Know Your Price-Andre M. Perry 2020-05-19 The deliberate devaluation of Blacks and their communities has had very real, far-reaching, and negative economic and social effects. An enduring white supremacist myth claims brutal conditions in Black communities are mainly the result of Black people's collective choices and moral failings. “That’s just how they are” or “there’s really no excuse”: we’ve all heard those not so subtle digs. But there is nothing wrong with Black people that ending racism can't solve. We haven't known how much the country will gain by properly valuing homes and businesses, family structures, voters, and school districts in Black neighborhoods. And we need to know. Noted educator, journalist, and scholar Andre Perry takes readers on a tour of six Black-majority cities whose assets and strengths are undervalued. Perry begins in his hometown of Wilkinsburg, a small city east of Pittsburgh that, unlike its much larger neighbor, is struggling and failing to attract new jobs and industry. Bringing his own personal story of growing up in Black-majority Wilksburg, Perry also spotlights five others where he has deep connections: Detroit, Birmingham, New Orleans, Atlanta, and Washington, D.C. He provides an intimate look at the assets that should be of greater value to residents—and that can be if they demand it. Perry provides a new means of determining the value of Black communities. Rejecting policies shaped by flawed perspectives of the past and present, it gives fresh insights on the historical effects of racism and provides a new value paradigm to limit them in the future. Know Your Price demonstrates the worth of Black people's intrinsic personal strengths, real property, and traditional institutions. These assets are a means of empowerment and, as Perry argues in this provocative and very personal book, are what we need to know and understand to build Black prosperity.

Know Your Value-Mika Brzezinski 2018-09-25 The bestselling motivational guide that TheAtlantic.com calls “a rallying cry for women to get the money they deserve.” Why are women so often overlooked and underpaid? What are the real reasons men get raises more often than women? How can women ask for--and actually get--the money, the job, the recognition they deserve? Prompted by her own experience as cohost of Morning Joe, Mika Brzezinski asked a wide range of successful women to share the critical lessons they learned while moving up in their fields. Power players such as Facebook's Sheryl Sandberg, Senator Elizabeth Warren, Harvard's Victoria Budson, comedian Susie Essman, and many more shared their surprising personal stories. They spoke candidly about why women are paid less and the pitfalls women face--and play into. Now expanded to address gender dynamics in the #MeToo era, Know Your Value blends compelling personal stories with the latest research on why many women don't negotiate their compensation, why negotiating aggressively usually backfires, and what can be done about it. For any woman who has ever wondered if her desire to be liked can be a liability (yes), if there is a way to reclaim her contribution after it's been co-opted in a meeting (yes), and if there are strategies men use to get ahead that women should too (yes!), Know Your Value provides vital advice to help women be their own best advocates.

The Best Ever Book of Armenian Jokes-Mark Geoffrey Young 2012-09-25 If you've ever heard a Jewish, Italian, Libyan, Catholic, Irish, Mexican, Polish, Belgian, Norwegian, or an Essex Girl, Newfie, Mother-in-Law, or joke aimed at a minority, this book of Armenian jokes is for you. In this not-so-original book, The Best Ever Book of Armenian Jokes; Lots and Lots of Jokes Specially Repurposed for You-Know-Who, Mark Young takes a whole lot of tired, worn out jokes and makes them funny again. The Best Ever Book of Armenian Jokes is so unoriginal, it's original. And, if you don't burst out laughing from at least one Armenian joke in this book, there's something wrong with you. This book has so many Armenian jokes; you won't know where to start. For example: Why do Armenians wear slip-on shoes? You need an IQ of at least 4 to tie a shoelace. *** An evil genie captured an Armenian and her two friends and banished them to the desert for a week. The genie allowed each person to bring one thing. The first friend brought a canteen so he wouldn't die of thirst. The second friend brought an umbrella to keep the sun off. The Armenian brought a car door, because if it got too hot she could just roll down the window! *** Did you hear about the Armenian who wore two jackets when she painted the house? The instructions on the can said: "Put on two coats." *** Why do Armenians laugh three times when they hear a joke? Once when it is told, once when it is explained to them, and once when they understand it. ***

Shattered Residue-Anastasia Bratescu 2016-06-30 I was born in jail but that was just the beginning. I was going through unbearable things for the young age that I was. Feeling like my legs would give out from under me every step I made. Collecting the thoughts from my head with each side walk I walked, stopping at each street I crossed; because at the cross walk, we're taught from a young age to look both ways, that thought instinctively took over until I was safely across the street. I overcame obstacles that I thought would surely be what defeated me. During that, there was never an "Are you okay?," "Whats going on with you?," "Can I come see you?," "Is there something I can do?," "So I heard one side, whats yours?" While I was screaming in my head, "I AM NOT OKAY! WHAT CAN BE DONE?! IS EVERYONE COMPLETELY OBLIVIOUS TO THIS PAIN OR HAVE I HIDDEN IT TOO WELL?" There was never a benefit of the doubt given, never some one to realize the difference between me doing okay and genuinely feeling okay. Never someone to help out if my environment was not conducive for my growth. No blanket of protection for me to be swaddled in. No way out of the Administration for Children Services (ACS) or the system. I've always had good intentions, even if my actions weren't agreed with, they were always justifiable. I was not selfish with love, time or care BUT that's what you get when you think you can save the world. You only end up more broken.
