The Tiger-John Vaillant 2010-08-24 It's December 1997, and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. As the trackers sift through the gruesome remains of the victims, they discover that these attacks aren't random: the tiger is apparently engaged in a vendetta. Injured, starving, and extremely dangerous, the tiger must be found before it strikes again. As he re-creates these extraordinary events, John Vaillant gives us an unforgettable portrait of this spectacularly beautiful and mysterious region. We meet the native tribes who for centuries have worshipped and lived alongside tigers, even sharing their kills with them. We witness the arrival of Russian settlers in the nineteenth and early twentieth centuries, soldiers and hunters who greatly diminished the tiger populations. And we come to know their descendants, who, crushed by poverty, have turned to poaching and further upset the natural balance of the region. This ancient, tenuous relationship between man and predator is at the very heart of this remarkable book. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters, and how early Homo sapiens may have fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator that can grow to ten feet long, weigh more than six hundred pounds, and range daily over vast territories of forest and mountain. Beautifully written and deeply informative, *The Tiger* circles around three main characters: Vladimir Markov, a poacher killed by the tiger; Yuri Trush, the lead tracker; and the tiger himself. It is an absolutely gripping tale of man and nature that leads inexorably to a final showdown in a clearing deep in the taiga.

The Tiger-John Vaillant 2010-08-24 It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

Tiger Force-Michael Sallah 2006-05-15 At the outset of the Vietnam War, the Army created an experimental fighting unit that became known as "Tiger Force." The Tigers were to be made up of the cream of the crop-the very best and bravest soldiers the American military could offer. They would be given a long leash, allowed to operate in the field with less supervision. Their mission was to seek out enemy compounds and hiding places so that bombing runs could be accurately targeted. They were to go where no troops had gone, to become one with the jungle, to leave themselves behind and get deep inside the enemy's mind. The experiment went terribly wrong. What happened during the seven months Tiger Force descended into the abyss is the stuff of nightmares. Their crimes were uncountable, their madness beyond imagination-so much so that for almost four decades, the story of Tiger Force was covered up under orders that stretched all the way to the White House. Records were scrubbed, documents were destroyed, men were told to say nothing. But one person didn't follow orders. The product of years of investigative reporting, interviews around the world, and the discovery of an astonishing array of classified information, *Tiger Force* is a masterpiece of journalism. Winners of the Pulitzer Prize for their *Tiger Force* reporting, Michael Sallah and Mitch Weiss have uncovered the last great secret of the Vietnam War.

No Beast So Fierce-Dane Huckelbridge 2019-02-05 The astonishing true story of the man-eating tiger that claimed a record 437 human lives "Thrilling. Fascinating. Exciting." —Wall Street Journal • "Riveting. Haunting." —Scientific American Nepal, c. 1900: A lone tigress began stalking humans, moving like a phantom through the lush foothills of the Himalayas. As the death toll reached an astonishing 436 lives, a young local hunter was dispatched to stop the man-eater before it struck again. This is the extraordinary true story of the "Champawat Man-Eater," the deadliest animal in recorded history. One part pulse-pounding thriller, one part soulful natural history of the endangered Royal Bengal tiger, *No Beast So Fierce* is Dane Huckelbridge's gripping nonfiction account of the Champawat tiger, which terrified northern India and Nepal from 1900 to 1907, and Jim Corbett, the legendary hunter who pursued it. Huckelbridge's masterful telling also reveals that the tiger, Corbett, and the forces that brought them together are far more complex and fascinating than a simple man-versus-beast tale. At the turn of the twentieth century as British rule of India tightened and bounties were placed on tiger's heads, a tigress was shot in the mouth by a poacher. Injured but alive, it turned from its usual hunting habits to easier prey—humans. For the next seven years, this man-made killer terrified locals, growing bolder with every kill. Colonial authorities, desperate for help, finally called upon Jim Corbett, a then-unknown railroad employee of humble origins who had grown up hunting game through the hills of Kumaon. Like a detective on the trail of a serial killer, Corbett tracked the tiger's movements in the dense, hilly woodlands—meanwhile the animal shadowed Corbett in return. Then, after a heartbreaking new kill of a young woman whom he was unable to protect, Corbett followed the gruesome blood trail deep into the forest where hunter and tiger would meet at last. Drawing upon on-the-ground research in the Indian Himalayan region where he retraced Corbett's footsteps, Huckelbridge brings to life one of the great adventure stories of the twentieth century. And yet Huckelbridge brings a deeper, more complex story into focus, placing the episode into its full context for the first time: that of colonialism's disturbing impact on the ancient balance between man and tiger; and that of Corbett's own evolution from a celebrated hunter to a principled conservationist who in time would earn fame for his devotion to saving the Bengal tiger and its habitat. Today the Corbett Tiger Reserve preserves 1,200 km of wilderness; within its borders is Jim Corbett National Park, India's oldest and most prestigious national park and a vital haven for the very animals Corbett once hunted. An unforgettable tale, magnificently

