Lips Unsealed-Belinda Carlisle 2011-04 The former lead singer of the Go-Go's and Nutrisystem spokesperson recounts her career both as a woman band member and solo artist, describing her struggles with sobriety, self-esteem, and spirituality.

Lips Unsealed-Belinda Carlisle 2010-06-01 NEW YORK TIMES BESTSELLER • A spellbinding and shocking look at Belinda Carlisle’s role in forming the Go-Go’s and her rise, fall, and eventual rebirth as a wife, mother, and sober artist “An unflinching look back . . . with heartbreaking honesty and a wry sense of humor.”—USA Today The women of the iconic eighties band the Go-Go’s will always be remembered as they appeared on the back of their debut record: sunny, smiling, each soaking in her own private bubble bath with chocolates and champagne. The photo is a perfect tribute to the fun, irreverent brand of pop music that the Go-Go’s created, but it also conceals the trials and secret demons that the members of the group—in particular, its lead singer, Belinda Carlisle—struggled with on their rise to stardom. Lips Unsealed is Belinda’s story in her own words—from her crazy days on tour with the Go-Go’s to her private problems with abusive relationships, self-esteem, and a thirty-year battle with addiction. Ultimately, it is a love letter to music, the lifelong friendships between the members of the Go-Go’s, the beloved husband and son who led Belinda to sobriety, and a life which, though deeply flawed, was—and is still—fully lived.

Cyndi Lauper: A Memoir-Cyndi Lauper 2012-09-18 Legendary singer, songwriter, actress, and activist Cyndi Lauper offers a personal account of the journey that led her to become an international superstar in this “moving story of an American musical original” (Kirkus Reviews). Icon Cyndi Lauper offers a poignant account of the journey that led her to become an international superstar—from her years growing up in Queens, New York, to the making of enduring hits like “Time After Time,” “Girls Just Want to Have Fun,” and “True Colors,” to becoming an actress, a mother, an outspoken activist, and maintaining a music career that has lasted more than thirty years. After leaving her childhood home at seventeen, Cyndi took on a series of jobs: racetrack hot walker, IHOP waitress, and, as she puts it, “gal Friday the thirteenth,” as she pursued her passion for music. She worked her way up playing small gigs and broke out in 1983 with She’s So Unusual, which earned her a Grammy for Best New Artist and made her the first female artist in history to have four top-five singles on a debut album. And while global fame wasn’t always what she expected, she has remained focused on what matters most. Cyndi is a gutsy real-life heroine who has never been afraid to speak her mind and stick up for a cause—whether it’s women’s rights, gay rights, or fighting against HIV/AIDS. With her trademark warmth and humor, Cyndi fearlessly writes of a life she’s lived only on her own terms, perfect for fans of Patti Smith’s Just Kids and Billy Idol’s Dancing with Myself.

Between a Heart and a Rock Place-Pat Benatar 2011-06-07 For more than thirty years, Pat Benatar has been one of the most iconic women in rock music, with songs like "Heartbreaker," "Hit Me with Your Best Shot," and "Love Is a Battlefield" becoming anthems for generations of fans. Now, in this intimate and uncompromising memoir, one of the bestselling female rock artists of all time shares the story of her extraordinary career, telling the truth about her life, her struggles, and how she won things—her way. From her early days in the New York club scene of the 1970s to headlining sold-out arena tours, Benatar offers a fascinating account of a life spent behind the microphone and speaks candidly about the realities of breaking into the boys' club of rock and roll. Written with the attitude and defiance that embody Pat Benatar's music, Between a Heart and a Rock Place is a rock-and-roll story unlike any other, a remarkable tale of playing by your own rules even if that means breaking a few of theirs.

Baklava for President-K. D. Papandreou 2016-09-28 Excerpts from Baklava for President: "The first clue that a meal was unsavory was our father's claim he was presenting us with a delicacy." "Maybe priests were just as bad at math as Jesus." "Frankly, Homeland Security would be wise to contact our yiaiyas for a diplomacy consult." "Once the egg cracking contest began, we were no longer family-we were soldiers on a battlefield trying to vanquish our adversaries." "When I die, I want to go to Heaven savoring that last, rich, salty bite of spanakopita on my lips." For K. D. Papandreou, growing up in a Greek-American family was a topsy-turvy experience. While breakfast cereal and morning cartoons were allowed on Saturdays, Sundays were always church daze. And trips to Grandma’s house were fun because there was always plenty of spanakopita and honey candies. Still they knew, once they crossed that threshold, that American rules and customs no longer applied. That meant no Oreos, pizza, or TV. It also meant trying to avoid eating tripe stew on the holidays. Luckily, the tooth fairy was a regular visitor, so they had pocket change to spend on gum, chocolate, and other essentials. K. D. has decided to call Baklava for President a memoir so there’s no finger pointing about her childhood recollections. And she’s taken the liberty of cleverly altering everyone’s names so she won’t have to go into the Witness Protection Program after her family reads this. But she knows there is

