**Moloka'i**-Alan Brennert 2010-04-01 Young Rachel Kalama, growing up in idyllic Honolulu in the 1890s, is part of a big, loving Hawaiian family, and dreams of seeing the far-off lands that her father, a merchant seaman, often visits. But at the age of seven, Rachel and her dreams are shattered by the discovery that she has leprosy. Forcibly removed from her family, she is sent to Kalaupapa, the isolated leper colony on the island of Moloka'i. In her exile she finds a family of friends to replace the family she's lost: a native healer, Haleola, who becomes her adopted "auntie" and makes Rachel aware of the rich culture and mythology of her people; Sister Mary Catherine Voorhies, one of the Franciscan sisters who care for young girls at Kalaupapa; and the beautiful, worldly Leilani, who harbors a surprising secret. At Kalaupapa she also meets the man she will one day marry. True to historical accounts, Moloka'i is the story of an extraordinary human drama, the full scope and paths of which has never been told before in fiction. But Rachel's life, though shadowed by disease, isolation, and tragedy, is also one of joy, courage, and dignity. This is a story about life, not death; hope, not despair. It is not about the failings of flesh, but the strength of the human spirit.

Jeff meets the Kahuna Woman who freezes pictures of her enemies, the TS who seduces the Chief of Police, the man who refs cock fights in Kaunakakai, the sexy divorcee who lives in the Saddle Room, and the prodigal grandfather who returns to woo Julia. **Murder on Moloka'i**-Chip Hughes 2011-10-01 When Boston heiress Adrienne Ridgely strides into his Honolulu office, Surfing Detective Kai Cooke likes what he sees, but doubts what he hears. Adrienne's sister, environmental activist Sara Ridgely-Parke, plunged to her death from a mule on Moloka'i - the first fatal incident on the soaring cliffs above Kalaupapa's fabled leper colony. Murder, cries Adrienne, perpetrated by Sara's ex-husband, developer J. Gregory Parke. Cooke flies to Moloka'i, tracking tantalizing leads to an unlikely murder that, despite himself, he starts to believe in. Was the mule prodded or spooked or drugged? Did Parke do it for vengeance, or Adrienne for an inheritance, as Parke alleges? Soon Kai uncovers a motive more noxious than either of these - entangling him in the shady dealings of big-time developers, corrupt politicians, and underworld thugs. As he hops from island to island seeking a pivotal clue, the clock ticks down on more than the P.I.'s case or even his own life. The future of Moloka'i itself is at stake. This new edition of the classic Hawaiian mystery concludes with "The Making of MURDER ON MOLOKA'I"-fifty-five pages of previously unpublished excerpts and explanatory notes by the author. These bonus materials give readers a rare glimpse into Chip Hughes' creative process and expand our conception of the Surfing Detective and his Hawai'i. A must for fans of the wave-riding gumshoe!

**The Hawaii Novels**-Alan Brennert 2015-12-15 Alan Brennert's novels set in Hawai'i are spellbinding. A "master of historical fiction" (San Francisco Chronicle), Brennert's storytelling is brimming with warmth, humor, compassion, and vividly realized characters. Moloka'i Rachel Kalama, a spirited seven-year-old Hawaiian girl, dreams of visiting far-off land like her father, a merchant seaman. Then one day a rose-colored mark appears on her skin, and those dreams are stolen from her. Taken from her home and family, Rachel is sent to Kalaupapa, the quarantined leprosy settlement on the island of Moloka'i. Here her life is supposed to end—but instead she discovers it is just beginning. Honolulu Traveling to Hawaii as a "picture bride" in 1914, Regret finds not the affluent young husband and chance at education she'd been promised, but a poor embittered laborer who takes his frustrations out on his new wife. As she makes her own way in this strange land, with the help of three fellow picture brides, she prospers along with her adopted city. But paradise has its dark side, whether it's the struggle for survival in Honolulu's tenements or a crime that will become the most infamous in the island's history.