told, *No Beast So Fierce* is an epic of beauty, terror, survival, and redemption for the ages.

The Golden Spruce-John Vaillant 2009-03-18 *The Golden Spruce* is the story of a glorious natural wonder, the man who destroyed it, and the fascinating, troubling context in which his act took place. A tree with luminous glowing needles, the golden spruce was unique and, biologically speaking, should never have reached maturity; Grant Hadwin, the man who cut it down, was passionate, extraordinarily well-suited to wilderness survival, and to some degree unbalanced. But as John Vaillant shows, the extraordinary tree stood at the intersection of contradictory ways of looking at the world; the conflict between them is one reason it was destroyed. Taking in history, geography, science and spirituality, this book raises some of the most pressing questions facing society today. The golden spruce stood in the Queen Charlotte Islands (Haida Gwaii), an unusually rich ecosystem where the normal lines between species blur. Without romanticizing, Vaillant shows that this understanding is typified by the Haida, the native people who have lived there for millennia, and for whom the golden spruce was an integral part of their history and mythology. But seen a different way, the golden spruce stood in block 6 of Tree Farm License 39. Grant Hadwin had worked as a remote scout for timber companies. But over time Hadwin was pushed into a paradox: the better he was at his job, the more the world he loved was destroyed. On January 20, 1997, with the temperature near zero, Hadwin swam across the Yakoun River with a chainsaw. He tore into the golden spruce, leaving it so unstable that the first wind would push it over. A few weeks later, Hadwin set off in a kayak across the treacherous Hecate Strait to face court charges. He has not been heard from since. Vaillant describes Hadwin's actions in engrossing detail, but also provides the complex environmental, political and economic context in which they took place. *The Golden Spruce* forces one to ask: can the damage our civilization exacts on the natural world be justified?

The Tiger Cubs and the Chimp-Dr. Bhagavan Antle 2013-11-05 When two baby white tigers on an animal preserve get into trouble during a storm, they are taken in by a human animal worker named China and her helper, a chimpanzee named Anjana. China and Anjana soon become the tigers' mothers, playing and cuddling with the cubs as they grow big and strong. Set on a preserve for endangered animals, The Institute of Greatly Endangered and Rare Species (T.I.G.E.R.S.), Anjana's amazing true story showcases her surprising love for two adorable tiger cubs.

Civil War Stories (Book Center Editions)-Ambrose Bierce 2017-06-19

Newspaperman, short-story writer, poet, and satirist, Ambrose Bierce (1842-1914) is one of the most striking and unusual literary figures America has produced. Dubbed "Bitter Bierce" for his vitriolic wit and biting satire, his fame rests largely on a celebrated compilation of barbed epigrams, *The Devil's Dictionary*, and a book of short stories (*Tales of Soldiers and Civilians*, 1891). Most of the 16 selections in this volume have been taken from the latter collection. The stories in this edition include: "What I Saw at Shiloh," "A Son of the Gods," "Four Days in Dixie," "One of the Missing," "A Horseman in the Sky," "The Coup de Grace," "An Occurrence at Owl Creek Bridge," "The Story of Conscience," "One Kind of Officer," "Chickamauga," and five more. Bierce's stories employ a buildup of suggestive realistic detail to produce grim and vivid tales often disturbing in their mood of fatalism and impending calamity. Hauntingly suggestive, they offer excellent examples of the author's dark pessimism and storytelling power.

