**Wine and War**-Donald Kladstrup 2002-06-18 The remarkable untold story of France's courageous, clever vintners who protected and rescued the country's most treasured commodity from German plunder during World War II. "To be a Frenchman means to fight for your country and its wine." -Claude Terrail, owner, Restaurant La Tour d'Argent In 1940, France fell to the

Nazis and almost immediately the German army began a campaign of pillaging one of the assets the French hold most dear: their wine. Like others in the French Resistance, winemakers mobilized to oppose their occupiers, but the tale of their extraordinary efforts has remained largely unknown-until now. This is the thrilling and harrowing story of the French wine producers who undertook ingenious, daring measures to save their cherished crops and bottles as the Germans closed in on them. *Wine and War* illuminates a compelling, little-known chapter of history, and stands as a tribute to extraordinary individuals who waged a battle that, in a very real way, saved the spirit of France.

**Shadows in the Vineyard**-Maximillian Potter 2014-07-29 Amazon Best Book of the Month, July 2014 Journalist Maximillian Potter uncovers a fascinating plot to destroy the vines of La Romanée-Conti, Burgundy's finest and most expensive wine. In January 2010, Aubert de

Villaine, the famed proprietor of the Domaine de la Romanée-Conti, the tiny, storied vineyard that produces the most expensive, exquisite wines in the world, received an anonymous note threatening the destruction of his priceless vines by poison—a crime that in the world of high-end wine is akin to murder—unless he paid a one million euro ransom. Villaine believed it to be a sick joke, but that proved a fatal miscalculation and the crime shocked this fabled region of France. The sinister story that Vanity Fair journalist Maximilian Potter uncovered would lead to a sting operation by some of France's top detectives, the primary suspect's suicide, and a dramatic investigation. This botanical crime threatened to destroy the fiercely traditional culture surrounding the world's greatest wine. SHADOWS IN THE VINEYARD takes us deep into a captivating world full of fascinating characters, small-town French politics, an unforgettable narrative, and a local culture defined by the twinned veins of excess and vitality and the deep reverent attention to the land that runs through it.

**In Vino Duplicitas**-Peter Hellman 2018-08-21  
The “engrossing” (Wall Street Journal) story of the biggest con in wine history In 2002, Rudy Kurniawan, an unknown twentysomething, burst into the privileged world of ultrafine wines. Blessed with a virtuoso palate, and with a seemingly limitless supply of coveted bottles, Kurniawan quickly became the leading purveyor of rare wines to the American elite. But in April 2008, at a New York auction house, dozens of Kurniawan's trophy bottles were abruptly pulled from sale. Journalist Peter Hellman was there, and he began to investigate: Were the bottles fake? Were there others? And was Kurniawan himself a dupe . . . or had he ensnared the world's top winemakers, sellers, and drinks in a web of deceit?

**Judgment of Paris**-George M. Taber 2006-11-21

California wines to be superior to France's best wines. Reprint. 50,000 first printing.

**Tangled Vines**-Frances Dinkelspiel 2015-10-06  
On October 12, 2005, a massive fire broke out in the Wines Central wine warehouse in Vallejo, California. Within hours, the flames had destroyed 4.5 million bottles of California's finest wine worth more than \$250 million, making it the largest destruction of wine in history. The fire had been deliberately set by a passionate oenophile named Mark Anderson, a skilled con man and thief with storage space at the warehouse who needed to cover his tracks. With a propane torch and a bucket of gasoline-soaked rags, Anderson annihilated entire California vineyard libraries as well as bottles of some of the most sought-after wines in the world. Among

the priceless bottles destroyed were 175 bottles of Port and Angelica from one of the oldest vineyards in California made by Frances Dinkelspiel's great-great grandfather, Isaias Hellman, in 1875. Sadly, Mark Anderson was not the first to harm the industry. The history of the California wine trade, dating back to the 19th Century, is a story of vineyards with dark and bloody pasts, tales of rich men, strangling monopolies, the brutal enslavement of vineyard workers and murder. Five of the wine trade murders were associated with Isaias Hellman's vineyard in Rancho Cucamonga beginning with the killing of John Rains who owned the land at the time. He was shot several times, dragged from a wagon and left off the main road for the coyotes to feed on. In her new book, Frances Dinkelspiel looks beneath the casually elegant veneer of California's wine regions to find the obsession, greed and violence lying in wait. Few people sipping a fine California Cabernet can even guess at the Tangled Vines where its life began.