**Honolulu**-Alan Brennert 2009-03-03 From the bestselling author of the "dazzling historical saga" (The Washington Post), Moloka'i, comes the irresistible story of a young immigrant bride in a ramshackle town that becomes a great modern city "In Korea in those days, newborn girls were not deemed important enough to be graced with formal names, but were instead given nicknames, which often reflected the parents' feelings on the birth of a daughter: I knew a girl named Anger, and another called Pity. As for me, my parents named me Regret." Honolulu is the rich, unforgettable story of a young "picture bride" who journeys to Hawai'i in 1914 in search of a better life. Instead of the affluent young husband and chance at an education that she has been promised, she is quickly married off to a poor, embittered laborer who takes his frustrations out on his new wife. Renaming herself Jin, she makes her own way in this strange land, finding both opportunity and prejudice. With the help of three of her fellow picture brides, Jin prospers along with her adopted city, now growing from a small territorial capital into the great multicultural city it is today. But paradise has its dark side, whether it's the daily struggle for survival in Honolulu's tenements, or a crime that will become the most infamous in the islands' history... With its passionate knowledge of people and places in Hawai'i far off the tourist track, Honolulu is most of all the spellbinding tale of four women in a new world, united by dreams, disappointment, sacrifices, and friendship.

**Nā Kuaʻāina**-Davianna Pōmaikaʻi McGregor 2007-04-30 The word kuaʻāina translates literally as "back land" or "back country." Davianna Pōmaikaʻi McGregor grew up hearing it as a reference to an awkward or unsophisticated person from the country. However, in the context of the Native Hawaiian cultural renaissance of the late twentieth century, kuaʻāina came to refer to those who actively lived Hawaiian culture and kept the spirit of the land alive. The moʻolelo (oral traditions) recounted in this book reveal how kuaʻāina have enabled Native Hawaiians to endure as a unique and dignified people after more than a century of American subjugation and control. The stories are set in rural communities or cultural kīpuka—oases from which traditional Native Hawaiian culture can be regenerated and revitalized. By focusing in turn on an island (Molokaʻi), moku (the districts of Hana, Maui, and Puna, Hawaiʻi), and an ahupuaʻa (Waipiʻio, Hawaiʻi), McGregor examines kuaʻāina life ways within distinct traditional land use regimes. The ʻōlelo noʻeau (descriptive proverbs and poetical sayings) for which each area is famous are interpreted, offering valuable insights into the place and its overall role in the cultural practices of Native Hawaiians. Discussion of the landscape and its settlement, the deities who dwelt there, and its rulers is followed by a review of the effects of westernization on kuaʻāina in the nineteenth century. McGregor then provides an overview of social and economic changes through the end of the twentieth century and of the elements of continuity still evident in the lives of kuaʻāina. The final chapter on Kahoʻolawe demonstrates how kuaʻāina from the cultural kīpuka under study have been instrumental in restoring the natural and cultural resources of the island.

The result is a collection that preserves Hawaii’s social and cultural history through the narratives of the people who lived it—co-workers, neighbors, family members, and friends. An Introduction by Warren Nishimoto and Michi Kodama-Nishimoto provides historical context and information about the selection and collection methods. Photos of the interview subjects accompany each oral history. For further reading, an appendix also provides information about the Center for Oral History’s major projects.

**Nowhere Near Moloka'i**-Gary Chang 2004 Poetry. "Gary Chang has written a first book of complex beauty, made from the mortal darkness in the muzzle of a gun and the glorious gold in the eye of a feral goat's death and resurrection, ferocity, despair, loyalty, and love. In these poems are the big dogs and four-wheel drives that are the apt metaphors for our racial wounds and our most tender affections. This is the real stuff" -- Frank Stewart, By All Means.