Soul of a Tiger-Sreyreath Kuy 2013-10 Cha-Cha is as stubborn as a child can be; which are both a blessing and a curse for the young girl who lives in a rural community in Cambodia. Her spirited nature is no match for her old-fashioned father's ways of thinking, as he believes that women should marry and become caretakers to their husbands. Determination prevails, as Cha-Cha's mother goes out of her way to ensure her daughter's opportunity for an education. However, just as Cha-Cha begins to enjoy the fruits of her pursuit of an education, the entire country of Cambodia hits a political crisis. The bloody war with the Khmer Rouge is lost, resulting in their takeover of the entire country. Their quest is a savage one, they kill the most affluent citizens, including anyone who works for the government, school system, military or persons of education and influence. The elite become the third class citizens of society and subsequently; the first to be killed. Cha-Cha must now hide with her family for four long and gruesome years. Her elderly mother, two toddlers and husband encounter many miracles and survive incredible obstacles throughout every step of their journey. The book follows her struggles during the genocide in Cambodia. Her quick wits, and the miracles along the way, save her life many times. She escapes to Thailand, is wounded by a bomb, then gets the opportunity to come to the United States. *Soul of a Tiger* tells the true story of one woman's courage, hopes, and her faith.

The Jaguar's Children-John Vaillant 2015-01-27 This "extraordinary" novel of one man's border crossing reveals "a human history of sorrow and suffering, all of it beginning with the thirst to be free" (NPR). Héctor is trapped. The water truck, sealed to hide its human cargo, has broken down. The coyotes have taken all the passengers' money for a mechanic and have not returned. Héctor finds a name in his friend César's phone: AnniMac. A name with an American number. He must reach her, both for rescue and to pass along the message César has come so far to deliver. But are his messages going through? Over four days, as water and food run low, Héctor tells how he came to this desperate place. His story takes us from Oaxaca—its rich culture, its rapid change—to the dangers of the border, exposing the tangled ties between Mexico and El Norte. And it reminds us of the power of storytelling and the power of hope, as Héctor fights to ensure his message makes it out of the truck and into the world. Both an outstanding suspense novel and an arresting window into the relationship between two great cultures, *The Jaguar's Children* shows how deeply interconnected all of us are. "This is what novels can do—illuminate shadowed lives, enable us to contemplate our own depths of kindness, challenge our beliefs about fate. Vaillant's use of fact to inspire fiction brings to mind a long list of powerful novels from the past decade or so: *What Is the What* by Dave Eggers; *The Map of Love* by Ahdaf Soueif; *The Storyteller* by Jodi Picoult." —Amanda Eyre Ward, *The New York Times Book Review* "[A] heartbreaker . . . Wrenching . . . with a voice fresh and plangent enough to disarm resistance." —*The Boston Globe* "Fearless." —*The Globe and Mail*

Tiger Rescue-Louisa Leaman 2017-09-07 Every year Born Free helps hundreds of animals around the world. This is the story of one of their incredible rescues ... During an undercover investigation, Born Free rescued five month-old tiger Roque from a pet shop in Barcelona. On completion of the Bannerghatta sanctuary in 2002, Roque was re-homed to India. Almost immediately, the friendly, outgoing youngster showed signs of the wild tiger he might once have been.

Tiger Woods-Jeff Benedict 2019-04-02 Soon to be an HBO documentary from Academy Award-winning producer Alex Gibney *The #1* *New York Times* bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods's life—this "comprehensive, propulsive...and unsparing" (*The New Yorker*) biography is "an ambitious 360-degree portrait of golf's most scrutinized figure...brimming with revealing details" (*Golf Digest*). In 2009, Tiger Woods was the most famous

athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf’s most blazing talent” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods’s life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “chosen one,” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come. “Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (The Wall Street Journal). Ultimately, Tiger Woods is “a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure” (The New York Times).

The Tiger's Wife-Tea Obreht 2011-11-01 Struggling to understand why her beloved grandfather left his family to die alone in a field hospital far from home, a young doctor in a war-torn Balkan country takes over her grandfather's search for a mythical ageless vagabond while referring to a worn copy of Rudyard Kipling's "The Jungle Book."