**Liquid Memory**-Jonathan Nossiter 2010-09-28  
Jonathan Nossiter, acclaimed filmmaker and former sommelier, had his first taste of wine at the age of three in Paris, from his father's fingertip. For him, wine is "memory in its most liquid and dynamic form," as essential an expression of culture as cinema, books, baseball, painting, even sex. With great wit and passion, he celebrates wine and its enthusiasts—and defends both from those who tell us what to drink and how to think about it. In *Liquid Memory*, the American expatriate investigates the infinite mysteries of terroir, the historical sense of place that makes wine a living, thrilling expression of cultural identity that can stretch back centuries. The book is a deliriously joyful master class in locating the soul of a wine, and in learning to trust your own palate and desires. Nossiter, who has already created an uproar in the world of wine with his film *Mondovino*, arms us against the tyranny of snobs, critics, and charlatans who would prevent us from taking part in what should be a gloriously democratic

bacchanalia. From the sacred wine shops and three-star restaurants of Paris to the biodynamic vineyards of Burgundy, from the hipster bistros of New York to film locations in Rio de Janeiro and Athens, this singular journey invites us to consider how power, misused, can sometimes mask an absence of taste—and how our own personal taste can combat power in any sphere. A controversial bestseller in Europe, *Liquid Memory* is sure to rile the establishment, enlighten the thirsty, and reveal the inner life of the world's most mysterious, contradictory, and jubilatory drink.

**The House of Mondavi**-Julia Flynn Siler 2007  
Traces four generations of a Napa Valley wine-making family, from the arrival of Italian immigrant Cesare Mondavi at Ellis Island in 1906, to the scandals that rocked the family throughout the twentieth century, to the present-day battle over the family's billion-dollar fortune. First serial, *Wall Street Journal*.

**Michael Broadbent's Vintage Wine**-John Michael Broadbent 2002 Offers critique and analysis of vintage wines from around the world, spanning three centuries, also provides definitions of wine terms and practices.

**Adventures on the Wine Route**-Kermit Lynch 2013-11-12 When *Adventures on the Wine Route* was first published, Victor Hazan said, "In Kermit Lynch's small, true, delightful book there is more understanding about what wine really is than in everything else I have read." A quarter century later, this remarkable journey of wine, travel, and taste remains an essential volume for wine lovers. In 2007, Eric Asimov, in *The New York Times*, called it "one of the finest American books on wine," and in 2012, *The Wall Street Journal* proclaimed that it "may be the best book on the wine business." In celebration of its twenty-fifth anniversary, *Adventures on the Wine Route* has been thoroughly redesigned and updated with an epilogue and a list of the great wine

connoisseur's twenty-five most memorable bottles. In this singular tour along the French wine route, Lynch ventures forth to find the very essence of the wine world. In doing so, he never shies away from the attitudes, opinions, and beliefs that have made him one of our most respected and outspoken authorities on wine. Yet his guiding philosophy is exquisitely simple. As he writes in the introduction, "Wine is, above all, about pleasure. Those who make it ponderous make it dull . . . If you keep an open mind and take each wine on its own terms, there is a world of magic to discover." *Adventures on the Wine Route* is the ultimate quest for this magic via France's most distinguished vineyards and wine cellars. Lynch draws vivid portraits of vintners—from inebriated négociants to a man who oversees a vineyard that has been in his family for five hundred years—and memorably evokes the countryside at every turn. "The French," Lynch writes, "with their aristocratic heritage, their experience and tradition, approach wine from another point of view . . . and one cannot appreciate French wine with any

depth of understanding without knowing how the French themselves look at their wines, by going to the source, descending into their cold, humid cellars, tasting with them, and listening to the language they employ to describe their wines." Here, Kermit Lynch assures a whole new generation of readers—as well as his loyal fans—that discussions about wine need not focus so stringently on "the pH, the oak, the body, the finish," but rather on the "gaiety" of the way "the tart fruit perfume[s] the palate and the brain."