Walking Through Darkness-Marilyn Shelton 2016-10-24 When twenty-three-year-old school teacher and journalism grad Marilyn Shelton experiences severe insomnia, she rushes to obtain prescription relief. Under the mood altering effects of the prescribed drugs, she is hospitalized, misdiagnosed and told she will need to take addictive medications for the rest of her life just to maintain any semblance of sanity. Fearing the repercussions of going against medical advice, she at first follows these instructions to the tee. But after being mistreated at the hospital, she begins to question the wisdom of authority, especially after witnessing the abuses inflicted upon her by the psychiatric system. After being discharged, defying conventional wisdom, she begins to reconstruct her life and to find her identity, trying out many different roles and occupations in the process and meeting many characters along the way. Shockingly, after discontinuing her psychiatric drugs, she realizes that she remains well and that her state of health may not be a coincidence. It is then that she begins to undergo therapy to resolve the issues that led her to turn to drugs in the first place and to find more natural means of coping with her sleeplessness. In this coming of age story in the era of Prozac, Shelton proves just what happens when you don't follow your doctor's advice.

American Fascism-Will Pool 2017-09-15 In the stream-of-consciousness telling of his political memoir, 90-year-old former history and Russian language instructor Will Pool provides an illuminating long view of the historical forces that have contributed to the erosion of American Democracy and brought us to the present moment. A native son of the Pacific Northwest and a product of the Great Depression and World War II, Will has a unique voice that will rivet the reader from page one, as he unfolds a fascinating first-person narrative of national history intertwined with personal life experience.

Wars of the Weavers-Debrah Anne Nixon 2015-12-10 Wars of the Weavers is Deirdre's memoir. Deirdre was born in Bulawayo in 1965, a week before Prime Minister Ian Smith cut the Rhodesian state's ties with Britain by declaring Unilateral Declaration of Independence. Deirdre is the first of three children born to Beverley who lives with her husband in the house next door to her parents, Nana and Grandpa Weaver. The Weavers are a white Rhodesian family living out their lives in Bulawayo, often gripped by the growing tensions and fears in the land. Beverley, wrapped up in her own problems looks to Grandpa and Nana and to her siblings for the support she needs in raising her children. In the Weaver family, she is the impulsive and irresponsible one; her twin, Dolly, has limited intellectual abilities. Stella is the consistent, stable sister; Dawn, the one with unconventional, rather too-liberal views of the world. Robbie, the young brother is pressured by his father to leave off his reckless, youthful behaviour and volunteer for army service. The small details of family life - its joys, its strains - are played out against the background of the rumbling civil war building in Rhodesia. Socio-political commentary leaks from media broadcasts filtering into the Weaver home, from the bar banter in white social circles and from the ways in which lives are affected and relationships sundered, by the call on white citizens to defend their government's position.

The Option-Karin Stahl 2016-08-04 On September 11, 2002, when many were remembering the senseless loss of life of the previous year, Kristina Stahl's parents were plunged into a personal tragedy of suicide. Their daughter, an All-American athlete, teacher and coach, had taken her own life. As high achievement and striving for perfection turn into performance anxiety, depression and terror, Kristina chooses "the option" of suicide. No one, not her parents, her colleagues, even her closest friends, see the signs, as Kristina was perfect - at masking her anguish. And so the mystery of why and how this could happen compels Kristina's mother to retrace and investigate her daughter's life through the extensive writings she left behind. In this healing and ultimately triumphant memoir, the reader journeys through the days, weeks and years following the heartbreaking loss, piecing together the clues to the depth of Kristina's despair. This memoir of a parent's worst nightmare is deeply moving, written with raw honesty and the relentless pursuit of a mother seeking answers. At times heart-wrenching and warm, humorous and reflective, this poignant memoir engages the reader in a mother's search to find her daughter's voice, and then her own. Readers will recognize their own grief and losses along the way, while gaining understanding of those struggling with anxiety and the terrifying suicide option no one should choose. A companion book, Silent Warrior: Finding Voice After Suicide, is a collection of Kristina's writings published after her death. Edited by Karin Stahl, Silent Warrior completes the mother-daughter journey.