Tiger, Tiger-Margaux Fragoso 2011-03-01 A Washington Post Notable Nonfiction Book for 2011 A Globe and Mail Best Books of the Year 2011 Title Tiger, Tiger is a Publishers Weekly Best Nonfiction title for 2011 A Kirkus Reviews Best Nonfiction of 2011 title One summer day, Margaux Fragoso meets Peter Curran at the neighborhood swimming pool, and they begin to play. She is seven; he is fifty-one. When Peter invites her and her mother to his house, the little girl finds a child's paradise of exotic pets and an elaborate backyard garden. Her mother, beset by mental illness and overwhelmed by caring for Margaux, is grateful for the attention Peter lavishes on her, and he creates an imaginative universe for her, much as Lewis Carroll did for his real-life Alice. In time, he insidiously takes on the role of Margaux's playmate, father, and lover. Charming and manipulative, Peter burrows into every aspect of Margaux's life and transforms her from a child fizzing with imagination and affection into a brainwashed young woman on the verge of suicide. But when she is twenty-two, it is Peter—ill, and wracked with guilt—who kills himself, at the age of sixty-six. Told with lyricism, depth, and mesmerizing clarity, Tiger, Tiger vividly illustrates the healing power of memory and disclosure. This extraordinary memoir is an unprecedented glimpse into the psyche of a young girl in free fall and conveys to readers—including parents and survivors of abuse—just how completely a pedophile enchants his victim and binds her to him.

Ivan: The Remarkable True Story of the Shopping Mall Gorilla-Katherine Applegate 2014-10-07 In a spare, powerful text and evocative illustrations, the Newbery medalist Katherine Applegate and the artist G. Brian Karas present the extraordinary real story of a special gorilla. Captured as a baby, Ivan was brought to a Tacoma, Washington, mall to attract shoppers. Gradually, public pressure built until a better way of life for Ivan was found at Zoo Atlanta. From the Congo to America, and from a local business attraction to a national symbol of animal welfare, Ivan the Shopping Mall Gorilla traveled an astonishing distance in miles and in impact. This is his true story and includes photographs of Ivan in the back matter.

The Forgotten Dead-Ken Small 2018-06-28 27 April 1944. Exercise Tiger. German E-boats intercept rehearsals for the D-Day landings... On a dark night in 1944, a beautiful stretch of the Devon coast became the scene of desperate horror. Tales began to leak out of night-time explosions and seaborne activity. This was practice for Exercise Tiger, the main rehearsal for the Utah Beach landings... This fiasco, in which nearly 1,000 soldiers died, was buried by officials until it was almost forgotten. That is, until Ken Small discovered the story, and decided to dedicate the rest of his life to honouring the brave young men who perished in the disastrous exercise. Pulling a Sherman tank from the seabed, Ken created a memorial to those who died and started to share their story, and his, with the world. This updated edition of a bestselling classic is a gripping tale of wartime disaster and rescue in the words of the soldiers who were there, and of one man's curiosity that turned into a fight to ensure that they would never be forgotten.

The Tiger Rising-Kate DiCamillo 2009-09-08 A National Book Award finalist by Newbery Medalist Kate DiCamillo. Walking through the misty Florida woods one morning, twelve-year-old Rob Horton is stunned to encounter a tiger—a real-life, very large tiger—pacing back and forth in a cage. What's more, on the same extraordinary day, he meets Sistine Bailey, a girl who shows her feelings as readily as Rob hides his. As they learn to trust each other, and ultimately, to be friends, Rob and Sistine prove that some things—like memories, and heartache, and tigers—can't be locked up forever. Featuring a new cover illustration by Stephen Walton and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.

Cubs in the Tub-Candace Fleming 2020-08-04 Fred and Helen Martini longed for a baby, and they ended up with dozens of lion and tiger cubs! Snuggle up to this purr-fect read aloud about the Bronx Zoo's first female zoo-keeper. When Bronx Zoo-keeper Fred brought home a lion cub, Helen Martini instantly embraced it. The cub's mother lost the instinct to care for him. "Just do for him what you would do with a human baby," Fred suggested...and she did. Helen named him MacArthur, and fed him milk from a bottle and cooed him to sleep in a crib. Soon enough, MacArthur was not the only cub bathed in the tub! The couple continues to raise lion and tiger cubs as their own, until they are old enough to return them to zoos. Helen becomes the first female zookeeper at the Bronx zoo, the keeper of the nursery. This is a terrific non-fiction book to read aloud while snuggling up with your cubs! Filled with adorable baby cats, this is a story about love, dedication, and a new kind of family. Gorgeously patterned illustrations by Julie Downing detail the in-home nursery and a warm pallet creates a cozy pairing with Candace Fleming's lovely language. Backmatter includes a short biography of Helen Martini and a selected bibliography. A Junior Library Guild Selection!