**Chasing Chopin**-Annik LaFarge 2020-08-11 A modern take on a classical icon: this original, entertaining, well-researched book uses the story of when, where, and how Chopin composed his most famous work, uncovering many surprises along the way and showing how his innovative music still animates popular culture centuries later. The Frédéric Chopin Annik LaFarge presents here is not the melancholy, sickly, romantic figure so often portrayed. The artist she discovered is, instead, a purely independent

spirit: an innovator who created a new musical language, an autodidact who became a spiritually generous, trailblazing teacher, a stalwart patriot during a time of revolution and exile. In *Chasing Chopin* she follows in his footsteps during the three years, 1837–1840, when he composed his iconic "Funeral March"—dum dum da dum—using its composition story to illuminate the key themes of his life: a deep attachment to his Polish homeland; his complex relationship with writer George Sand; their harrowing but consequential sojourn on Majorca; the rapidly developing technology of the piano, which enabled his unique tone and voice; social and political revolution in 1830s Paris; friendship with other artists, from the famous Eugène Delacroix to the lesser known, yet notorious in his time, Marquis de Custine. Each of these threads—musical, political, social, personal—is woven through the "Funeral March" in Chopin's Opus 35 sonata, a melody so famous it's known around the world even to people who know nothing about classical music. But it is not, as LaFarge discovered, the piece of music we think

we know. As part of her research into Chopin's world, then and now, LaFarge visited piano makers, monuments, churches, and archives; she talked to scholars, jazz musicians, video game makers, software developers, music teachers, theater directors, and of course dozens of pianists. The result is extraordinary: an engrossing, page-turning work of musical discovery and an artful portrayal of a man whose work and life continue to inspire artists and cultural innovators in astonishing ways. A companion website, WhyChopin, presents links to each piece of music mentioned in the book, organized by chapter in the order in which it appears, along with photos, resources, videos, and more.

**Wine Wars**-Mike Veseth 2011-06-16 Writing with wit and verve, Mike Veseth (a.k.a. the Wine Economist) tells the compelling story of the war between the market trends that are redrawing the world wine map and the terroirists who resist them. Wine and the wine business are at a

critical crossroad today, transformed by three powerful forces. Veseth begins with the first force, globalization, which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices. Two Buck Chuck, the second force, symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores. Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices, but they also threaten to dumb down wine, sacrificing terroir to achieve marketable McWine reliability. Will globalization and Two Buck Chuck destroy the essence of wine? Perhaps, but not without a fight, Veseth argues. He counts on "the revenge of the terroirists" to save wine's soul. But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change. Veseth has "grape expectations" that globalization, Two Buck Chuck, and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour-de-force that will

appeal to all lovers of wine, whether it be boxed, bagged, or bottled.

**Stalin's Wine Cellar**-John Baker 2020-08-18 In the late 1990s, John Baker was known as a purveyor of quality rare and old wines. Always entrepreneurial and up for adventure, he was the perfect person for an occasional business partner to approach with a mysterious wine list that was foreign to anything John, or his second-in-command, Kevin Hopko, had ever come across. The list was discovered to be a comprehensive catalogue of the wine collection of Nicholas II, the last Tsar of Russia. The wine had become the property of the state after the Russian Revolution of 1918, during which Nicholas and his entire family were executed. Now owned by Stalin, the wine was discreetly removed to a remote Georgian winery when Stalin was concerned the advancing Nazi army might overrun Russia, and inevitably loot artefacts and treasures. Half a century later, the wine was rumoured to be hidden underground and off any known map.

John and Kevin embarked on an audacious, colourful and potentially dangerous journey to Georgia to discover if the wines actually existed; if the bottles were authentic and whether the entire collection could be bought and transported to a major London auction house for sale. Stalin's Wine Cellar is a wild, sometimes rough ride in the glamorous world of high-end wine. From Double Bay Sydney to Tbilisi Georgia, via the streets of Paris, the vineyards of Bordeaux and iconic Château d'Yquem. A multimillion dollar cellar and a breathtaking collection of wine (and one very expensive broken bottle) is the elusive treasure. The cast of characters include Stalin, Hitler, Tsar Nicholas II and a motley bunch of Georgian businessmen/cowboys toting handguns, in the early days of Russian business development that led to the world of Putin and oligarchs.