Fractured Facade-Elena DeRosa 2012-10-19 Marie's peaceful life in Virginia is shattered the moment she receives word from her brother: "I just got a call from a detective. Daddy's dead." Rushing to her family home in Brooklyn, New York, Marie seeks answers to her father's mysterious death only to discover disturbing occurrences and encounter acts of betrayal. After her questions are amplified and suspicions confirmed surrounding her father's ex-girlfriend, Marie becomes frustrated by how oblivious so many had been, and continue to be, to the wily con-artist. Inheriting her father's scheming ex-girlfriend becomes a journey Marie never imagined she'd be forced to travel. Written as memoir, and based on a true story, Fractured Facade is a cautionary tale for anyone concerned about a parent after the loss of their spouse. The survivor, often thrust into an unfamiliar world, can find it quite different from the dating scene of their youth; one where some people create facades to mask their true intentions. Sadly, loneliness can cause an otherwise intelligent person to behave foolishly. "Fractured Facade" is the tale of a father's death, a daughter's life, and a sociopath's vendetta. Author's Note -- Some may find language they deem inappropriate...I don't.

Cuban Seeds-Louis Villalba 2016-12-19 This book is published by Floricanto Press. www.floricantopress.comChelo fled Cuba in search of freedom in 1961. Born in a small village near Havana in 1921, she married Adolfo Llano in 1944. The couple resided in Artemisa, the cradle of the Cuban Revolution of 1959. They came in contact with some of its most prominent leaders and endured the cruel communist tyranny, which ended their prosperity and cut short their bliss. The Llanos left the island empty-handed. Chelo's steel-forged nerves and resourcefulness steered her family to success in their new world. It would have been easier to be a fake revolutionary like Fidel Castro-who used deception and wielded a gun to suppress the free will of his people-than be a real fighter and do what she did day after day. Her life stood out as a monument to Cuban tenacity. History books did not record the events because she had lacked political ambitions and had not tortured or killed anyone. Yet, her anonymity would have been an irreparable loss. When does a memoir become, not only an individual's tale, but a testimony of historical events? When the narration weaves dramatic personal stories within a country's history, and when each historical event as it evolved impacted on people lives and destinies. Louis Villalba's "Cuban Seeds" tells an astonishing tale centered on Chelo, a politically quiet and a towering figure, and the Llanos family, whose struggles against a Communist dictatorship and yearnings for freedom led them to America in 1961. This book is highly recommended. LatinoBooks.Net Louis Villalba was born in Cadiz, Spain, and has resided in the U.S. since 1970. He graduated from the University of Seville, Spain, with a doctor of medicine degree. He completed his training in neurology at the Chicago Medical School, where he taught for thirty years. His passion for literature prompted him to study creative writing at Northwestern University. His first book, The Silver Teacup (Createspace, 2012) or its Spanish version, La Tacita de Plata, contains short stories that take place in his hometown, C♦diz, Spain, shuttling the reader to a different world full of history, human drama, and fantasy. Kirkus Indie Review praised his novel "The Stranger's Enigma" (Createspace, 2014) as "a provocative character study of a man facing a personal and professional crisis." "Afterlife Tracks: Glimpses of the Occult" (Createspace, 2015), his first non-fiction work, narrates his experience with paranormal events in his neurology practice.

Promptings-Kimberly Malkogainnis 2016-11-01 Do you frequently find yourself asking, Why?" This book will, prayerfully, prompt you to see God acting in every circumstance in your life, from the mundane to the monumental; to appreciate that the Creator does, indeed, cause "all things [to] work for good to them that love God, to them who are called according to His purpose." (Romans 8:28) Through prose and poems based on personal experiences, the author shares pieces of her journey through faith-building events. If you have trouble focusing on God and His agenda, this book will sharpen your vision and lead you to reconsider God's purpose for the events in which you may find yourself involved on a daily basis.

Shamanskin-C. W. Russette 2014-02-18 In the supernatural halls of power in the old, dusty forgotten substructures and mansions of Philadelphia there came a whisper one day. The whisper told of an artifact that could control the dead be they vampire or spirit-kind. The two pillars of power, the vampiric House of Brittingham, and the self proclaimed defenders of humanity: the Penumbra Brotherhood, acted with an immediacy almost unheard of for either faction. Both sects needed to find the item before the other because he who holds the shamanskin controls the army of the world's undead. The denizens of Hartshorn, PA, those that sleep above ground and those that do not, know nothing of the hell that is about to rain down on them like Heaven's ejected rebellion. It is a confrontation that will decide the fate of all humankind." Author C.W. Russette takes Horror Adventure to a whole new terrifying level with his debut novel- SHAMANSKIN. Published by Pro Se Productions.

Fifth Child-Lynne Gassel 2016-09-07 How beautifully we imagine our lives are going to turn out when we're young and innocent. The excitement of what's to come is boundless and we can't wait to get older so it can come about. But then life happens and though some of us get the life we expected, many of us don't. What happened? What went wrong? "Should I saver her?" asked Brady, her precious four-year-old son. "No one can save her, sweetheart," I answered. "Only she can save herself." My daughter, who thought she'd be spared from her drug addiction because she gave birth to a child and would devote her life to him, was back on drugs. A riveting story of one family's unspeakable tragedy and triumphant path to recovery.