Tiger-Tiger, Is It True?-Byron Katie 2009-11-15 Tiger-Tiger, Is It True? is a story about a little tiger who thinks that his whole world is falling apart: his parents don't love him, his friends have abandoned him, and life is unfair. But a wise turtle asks him four questions, and everything changes. He realizes that all his problems are not caused by things, but by his thoughts about things; and that when he questions his thoughts, life becomes wonderful again. This is a heartwarming story with a powerful message that can transform the lives of even very young children. Byron

Katie's wisdom-filled words and Hans Wilhelm's vivid, magical illustrations combine to make a book that will become one of the classics of children's literature.

American Radical-Tamer Elnoury 2017-10-23 THE NEW YORK TIMES BESTSELLER The explosive memoir of a Muslim American FBI agent fighting terror from the inside. It's no secret that federal agencies are waging a broad, global war against terror. But for the first time in this memoir, an active Muslim American federal agent reveals his experience infiltrating and bringing down a terror cell in North America. A longtime undercover agent, Tamer Elnoury joined an elite counterterrorism unit after September 11. Its express purpose is to gain the trust of terrorists whose goals are to take out as many Americans in as public and as devastating a way possible. It's a furious race against the clock for Tamer and his unit to stop them before they can implement their plans. Yet as new as this war still is, the techniques are as old as time: listen, record, and prove terrorist intent. Due to his ongoing work for the FBI, Elnoury writes under a pseudonym. An Arabic-speaking Muslim American, a patriot, a hero: To many Americans, it will be a revelation that he and his team even exist, let alone the vital and dangerous work they do keeping all Americans safe.

Tigers In Red Weather-Ruth Padel 2009-05-26 Poet, writer, and descendant of Charles Darwin, Ruth Padel set out to visit a tropical jungle and wildlife sanctuary in India-- and her visit turned into a remarkable two-year journey through eleven countries in search of that most elusive and most beautiful animal: the tiger. Armed with her grandmother's opera glasses and Tunisian running shoes, she set off across Asia to ask the question: can the tiger be saved from extinction in the wild? Tigers are an "umbrella species", they need everything in the forest to work in tandem: they eat deer, the deer need vegetation, the vegetation has to be pollinated by birds, mammals, rodents and butterflies. If you save the tiger, you save everything else. Today, the 5,000 tigers that still survive in the wild live only in Asia and are scattered throughout 14 countries. Padel says that while tigers will never become extinct-they are too popular for that-they may disappear from the wild. There are as many tigers in cages in the US as there are surviving tigers in the wild. As she travels she meets the defenders of the wild-the heroic scientists, forest guards and conservationists at the frontline, fighting to save tigers and their forests from destruction in the places where poverty threatens to wipe out all wildlife. She also examines her fascination (both as a poet and as the great-great-granddaughter of Charles Darwin) with nature, wildness and survival and in the end, becomes a knowledgeable advocate for the tiger. The result is a beautiful blend of natural history, travel literature and memoir, and a searing, intimate portrait of an animal we have loved and feared almost to extinction.

The Tiger's Child-Torey Hayden 1996-05-01 What ever became of Sheila? When special-education teacher Torey Hayden wrote her first book One Child almost two decades ago, she created an international bestseller. Her intensely moving true story of Sheila, a silent, profoundly disturbed little six-year-old girl touched millions. From every corner of the world came letters from readers wanting to know more about the troubled child who had come into Torey Hayden's class as a "hopeless case," and emerged as the very symbol of eternal hope within the human spirit. Now, for all those who have never forgotten this endearing child and her remarkable relationship with her teacher, here is the surprising story of Sheila, the young woman.