**The Emperor of Wine**-Elin McCoy 2014-03-25

The first book to chronicle the rise of Robert M. Parker, Jr., the world's most influential and

controversial wine critic, who, over the last twenty-five years, has dominated the international wine world and embodied the triumph of American taste. This is the story of how an American lawyer raised on Coca-Cola caused a revolution in the way wines around the globe are made, sold, and talked about. To his legions of fans, Parker is a cross between Julia Child and Ralph Nader -- part enthusiastic sensualist and part consumer crusader. To his many enemies, he is a self-appointed wine judge bent on reducing the meaning of wine to a two-digit number. The man who now rules the world of wine has been the focus of both adulation and death threats. He rose to his pinnacle of power by means of the traditional American virtues of hard work, determination, and integrity -- coupled with an unshakeable ego and a maniacal obsession with a beverage that aspires to a seductive art form: fine wine. Parker's influential bimonthly newsletter, *The Wine Advocate*, with more than 45,000 subscribers across the United States and in more than thirty-seven countries, exerts the single

most significant influence on consumers' wine-buying habits and trends in America, Europe, and the Far East, and impacts the way wine is being made in every wine-producing country in the world, from France to Australia. Parker has been profiled in countless magazines and newspapers around the world and most of his dozen books have been best sellers in the United States and abroad. Yet, despite the world's attention and unending acclaim, Robert Parker stands at the center of a heated controversy. Is he a passionate lover of wine who, more than anyone else, is responsible for its vastly improved quality, or is he, as others claim, waging a war against centuries of tradition and in the process killing the soul of wine? *The Emperor of Wine* tackles the myriad questions that swirl about Parker and reveals how he became both worshipped and despised, revered as an infallible palate by some and blamed by others for remaking the world's wine industry into a single global market, causing prices to skyrocket, and single-handedly reshaping the taste of wine to his own preference. Elin McCoy

met Robert Parker in 1981 when she was his first magazine editor, and she has followed his extraordinary rise ever since. In telling Parker's story, McCoy gives readers an unmatched, authoritative insider's view of the eccentric personalities, bitter feuds, controversies, passions, payoffs, and secrets of the wine world, explaining how wine reputations are made, how and why wine critics agree and disagree, and tracking the startling ways wines are judged, promoted, made, and sold today. This fascinating portrait of a modern-day cultural colossus shows how a world that once was the province of gentlemen's clubs and the pastime of stuffed shirts turned into a sensual hobby for the middle class, creating a luxury industry bent on making money on a worldwide scale -- and how one man has revolutionized the way the world thinks about wine.

**Abigail Adams**-Woody Holton 2010-06-01 Winner of the Bancroft Prize The New York Times Book Review, Editor's Choice American Heritage, Best of 2009 In this vivid new biography of Abigail Adams, the most illustrious woman of the founding era, Bancroft Award-winning historian Woody Holton offers a sweeping reinterpretation of Adams's life story and of women's roles in the creation of the republic. Using previously overlooked documents from numerous archives, Abigail Adams shows that the wife of the second president of the United States was far more charismatic and influential than historians have realized. One of the finest writers of her age, Adams passionately campaigned for women's education, denounced sex discrimination, and matched wits not only with her brilliant husband, John, but with Thomas Jefferson and George Washington. When male Patriots ignored her famous appeal to "Remember the Ladies," she accomplished her own personal declaration of independence:

Defying centuries of legislation that assigned married women's property to their husbands, she amassed a fortune in her own name. Adams's life story encapsulates the history of the founding era, for she defined herself in relation to the people she loved or hated (she was never neutral), a cast of characters that included her mother and sisters; Benjamin Franklin and James Lovell, her husband's bawdy congressional colleagues; Phoebe Abdee, her father's former slave; her financially naïve husband; and her son John Quincy. At once epic and intimate, Abigail Adams, sheds light on a complicated, fascinating woman, one of the most beloved figures of American history.

