g. Copper foil for Lincoln Cents, Silver foil for Jefferson Nickels. -- Traditional Whitman blue vinyl matches past Whitman products.

**State Quarter 1999-2009 Collector's Folder**-Warman's 2009-11-12 The State Quarter program has made coin collecting cool. What other activity requires treasure hunting skills and knowledge of history, and delivers a decade of excitement, the thrill of hunting for errors, and an interest in U.S. history, and state pride? Treat yourself and your favorite fan of State Quarters to this beautiful three-panel coin folder, with 60 slots and intriguing anecdotes about these history-making coins.

**America the Beautiful Quarters Collector's Folder 2010-2021**-United States Mint 2010-05-04 Beginning in 2010, the United States Mint will issue newly designed quarters featuring a national park or other site approximately every ten weeks—and this compact folder is the perfect place for collectors to store each new coin. Complete with historical information and details of the Congressional Act that initiated this special program, the folder will keep this commemorative series organized, accessible, and easy to show off. The noteworthy sites will come from all 50 states, as well as Washington, D.C., and five U.S. territories: Puerto Rico, Guam, American Samoa, the U.S. Virgin Islands, and the Northern Mariana Islands.