The Moth and the Mountain-Ed Caesar 2020-11-17 An extraordinary true story about one man's attempt to salve the wounds of war and save his own soul through an audacious adventure. In the 1930s, as official government expeditions set their sights on conquering Mount Everest, a little-known World War I veteran named Maurice Wilson conceives his own crazy, beautiful plan: he will fly a plane from England to Everest, crash-land on its lower slopes, then become the first person to reach its summit—all utterly alone. Wilson doesn't know how to climb. He barely knows how to fly. But he has the right plane, the right equipment, and a deep yearning to achieve his goal. In 1933, he takes off from London in a Gipsy Moth biplane with his course set for the highest mountain on earth. Wilson's eleven-month journey to Everest is wild: full of twists, turns, and daring. Eventually, in disguise, he sneaks into Tibet. His icy ordeal is just beginning. Wilson is one of the Great War's heroes, but also one of its victims. His hometown of Bradford in northern England is ripped apart by the fighting. So is his family. He barely survives the war himself. Wilson returns from the conflict unable to cope with the sadness that engulfs him. He begins a years-long trek around the world, burning through marriages and relationships, leaving damaged lives in his wake. When he finally returns to England, nearly a decade after he first left, he finds himself falling in love once more—this time with his best

friend's wife—before depression overcomes him again. He emerges from his funk with a crystalline ambition. He wants to be the first man to stand on top of the world. Wilson believes that Everest can redeem him. This is the tale of an adventurer unlike any you have ever encountered: complex, driven, wry, haunted, and fully alive. He is a man written out of the history books—dismissed as an eccentric, and gossiped about because of rumors of his transvestism. The Moth and the Mountain restores Maurice Wilson to his rightful place in the annals of Everest and tells an unforgettable story about the power of the human spirit in the face of adversity.

Tiger Time-Kama Einhorn 2019-10-29 Go inside Wild Animal Sanctuary in Colorado, where you will meet a tiger named Kamal, one of 500 animals who has been rescued and now lives in safety. Includes full-color photos, graphics, and maps. Meet Kamal! He's a tiger, and a resident of Wild Animal Sanctuary (WAS) in Colorado, along with 500 other big animals. Most of these animals have never lived in the wild. They've come from roadside zoos, entertainment facilities, and even people's homes! But even though a tiger can be super adorable as a baby, big (and little) tigers should never be pets. That's where WAS steps in. Since 1980, WAS has rescued and cared for lions, tigers, bears, leopards, jaguars, mountain lions, and some smaller carnivores such as wolves, bobcats, lynxes, foxes, and coyotes. There are also alpacas and horses, a few emus, several ostriches, one porcupine, one raccoon, and one camel! While it may sound amazing to be surrounded by all these incredible animals of all shapes and sizes, the animals have often come from terrible situations, and lack instincts that would keep them alive if they were able to live where they belong. They have been malnourished, declawed, not properly vetted. They don't know how to hunt, have never been able to mate (or have mated too much), and, most of all, have no trust in humans. The staff at WAS changes all of that, slowly but surely, getting animals like Kamal the tiger healthy, trusting, and safe again—and as close to wild as they can be. Tigers are very smart, loyal, and independent; Kamal was living in a dog crate with a man in a trailer, posing for pictures. It was no way for a tiger to live. Now Kamal has a habitat with tall prairie grass and a pond the size of a football field. It may not be the wild, but WAS is as close to perfect as it gets.

Tiger in Trouble-Kelly Milner Halls 2012 Describes how a blind tiger, an albino bat, and three monkeys were brought back to health after being moved to more natural habitats.

The Tiger Claw-Shauna Singh Baldwin 2011-07-27 From the author of What the Body Remembers, an extraordinary story of love and espionage, cultural tension and displacement, inspired by the life of Noor Inayat Khan (code name "Madeleine"), who worked against the Occupation after the Nazi invasion of France. When Noor Khan's father, a teacher of mystical Sufism, dies, Noor is forced to bow, along with her mother, sister and brother, to her uncle's religious literalism and ideas on feminine propriety. While at the Sorbonne, Noor falls in love with Armand, a Jewish musician. Though her uncle forbids her to see him, they continue meeting in secret. When the Germans invade in 1940, Armand persuades Noor to leave him for her own safety. She flees with her family to England, but volunteers to serve in a special intelligence agency. She is trained as a radio operator for the group that, in Churchill's words, will "set Europe ablaze" with acts of sabotage. She is then sent back to Occupied France. Unwavering courage is what Noor requires for her assignment and her deeply personal mission — to re-unite with Armand. As her talisman, she carries her grandmother's gift, an heirloom tiger claw encased in gold. The novel opens in December 1943. Noor has been imprisoned. She begins writing in secret, tracing the events that led to her capture. When Germany surrenders in 1945, her brother Kabir begins his search through the chaos of Europe's Displaced Persons camps to find her. In its portrayal of intolerance, The Tiger Claw eerily mirrors our own times, and progresses with moments of great beauty and white-knuckle tension towards a moving and astonishing denouement.