**Wine Politics**-Tyler Colman 2010-11-10 "Kudos to Tyler Colman for this illuminating look at wine's fascinating backstory. This excellent overview of how important politics is to the taste of the wine in your glass is a new kind of wine book, essential for every wine lover's bookshelf."—Elin McCoy, author of *The Emperor*

of Wine: The Rise of Robert M. Parker, Jr. and the Reign of American Taste "In shrewdly examining how politics influences the production, distribution, and consumption of wine on both sides of the Atlantic, Tyler Colman has written a much-needed and long-overdue book. Wine Politics won't necessarily make you a better taster, but it will unquestionably make you a more enlightened drinker."—Mike Steinberger, wine columnist for Slate magazine

### **The King of Vodka**-Linda Himmelstein

2010-11-30 Born in a Russian village in 1831, Pyotr Smirnov relied on vodka to turn a life of scarcity and anonymity into one of immense wealth and international recognition. Starting from the back rooms and side streets of nineteenth-century Moscow, Smirnov exploited brilliant grassroots marketing strategies to popularize his products and ensconce his brand in the thirsts and imaginations of drinkers around the world. His vodka would be gulped in the taverns of Russia and Europe, be praised

with accolades at world fairs, and become a staple on the tables of tsars. But his improbable ascent would be halted by the chaos of the Bolshevik Revolution, and only a bizarre set of coincidences—including an incredible prison escape by one of Smirnov’s sons in 1919—would prevent Smirnov’s legacy from fading into obscurity. Set against a backdrop of political and ideological currents that would determine the course of global events, *The King of Vodka* is much more than a biography of a humble serf who rose to create one of the most celebrated business empires the world has ever known. It is a work of sweeping narrative history on an epic scale.

**The Bordeaux Betrayal**-Ellen Crosby

**Richistan**-Robert Frank 2008-06-03 The rich have always been different from you and me, but this revealing and funny journey through “Richistan” entertainingly shows that they are more different than ever. Richistanis have 400-foot-yachts, 30,000-square-foot homes, house staffs of more than 100, and their own “arborists.” They’re also different from Old Money, and have torn down blue-blood institutions to build their own shining empire. *Richistan* is like the best travel writing, full of colorful and interesting stories providing insights into exotic locales. Robert Frank has been loitering on the docks of yacht marinas, pestering his way into charity balls, and schmoozing with

real estate agents selling mega-houses to capture the story of the twenty-first century's nouveau riche: House-training the rich. People with new wealth have to be taught how to act like, well, proper rich people. Just in the nick of time, there's been a boom in the number of newly trained butlers—"household managers"—who will serve just the right cabernet when a Richistani's new buddies from Palm Beach stop by. "My boat is bigger than your boat." Only in Richistan would a 100-foot-boat be considered a dinghy. Personal pleasure craft have started to rival navy destroyers in size and speed. Richistan is also a place where friends make fun of those misers who buy the new girlfriend a mere Mercedes SLK. "You want my money? Prove that you're helping the needy!" Richistanis are not only consuming like crazy, they're also shaking up the establishment's bureaucratic, slow-moving charity network, making lean, results-oriented philanthropy an important new driving force. Move over, Christian Coalition. Richistanis are more Democratic than Republican, "fed up and not going to take it anymore," and willing to

spend millions to get progressive-oriented politicians elected. "My name is Mike and I'm rich." Think that money is the answer? Think again as Robert Frank explores the emotional complexities of wealth. And, as Robert Frank reveals, there is not one Richistan but three: Lower, Middle, and Upper, each of which has its own levels and distinctions of wealth—the haves and the have-mores. The influence of Richistan and the Richistanis extends well beyond the almost ten million households that make up its population, as the nonstop quest for status and an insatiable demand for luxury goods reshapes the entire American economy.