Davilyn Ah Chick 2013-05-01 In 1883, King Kalakaua and Queen Kapi'olani of the Kingdom of Hawai'i sent out a plea for "sisters of charity" to care for their people with Hansen's disease (also known as leprosy). **Gap Creek**-Robert Morgan 2012-08-21 A New York Times Bestseller & Oprah's Book Club Pick Young Julie Harmon works “hard as a man,” they say, so hard that at times she’s not sure she can stop. People depend on her to slaughter the hogs and nurse the dying. People are weak, and there is so much to do. At just seventeen she marries and moves down into the valley of Gap Creek, where perhaps life will be better. But Julie and Hank’s new life in the valley, in the last years of the nineteenth century, is more complicated than the couple ever imagined. Sometimes it’s hard to tell what to fear most—the fires and floods or the flesh-and-blood grifters, drunks, and busybodies who insinuate themselves into their new life. To survive, they must find out whether love can keep chaos and madness at bay. Their struggles with nature, with work, with the changing century, and with the disappointments and triumphs of their union make Gap Creek a timeless story of a marriage.

**Light in the Queen’s Garden**-Sandra E. Bonura 2017-10-31 At the end of the 1800s, when Oberlin graduate Ida May Pope accepted a teaching job at Kawaiaha’o Seminary, a boarding school for girls, she couldn’t have imagined it would become a lifelong career of service to Hawaiian women, or that she would become closely involved in the political turmoil soon to sweep over the Kingdom of Hawai’i. Light in the Queen’s Garden offers for the first time a day-by-day accounting of the events surrounding the coup d’état as seen through the eyes of Pope’s young students. Author Sandra Bonura uses recently discovered primary sources to help enliven the historical account of the 1893 Hawaiian Revolution that happened literally outside the school’s windows. Queen Lili’uokalani’s adopted daughter’s long-lost oral history recording; many of Pope’s teaching contemporaries’ unpublished diaries, letters, and scrapbooks; and rare photographs tell a story that has never been told before. Towering royal personages in Hawai’i’s history—King Kalākaua, Queen Lili’uokalani, and Princess Ka’ūlani—appear in the book, as Ida Pope sheltered Hawai’i’s daughters through the frightening and turbulent end of their sovereign nation. Pope was present during the life celebrations of the king, and then his sad death rituals. She traveled with Lili’uokalani on her controversial trip to Kalaupapa to visit Mother Marianne Cope and afflicted pupils. In 1894, with the endorsement of Lili’uokalani and Charles Bishop, Pope helped to establish the Kamehameha School for Girls, funded by the estate of Princess Pauahi Bishop, and became its first principal. Inspired by John Dewey and others, she shaped and reshaped Kamehameha’s curriculum through a process of conflict and compromise. Fired up by the era’s doctrine of social and vocational relevance, she adapted the curriculum to prepare her students for entry into meaningful careers. Lili’uokalani’s daughter, Lydia Aholo, was placed in the school and Pope played a significant role in mothering and shaping her future, especially during the years the queen was fighting to restore her kingdom. As Hawai’i moved into the twentieth century under a new flag, Pope tenaciously confronted the effects of industrialization and the growing concentration of outside economic power, working tirelessly to attain social reforms to give Hawaiian women their rightful place in society.

**Kalaupapa Place Names**-John R. K. Clark 2018-04-30 In Kalaupapa Place Names, John Clark presents a unique history of the leprosy settlement on Moloka’i, based on his meticulous research of more than three hundred Hawaiian-language newspaper articles. He first assembled an extensive list of familiar and long-forgotten place names associated with the Kalaupapa peninsula and then searched for them in the online repository of Hawaiian-language newspapers. With translation assistance by Iāsona Ellinwood and Keao NeSmith, he discovered articles that show a community of Hawaiians from every island except uninhabited Kaho’olawe. Their stories reveal an active community with its members trying to live their lives as normally as possible in the face of a debilitating disease. The first section of the book contains newspaper articles arranged under an alphabetical listing of place names. The second section organizes the material into chronological segments, from before the establishment of the Kalaupapa Settlement to the death of Mother Marianne Cope in 1918. These two sections are followed by a collection of kanikau or lamentations, interviews with Kalaupapa residents, and a list of Hawaiian language newspapers. Introductory paragraphs for groupings of newspaper articles assist the reader in visualizing the physical landscape and understanding the history and significance of a particular location. The poetry of the Hawaiian language is evident throughout the translations, especially in the kanikau.