Life of Pi (Illustrated)-Yann Martel 2007-02-01 "Will the tiger be menacing; will the ocean be threatening; will the island be something out of Frankenstein or will it be an Eden?"—Yann Martel Life of Pi, first published in 2002, became an international bestseller and remains one of the most

extraordinary and popular works of contemporary fiction. In 2005 an international competition was held to find the perfect artist to illustrate Yann Martel's Man Booker Prize-winning novel. From thousands of entrants, Croatian artist Tomislav Torjanac was chosen. This lavishly produced edition features forty of Torjanac's beautiful four-color illustrations, bringing *Life of Pi* to splendid, eye-popping life. Tomislav Torjanac says of his illustrations: "My vision of the illustrated edition of *Life of Pi* is based on paintings from a first person's perspective—Pi's perspective. The interpretation of what Pi sees is intermeshed with what he feels and it is shown through [the] use of colors, perspective, symbols, hand gestures, etc."

The Story of Little Black Sambo-Helen Bannerman 1923-01-01 The jolly and exciting tale of the little boy who lost his red coat and his blue trousers and his purple shoes but who was saved from the tigers to eat 169 pancakes for his supper, has been universally loved by generations of children. First written in 1899, the story has become a childhood classic and the authorized American edition with the original drawings by the author has sold hundreds of thousands of copies. *Little Black Sambo* is a book that speaks the common language of all nations, and has added more to the joy of little children than perhaps any other story. They love to hear it again and again; to read it to themselves; to act it out in their play.

Moon Tiger-Penelope Lively 2007-12-01 Winner of the Man Booker Prize Penelope Lively won Britain's prestigious Booker Prize for this deeply moving, elegantly structured novel. Elderly, uncompromising Claudia Hampton lies in a London hospital bed with memories of life fluttering through her fading consciousness. An author of popular history, Claudia proclaims she's carrying out her last project: a history of the world. This history turns out to be a mosaic of her life, her own story tangled with those of her brother, her lover and father of her daughter, and the center of her life, Tom, her one great love found and lost in war-torn Egypt. Always the independent woman, often with contentious relationships, Claudia's personal history is complex and fascinating. As people visit Claudia, they shake and twist the mosaic, changing speed, movement, and voice, to reveal themselves and Claudia's impact on their world.

Black Friday-S Hussain Zaidi 2014-11-15 On the afternoon of 12 March 1993, a series of explosions cut a swathe of terror and destruction through Bombay. The toll: 257 killed or missing, 713 injured, and a city in a shambles. In *Black Friday*, S. Hussain Zaidi takes us into the heart of the conspiracy which spanned several countries and the massive investigation that ensued. A product of four years of meticulous research, the book gives chilling insights into the criminal mind, through interviews with close associates of Dawood Ibrahim and Tiger Memon, among others. The characters we meet are compelling: the terrorists, the corrupt law enforcement agents who abetted the plot, the investigators who would stop at nothing, and, above all, the people of Bombay of whose resilient spirit this book is a celebration. Riveting and incisive, *Black Friday* reveals the true dimensions of a horrific tragedy which shook the nation.

Battle Hymn of the Tiger Mother-Amy Chua 2011-12-06 A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it... Amy Chua's daughters, Sophia and Louisa (Lulu) were polite, interesting and helpful, they had perfect school marks and exceptional musical abilities. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? *Battle Hymn of the Tiger Mother* is a story about a mother, two daughters, and two dogs. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.

Tigers of the Snow-Jonathan Neale 2002-06-29 The true story of the tragedy and survival on one of the world's most dangerous mountains. In 1922 Himalayan climbers were British gentlemen, and their Sherpa and Tibetan porters were "coolies," unskilled and inexperienced casual laborers.