**Paris in the Fifties**-Stanley Karnow 2011-08-10

In July 1947, fresh out of college and long before he would win the Pulitzer Prize and become known as one of America's finest historians, Stanley Karnow boarded a freighter bound for France, planning to stay for the summer. He stayed for ten years, first as a student and later as a correspondent for Time magazine. By the time he left, Karnow knew Paris so intimately that his French colleagues dubbed him "le plus

parisien des Américains" --the most Parisian American. Now, Karnow returns to the France of his youth, perceptively and wittily illuminating a time and place like none other. Karnow came to France at a time when the French were striving to return to the life they had enjoyed before the devastation of World War II. Yet even during food shortages, political upheavals, and the struggle to come to terms with a world in which France was no longer the mighty power it had been, Paris remained a city of style, passion, and romance. Paris in the Fifties transports us to Latin Quarter cafés and basement jazz clubs, to unheated apartments and glorious ballrooms. We meet such prominent political figures as Charles de Gaulle and Pierre Mendès-France, as well as Communist hacks and the demagogic tax rebel Pierre Poujade. We get to know illustrious intellectuals, among them Jean-Paul Sartre, Simone de Beauvoir, Albert Camus, and André Malraux, and visit the glittering salons where aristocrats with exquisite manners mingled with trendy novelists, poets, critics, artists, composers, playwrights, and actors. We meet

Christian Dior, who taught Karnow the secrets of haute couture, and Prince Curnonsky, France's leading gourmet, who taught the young reporter to appreciate the complexities of haute cuisine. Karnow takes us to marathon murder trials in musty courtrooms, accompanies a group of tipsy wine connoisseurs on a tour of the Beaujolais vineyards, and recalls the famous automobile race at Le Mans when a catastrophic accident killed more than eighty spectators. Back in Paris, Karnow hung out with visiting celebrities like Ernest Hemingway, Orson Welles, and Audrey Hepburn, and in Paris in the Fifties we meet them too. A veteran reporter and historian, Karnow has written a vivid and delightful history of a charmed decade in the greatest city in the world.

### **Reflections of a Wine Merchant**-Neal I.

Rosenthal 2008-04-29 A leading importer of limited-production wines of character and quality takes us on an intimate tour through family-owned vineyards in France and Italy and reflects

upon the last three decades of controversy, hype, and change in the world of wine. In the late 1970s, Neal I. Rosenthal set out to learn everything he could about wine. Today, he is one of the most successful importers of traditionally made wines produced by small family-owned estates in France and Italy. Rosenthal has immersed himself in the culture of Old World wine production, working closely with his growers for two and sometimes three generations. He is one of the leading exponents of the concept of "terroir"—the notion that a particular vineyard site imparts distinct qualities of bouquet, flavor, and color to a wine. In *Reflections of a Wine Merchant*, Rosenthal brings us into the cellars, vineyards, and homes of these vigneron, and his delightful stories about his encounters, relationships, and explorations—and what he has learned along the way—give us an unequalled perspective on winemaking tradition and what threatens it today. Rosenthal was featured in the documentary film *Mondovino* and is one of the more outspoken figures against globalization, homogenization, and the "critic-

ization" of the wine business. He was also a major subject in Lawrence Osborne's *The Accidental Connoisseur*. His is an important voice in defense of the individual and the artisanal, and their contribution to our quality of life.

**Lost Rights**-David Howard 2010-07-02 Near the close of the Civil War, as General Sherman blazed his path to the sea, an unknown infantryman rifled through the North Carolina state house. The soldier was hunting for simple Confederate mementos—maps, flags, official

correspondence—but he wound up discovering something far more valuable. He headed home to Ohio with one of the touchstones of our republic: one of the fourteen original copies of the Bill of Rights. *Lost Rights* follows that document's singular passage over the course of 138 years, beginning with the Indiana businessman who purchased the looted parchment for five dollars, then wending its way through the exclusive and shadowy world of high-end antiquities—a world populated by obsessive archivists, oddball collectors, forgers, and thieves— and ending dramatically with the FBI sting that brought the parchment back into the hands of the government. For fans of *The Billionaire's Vinegar* and *The Lost Painting*, *Lost Rights* is “a tour de force of antiquarian sleuthing” (Hampton Sides).