**The Colony**-John Tayman 2010-05-11 In the bestselling tradition of In the Heart of the Sea, The Colony, “an impressively researched” (Rocky Mountain News) account of the history of America’s only leper colony located on the Hawaiian island of Molokai, is “an utterly engrossing look at a heartbreaking chapter” (Booklist) in American history and a moving tale of the extraordinary people who endured it. Beginning in 1866 and continuing for over a century, more than eight thousand people suspected of having leprosy were forcibly exiled to the Hawaiian island of Molokai -- the longest and deadliest instance of medical segregation in American history. Torn from their homes and families, these men, women, and children were loaded into shipboard cattle stalls and abandoned in a lawless place where brutality held sway. Many did not have leprosy, and many who did were not contagious, yet all were ensnared in a shared nightmare. Here, for the first time, John Tayman reveals the complete history of the Molokai settlement and its unforgettable inhabitants. It's an epic of ruthless manhunts, thrilling escapes, bizarre medical experiments, and tragic, irreversible error. Carefully researched and masterfully told, The Colony is a searing tale of individual bravery and extraordinary survival, and stands as a testament to the power of faith, compassion, and the human spirit.

**Rooftops of Tehran**-Mahbod Seraji 2009 Set in Tehran in 1973, seventeen-year-old Pasha Shahed spends his summer with his best friend planning his future and falls in love with his neighbor Zari, who has been betrothed since birth to another man.

**No Footprints in the Sand**-Henry Kalalahilimoku Nalaeiua 2006 When Henry Nalaeiua was diagnosed with Hansen's disease in 1936 and taken from his home and family, he began a journey of exile that led him to Kalaupapa—the remote settlement with the tragic history on the Hawaiian island of Moloka’i. During its century as a virtual prison, more than 8,000 people were exiled to Kalaupapa, until the introduction of sulfone drugs in the 1940s. Today fewer than 30 patients remain.This is Henry's story—an unforgettable memoir of the boy who grew to build a full and joyous life at Kalaupapa, and still calls it home today. No Footprints in the Sand is one

of only a few memoirs ever shared with the public by a Kalaupapa patient. Its intimacy and candor make it, in the words of Pulitzer Prize-winning poet W.S. Merwin, “a rare and precious human document.” Nalaeiua's story is an inspiring one; despite exile, physical challenges and the severing of family ties, he has faced life—as an artist, musician and historian—with courage, honesty, hope and humor.

North Carolina, 1940: Anna Dale, an artist from New Jersey, wins a national contest to paint a mural for the post office in Edenton, North Carolina. Alone in the world and in great need of work, she accepts. What happened to Anna Dale? Are the clues hidden in the decrepit mural? Can Morgan overcome her own demons to discover what exists beneath the layers of lies? “Chamberlain, a master storyteller, keeps readers hooked, with a story line that leavens history and social commentary with romance and mystery.”—Lexington Dispatch

**Time and Chance**-Alan Brennert 2011-07-05 A classic novel from the bestselling author of Moloka'i and Honolulu Before Alan Brennert became a bestselling author of historical novels, he wrote this lyrical fantasy in the vein of The Time Traveler's Wife. Part love story, part deeply affecting character study, it is a literary tour de force chronicling the parallel lives of two men who were once the same man--until, as the poet Robert Frost wrote, "Two roads diverged in a yellow wood/And sorry I could not travel both/And be one traveler..." Thirteen years ago, Richard Cochrane left his small New England town to pursue his dreams of an acting career. But on some other level of reality there is also a Rick Cochrane, who chose instead to set aside his dreams, marry the woman he loved, and raise a family. Today, neither man is happy with the choice he made--but as their lives, once separated by time and chance, now draw closer together, Richard and Rick are offered another a last chance to discover "the road not taken." Time and Chance displays the same vivid sense of time and place--and the vibrant, memorable characters drawn with compassion, warmth, and humor--that have made the author's historical novels national bestsellers and reading group favorites.
