WOLFPACK-Abby Wambach 2019-04-09 Based on her inspiring, viral 2018 commencement speech to Barnard College's graduates in New York City, New York Times bestselling author, two-time Olympic gold medalist and FIFA World Cup champion Abby Wambach delivers her empowering rally cry for women to unleash their individual power, unite with their pack, and emerge victorious together. Abby Wambach became a champion because of her incredible talent as a soccer player. She became an icon because of her remarkable wisdom as a leader. As the co-captain of the 2015 Women's World Cup Champion Team, she created a culture not just of excellence, but of honor, commitment, resilience, and sisterhood. She helped transform a group of individual women into one of the most successful, powerful and united Wolfpacks of all time. In her retirement, Abby's ready to do the same for her new team: All Women Everywhere. In Wolfpack, Abby's message to women is: We have never been Little Red Riding Hood. We Are the Wolves. We must wander off the path and blaze a new one: together. She insists that women must let go of old rules of leadership that neither include or serve them. She's created a new set of Wolfpack rules to help women unleash their individual power, unite with their Wolfpack, and change the landscape of their lives and world: from the family room to the board room to the White House. · Make failure your fuel: Transform failure to wisdom and power. · Lead from the bench: Lead from wherever you are. · Champion each other: Claim each woman's victory as your own. · Demand the effing ball: Don't ask permission: take what you've earned. In Abby's vision, we are not Little Red Riding Hoods, staying on the path because we're told to. We are the wolves, fighting for a better tomorrow for ourselves, our pack, and all the future wolves who will come after us.

Let Dogs Be Dogs-The Monks of New Skete 2017-09-12 America's foremost authorities on dog care and training distill decades of experience in a comprehensive "foundational" guide for dog owners. No matter what training method or techniques you use with your dog, the training is unlikely to be optimally successful unless it is predicated on an understanding of the dog's true nature. Dogs need food, water, exercise and play, rest, veterinary care—the basics. But since dogs naturally want to be led, they also need focused and compassionate guidance. Through abundant stories and case studies, the authors reveal how canine nature manifests itself in various behaviors, some potentially disruptive to domestic accord, and show how in addressing these behaviors you can strengthen the bond with your dog as well as keep the peace. The promise of this book is that, especially in an ever-accelerating world filled with digital distractions, you can learn from your dog's example how to live in the moment, thereby enriching your life immeasurably.