By 1953 Sherpa Tenzing Norgay stood on the summit of Everest, and the coolies had become the "Tigers of the Snow." Jonathan Neale's absorbing new book is both a compelling history of the oft-forgotten heroes of mountaineering and a gripping account of the expedition that transformed the Sherpas into climbing legends. In 1934 a German-led team set off to climb the Himalayan peak of Nanga Parbat, the ninth highest mountain on earth. After a disastrous assault in 1895, no attempt had been made to conquer the mountain for thirty-nine years. The new Nazi government was determined to prove German physical superiority to the rest of the world. A heavily funded expedition was under pressure to deliver results. Like all climbers of the time, they did not really understand what altitude did to the human body. When a hurricane hit the leading party just short of the summit, the strongest German climbers headed down and left the weaker Germans and the Sherpas to die on the ridge. What happened in the next few days of death and fear changed forever how the Sherpa climbers thought of themselves. From that point on, they knew they were the decent and responsible people of the mountain. Jonathan Neale interviewed many old Sherpa men and women, including Ang Tsering, the last man off Nanga Parbat alive in 1934. Impeccably researched and superbly written, *Tigers of the Snow* is the compelling narrative of a climb gone wrong, set against the mountaineering history of the early twentieth century, the haunting background of German politics in the 1930s, and the hardship and passion of life in the Sherpa valleys.

Blind Descent-James M. Tabor 2010-06-15 "Heart-stopping and relentlessly gripping. Tabor takes us on an odyssey into unfathomable worlds beneath us, and into the hearts of rare explorers who will do anything to get there first."—Robert Kurson, author of *ShadowDivers* In 2004, two great scientist-explorers attempted to find the bottom of the world. American Bill Stone took on the vast, deadly Cheve Cave in southern Mexico. Ukrainian Alexander Klimchouk targeted Krubera, a freezing nightmare of a supercave in the war-torn former Soviet republic of Georgia. Both men spent months almost two vertical miles deep, contending with thousand-foot drops, raging whitewater rivers, monstrous waterfalls, mile-long belly crawls, and the psychological horrors produced by weeks in absolute darkness, beyond all hope of rescue. Based on his unprecedented access to logs and journals as well as hours of personal interviews, James Tabor has crafted a thrilling exploration of man's timeless urge to discover—and of two extraordinary men whose pursuit of greatness led them to the heights of triumph and the depths of tragedy. *Blind Descent* is an unforgettable addition to the classic literature of true-life adventure, and a testament to human survival and endurance. "Holds the reader to his seat, containing dangers aplenty with deadly falls, killer microbes, sudden burial, asphyxiation, claustrophobia, anxiety, and hallucinations far underneath the ground in a lightless world. Using a pulse-pounding narrative, this is tense real-life adventure pitting two master cavers mirroring the cold war with very uncommonly high stakes."—Publishers Weekly (starred review) "A fascinating and informative introduction to the sport of cave diving, as well as a dramatic portrayal of a significant man-vs.-nature conflict. . . . What counts is Tabor's knack for maximizing dramatic potential, while also managing to be informative and attentive to the major personalities associated with the most important cave explorations of the last two decades."—Kirkus Reviews

Kook-Peter Heller 2010-07-13 Author of the New York Times bestselling novel *The Dog Stars* With grit, poetry, and humor, Peter Heller, acclaimed author of *The Whale Warriors* recounts his remarkable journey of discovery—of surfing, an entirely new challenge; of the ocean's beauty and power; of the strange surf subculture; of love; and, most of all, of how to seek adventure while crafting a meaningful life. Having resolved to master a big-hollow wave—that is, to go from kook (surfer for beginner) to shredder—in a single year, Heller travels from Southern California down the coast of Mexico in the company of his girlfriend and the eccentric surfers they meet. Exuberant and fearless, Heller explores the technique and science of surfing the secrets of its culture, and the environmental ravages to the stunning coastline he visits. As Heller plumbs the working of his own heart and finds joy in both love and surfing, he affords readers vivid insight into this fascinating world, with all of its perils and pleasures, its absurdity and wonder. Exhilarating, entertaining, and moving, *Kook* is a love story between a man and his surfboard, a man and his girlfriend, a not-so-old man and the sea.