People are already throwing out names like Mitch Rapp and Alex Cross, but don't take my word for it. See what all the fuss is about before Archer becomes a household name! After witnessing the murder-suicide of his parents as a child, Noah suffers from a form of PTSD that has left him without emotion, without a conscience and without the ability to function as a normal human being. With the help of childhood friends, he learns to watch others around him and mimic their behaviors, in order to conceal the fact that his mind operates more like a computer that he has spent years programming. That program is what allows Noah to pass himself off as normal, by establishing parameters of right and wrong that are completely inviolable to him. As a young adult, Noah finds structure in the U.S. Army, and becomes an excellent and exemplary soldier, but when his self-imposed programming is put to the test by the murderous acts of the superior officer, Noah finds himself quickly made expendable, charged with crimes he did not commit and facing the possibility of execution. Without any reasonable hope for a reprieve, Noah's logic-based mind accepts his fate. Sometimes, though, things are not all as they seem to be, and Noah is offered one chance to save himself. It was his disability, his lack of emotion, that made him the soldier he had become. Now, an ultrasecret organization known as E & E wants Noah's talents, offering him a chance to survive... Into the Light-Tara Marks 2016-04-26 Book 1 of 3- A contemporary fiction novel that touches on many different genres- fantasy, suspense, historical and more. Great for YA/Adult readers. This book is filled with thought provoking imagery that will change your view of people in your life. Books 2 & 3 to be released soon. If you had the ability to change someone's fate would you? Excerpt: Vivid dreams plagued me throughout the night; I could only vaguely remember the earlier ones, but the last nightmare had woken me abruptly this morning leaving me gasping for air. It had started simply enough, I was walking through a long meadow, my hands outstretched, brushing the waist high grass. The sun was warm on my face. It was summertime, and I wore a thin blue cotton dress adorned with tiny white flowers, wide straps across my shoulders, the material tickling my calves. My hair was long and caught in a warm breeze, the chocolate brown tendrils spinning like a kite tail behind me. Gabriel materialized in the field, his blue eyes matching the bright sky. His smile was mesmerizing, his skin glowing. It was a radiant shine that brightened the day even more. He wore brown pants and a plain white cotton shirt with no collar that was open at the throat as if the clothes were from a different time. When I noticed him, his hands reached for me. I started towards his direction, slowly at first and then picking up speed. The grass swished around me, and it was soft under my bare feet. The faster I went the further away he was. He encouraged me, "Run, Jenna." I smiled and tried to sprint. My foot became tangled in the grass, and I spilled forward, twisting, and the meadow cushioned my fall. He was beside me in an instant, catching my head before it hit the earth. His right hand grabbed mine, clutching it to his chest in a tender embrace. Gabriel's face was over the top of mine, a concerned worry pulling his mouth into a frown. I dissolved into a fit of giggles, and he laughed with me. He stared at me with such a longing; I shivered even now. Gabriel's expression became serious, and before I could question him, he kissed me. I relished his warm lips as they push against mine, capturing the moment like a photograph in my head. He pressed harder and then pulled away quickly. When I opened my eyes his gaze was still upon me, but his features were now dark, and his crystal irises clouded with worry. He whispered, "Run, Jenna." Suddenly I found the pasture empty; Gabriel was nowhere in sight and in my hand there was a strange coin. Frightened, I tried to shout for him, but I couldn't form any words. The green grass suddenly faded to grey and then to bare dirt. Surveying my surroundings, I was shocked to find that I was in the middle of a cemetery with tombstones sticking at awkward angles out of the ground. A scream froze in my throat as I stumbled to my feet. My dress was dirty, and my feet caked with soil. I stumbled along, angry raindrops falling from a threatening sky. The field was filled with hundreds of memorials, and I ran, weaving between them, careful not to touch a single granite stone. Ahead of me was a large tree, thick and black, ominous. Under it, I could barely make out a figure in the pouring rain. As I got closer, I swore it was my father's stature, facing away from me. I moved towards it, trying to make it to safety as lightning cracked overhead. Mud flung from my feet, leaving spotted dots on my dress but I didn't care. My slick, dirty hand grasped the token, my hair now soaked. I came to stop outside of the perimeter of the tree, a distinct line between wet and dry, like a waterfall with shelter behind it. I stood trembling, the rain coming down in sheets, the body just out of reach. I took a breath and reached through the water curtain touching the person's arm. As they turned, I gasped...

Sanctuary-Tanith Frost 2017-07-25 Ancient feuds shift into uncertain alliances when murder threatens the secrecy of the supernatural world. Pushing papers at a werewolf sanctuary is the least appealing assignment Aviva could have wished for. It's the bottom rung of the career ladder for a vampire, a job that will leave her isolated from most of her kind as she watches over members of a species whose very existence threatens the secrecy of the supernatural world. Her only consolation is the promise of peace, quiet, and a chance to impress the elders over the course of an easy assignment. After all, the werewolves may be troublesome, but they've kept their own secrets for a century. But the situation at the sanctuary is not what she expected, and Aviva's hopes of easy success are quickly dashed. Age-old tensions between vampires and werewolves come to a head when a human in a nearby village is found brutally murdered and suspicion lands squarely on the sanctuary's supernatural inhabitants. When the pack leaders refuse to turn the killer in to face justice, Aviva knows her elders will do anything to keep their world safe from humans, even if it means wiping out the werewolves for good. With the help of a mistrustful female and a relentlessly tempting alpha male, it will be up to Aviva to overcome the instinctive hatred between their species and catch a murderer before the human world takes notice-and before the sanctuary turns into a battleground.

Healing a Wounded Worshipper-Rodney Willia 2014-01-27 The need for healthy leadership in today's society has placed a major demand on the body of Christ to raise sober individuals who function from a kingdom Paradigm. In order to be assured that one is readily equipped with what's needed a daily assessment must be taken. Healing a wounded worshipper was written by the hand of the healed to connect with the hurt and restore the hearts of many. As you read this book I pray your eyes become open to cycles of failure and disappointment used by the enemy to abort your purpose. I decree the mysteries of God are revealed and cause both healing and comfort to the reader. Blessings Prophet Rodney Williams Sr.
